3:00 P. M. - PUBLIC HEARING - PROPOSALS FOR THE PROVISION OF RIDING STABLE FACILITIES IN GOLDEN GATE PARK

Public notice having been given so that all parties interested in the subject could attend the hearing, the meeting room was filled to capacity. President Sutter requested Commissioner Parr, chairman of the committee on equestrian matters, to conduct the proceedings.

At Commissioner Parr's instruction, the Secretary read the following letters which were ordered entered as a part of the official record:

(a) Commissioner Parr's letter of January 3, 1958 to Supervisor Harold S. Dobbs, Chairman, Finance Committee, Board of Supervisors, advising him of the public hearing which had been called in response to the resolution introduced to the Board of Supervisors by Supervisor McMahon and calling for provision of riding stable facilities in Golden Gate Park. The letter is quoted in part:

"The whole matter is going to be reviewed at a public hearing to be held at McLaren Lodge at 3:00 P.M., Thursday, January 9th, following which the Commission will undoubtedly make a formal recommendation to the Mayor and Finance Committee.

"I have consolidated the suggestions made by a number of interested parties and have endeavored to work out the least expensive plan of development to cover a well-rounded and practical facility.

"Mr. J. Francis Ward, architect, has prepared the map and artist's sketch that we might have something quite definite to present not only as to the layout but the estimated cost thereof.

"The attached plan has the approval, in principle, of President Sutter, General Manager Funke, Supervisor of Maintenance Roy L. Hudson, also the San Francisco Sheriff's Posse, the San Francisco Horsemen's Association, and many other groups."

(b) From Mrs. Emilie Rusch, President, and Mrs. Thomas R. Best, Secretary, Great Highway Club, expressing the Great Highway Club's unalterable opposition to the Board of Supervisors' resolution so far as it refers to placing stables in Golden Gate Park, and stating the reasons therefor:

PUBLIC HEARING - PROPOSALS FOR PROVISION OF RIDING STABLE FACILITIES IN GOLDEN GATE PARK (cont'd)

(1) Alleging that the stables will disturb the park,
(2) That horseback riding is dangerous,
(3) That the stable facilities could be a source of disease,
(4) That property values would be adversely affected, and
(5) That only wealthy folks are seeking to use the park in this project.

The letter proposed the development of riding facilities away from the City.

(c) Letter from J. Max Moore, acting for the President, The Guardsmen, 690 Market Street, strongly urging support and approval of the proposal because it will enable children of the city to learn to enjoy a most important sport and will be a benefit to all the citizenry.

(d) From J. W. Mailliard III, San Francisco Sheriff's Mounted Posse, offering to do whatever the Sheriff's Posse possibly can to make the enterprise a successful one, and stating that they are prepared to furnish a committee of responsible businessmen to oversee the administration of the project if the city should require it.

(e) From Edward V. O'Gara, D.D.S., President-Elect Park-Presidio Civic Club, advising that the Park-Presidio Civic Club has voted full support of the projected stables in Golden Gate Park.

(f) From Eugenia MacGowan, Secretary, Sunset Community Improvement Club, advising that that organization voted as previously its opposition to the proposal.

All of the above communications were made a part of the official Commission records.

Commissioner Parr then outlined in full detail all aspects of the proposal, using the large sketches and plot plans prepared by Mr. J. Francis Ward, Architect, to demonstrate clearly the location, area, and type of facilities to be constructed, including the 240' x 420' turfed field, the bleachers for seating 1250 persons, the four stables containing box-stalls for 120 horses, the two exercise rings, and the 3-unit hay-barns consisting of 1150 square feet. The estimated cost for the entire project is $375,000.00.

Mr. Parr made the following salient points:

(a) The layout has been worked out in cooperation with Roy Hudson at the request of Max G. Funke.

(b) Ray Kimbell, Superintendent of Recreation, states that the matter of stables to meet the needs of young people who are interested in horseback riding is a much needed recreational facility which has been more or less neglected up to the present time insofar as the Recreation and Park Commission is concerned.

(c) The cost of the proposed Recreation Field and Stables would be no greater than an average recreational facility with swimming pool accommodations.

(d) It is not contemplated that there will be a return of capital, no more than from the Park's trails, baseball diamond, or any other recreational facility.

(e) Private stables have met the need up to the present time but they are gradually being closed out and the sale of the St.Francis Riding Academy on Seventh Avenue makes it imperative that something be done to provide the necessary facilities for horseback riding.

(f) The children from the schools, and many others, make up classes that ride in the afternoon up until 6:00 P.M. five days a week, and on Saturdays classes are held approximately every hour from 9:00 A.M. in the morning until 5:00 P.M. in the evening. To

PUBLIC HEARING - PROPOSALS FOR PROVISION OF RIDING STABLE FACILITIES IN GOLDEN GATE PARK (cont'd)

encourage horseback riding by the youth of the City will be an antidote to juvenile delinquency.

(g) Horses have always been an important factor in developing Golden Gate Park. Furthermore, the manure is now hauled to the Park from the St. Francis Riding Academy and stored in large piles for fertilization purposes, and there has never been a complaint from the storage of such manure. If any justifiable complaint is received, Dr. Sox as Health Officer for the City would compel the situation to be corrected.

(h) These stables will be shielded by proper landscaping alongside of the Main Drive, South Drive and Chain of Lakes Driveway, and the stables will be readily accessible from all of these driveways.

(i) This facility would provide a delightful place for the school children of San Francisco who are interested in livestock to entertain the members of future farmers and the Four-H Clubs. With the areas that can be set apart for picnic purposes equipped with barbecue pits and other attractions, this can be made an outstanding recreational facility and will convert an unused and unattractive portion of the Park into a very attractive and worthwhile development.

(j) If this Commission does not eliminate the item covering the cost of the proposed stables, then it will go to Mayor Christopher for his review. If he leaves it in the budget it will then be considered by the Finance Committee of the Board of Supervisors and if the Finance Committee approves the item it will then go to the full Board of Supervisors for consideration and action.

(k) This Commission has the responsibility of meeting the recreational and park needs of this City, but the members of this Commission recognize that the Mayor and the Board of Supervisors have to consider many budget items. We are not making any demands but will frankly and fully present the facts and the final decision will be in the hands of the Mayor and Supervisors. Incidentally, some of those who believe in this program of development may want to support our elected officials by letting them know how they feel about the program, likewise those who are opposed to the plan have an equal right to submit their views.

President Sutter then invited comments from the floor. The following persons voiced various objections to the proposal: Mr. H. Hunt, Parkside Improvement Club; Mrs. Les Vogel, Sr., 369 Marina Boulevard; Mrs. T. R. Best, Great Highway Club; Mr. John Goodwin, home owner, and Mrs. Emily Martin, Sunset Improvement Club. The reasons were substantially those given in the letter of the Great Highway Club.

The following persons spoke in favor of the proposal: Mr. Robert Bourne, San Rafael riding instructor; Mrs. Kay Theile, S. F. riding instructor; Dr. Edward O'Gara, Park-Presidio Improvement Club; Mrs. Norton, Parkside District parent; Frieda McKellar and Mr. Carson, San Francisco Horsemen's Association; Rod Williams, Meadow Club Stables, Fairfax; Dr. Thomas Schulte, San Francisco Polo Association; Mrs. Haeber, Mr. Roy Bronson, Attorney; Shirley Morton, student; Charles Christin, attorney; J. W. Mailliard III, San Francisco Sheriff's Posse; Bob Ginnesman, real estate appraiser; Timothy Dowdall, student; Mr. Peter Bercut, former Park Commissioner; and Mrs. Ethel C. Peters, San Francisco Coordinating Town Council.

Mr. Paul Laning, president of the San Francisco Central Council of Civic Clubs, reported that his organization had opposed the stable proposal of two years ago, but is not opposed to the new proposal. At the present time the Central Council of Civic Clubs has taken a neutral position, neither for or against the proposal, but will take a position following the full hearing.

PUBLIC HEARING - PROPOSAL FOR PROVISION OF RIDING STABLE FACILITIES IN GOLDEN GATE PARK (cont'd)

President Sutter thanked all in attendance for their interest in the public hearing, and announced that the Commission would give the stable proposal full consideration as an item for inclusion in the 1958-1959 Budget Request scheduled for adoption at the next regular meeting.

COMMUNICATIONS

(1) From Philip L. Rezos, Director of Property, submitting for approval of the Commission an amendment to the resolution to be adopted by the Board of Supervisors for acquisition by the City by eminent domain proceedings of the property required for the Bay View Stadium.

On motion of Commissioner Parr, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No.2931

Commission Appvs, Amended Resolution for Bd. Supvs.' Adoption, re.City's Acquisition of Real Property Required for Bay View Stadium

Resolution No. 2931

RESOLVED that this Commission, on recommendation of the Director of Property, does hereby approve an amended resolution to be adopted by the Board of Supervisors in acquisition by the City by eminent domain proceedings of the real property required for the Bay View Stadium; said amendment enlarging the site from the original 109 acres to 127 acres, in order to allow for the mud flow during the filling of the submerged lands; said acquisition to be in accordance with Diagram No. SUR.74, as revised December 9, 1957, and showing the total area of 127 acres, described in said amended resolution.

Chief of Police to Install Signs Designating West Side of Great Highway between Balboa St. and Lincoln Way as "No Parking" Area

(2) From Francis J. Ahern, Chief of Police, suggesting that the west side of the Great Highway, between Balboa Street and Lincoln Way be designated as a street on which parking is prohibited at all times, and asking the Commission to approve the necessary legislation. Chief Ahern offers to purchase and install the traffic signs required for the "no parking" area.

On motion of Commissioner Coffman, seconded by Commissioner Zimmerman, the foregoing recommendation of the Chief of Police was approved, and the west side of the Great Highway between Balboa Street and Lincoln Way was formally designated as a "no parking" area.

(3) From Paul Opperman, Director of Planning, referring to the Commission the proposed sale of certain air rights above St.Mary's Square Garage. The air space to be sold will provide light and air for a proposed building to be located at the southwest corner of California and Kearny Streets. The City Planning Commission finds the sale to be in conformity with the Master Plan.

Mr. T. W. Bradley, manager of the general department, American President Lines, and Mr. W. S. Allen, architect for the proposed building, exhibited drawings of the proposed structure, describing its relationship to the adjacent St.Mary's Square.

Mr. Bradley pointed out that the building does not encroach on any part of the park property and that the 15-foot cantilever projection extends only over the St.Mary's Square Garage space.

On motion of Commissioner Parr, seconded by Commissioner Herz, the following resolution was adopted:

Res. No.2932

Commission Appvs. Erection of Office Bldg. at S.W. cor. of California & Kearny Streets

Resolution No. 2932

RESOLVED that this Commission, having investigated the proposed erection of an office building at the southwest corner of California and Kearny Streets and adjacent to St.Mary's Square, and finding that the proposed building will not encroach on any of the park property, does hereby record that it has no objection to the proposed office building as described and presented by Mr. T. W. Bradley, American President Lines, and Mr.W.S.Allen, architect for the structure.

REPRESENTATIVES AND DELEGATES

(1) San Francisco Forty Niners

Request for Amendments in Lease of Kezar Stadium by S.F. Forty Niners Referred to Mr. Coffman, Chairman of Committee, Investigation, Consideration and Early Report.

Mr. Victor Morabito, owner, and Mr. Lou Spadia, manager of the San Francisco Forty Niners professional football team of the National Football League, appeared before the Commission to submit for the Commission's consideration and approval certain requested amendments to the agreement governing the rental of Kezar Stadium. Mr. Morabito submitted his proposals in an attractively prepared brochure which contained his analysis of the rental agreements of other National Football League Clubs utilizing municipally-owned stadia. Mr. Morabito asked the Commission's full and serious consideration of his requests.

Commissioner Coffman, committee chairman on matters re: Kezar Stadium, expressed appreciation of the brochure and gave assurance that the Commission would review and study the facts and figures given. Commissioner Coffman described the San Francisco Forty Niners as a definite asset to the community life of San Francisco. He touched briefly on the requests contained in the brochure, stating that such matters as long-term contracts, radio and television, were policy matters and that a hasty decision would not be beneficial to either party. On his recommendation the request was taken under advisement, with an assurance to Mr. Morabito that it would be given prompt and earnest consideration.

(2) Riverboat SS. FORT SUTTER

Mr. Barney Gould appeared before the Commission in his endeavors to operate the SS. FORT SUTTER as a restaurant at Aquatic Park under agreement with the City and County of San Francisco. He introduced interested parties Mr. Charles G. Johnston, Mr. Sidney Rudy, Mr. Thomas Eddy, Mr. Roger Raniuo and Mr. Ronnie Bell.

Mr. Johnson described the proposal, including the plans for locating the boat on piers in a semi-permanent position. He explained that while the boat would not be floating, it would give the appearance of a floating vessel. He presented a proposed agreement whereby his group would put up certain securities in order to be able to proceed with refurbishing the vessel with a view toward a permanent operation contract.

Mr. David Nelson, speaking for the Board of Trustees of the Maritime Museum Association, read a resolution of his Board urging that the vessel be kept in a floating position; that the historical accuracy of the vessel's appearance, both exterior and interior, be retained and that the Maritime Museum Association be permitted to act in an advisory capacity for the City regarding the vessel in historical and maritime matters.

Mr. Philip Hunter, representing the Citizens Committee for the Preservation of Aquatic Park and the three rowing clubs located

REPRESENTATIVES AND DELEGATES (cont'd)

there, opposed the Fort Sutter's presence at Aquatic Park on the grounds of appearance, interference with swimming and recreation and its proposed commercial use.

Mr. Dan Kennedy of the San Francisco Rowing Club urged the removal of the Fort Sutter from Aquatic Park. Mr. George Brady also objected.

Mr. Thomas Eddy, representing the Driver-Eddy Construction Company, stated that his company was financially able and capable of restoring the vessel.

Mr. Johnston, in answer to the question of Commissioner Coffman, stated that if he and his associates were required to float the boat, they would withdraw their proposal.

After lengthy discussion by all parties, Commissioner Parr stated that this controversial proposal had been with the Commission for a long time and should be brought to a final and quick decision as soon as possible, that the City Attorney should review the proposed agreement, and that the staff should make a firm recommendation on the proposal.

Commissioner Coffman also urged that a quick decision in either direction be arrived at.

On motion of Commissioner Parr, seconded by Commissioner Coffman, the staff was directed to prepare a report and recommendation on the proposal submitted at the earliest practical date.

(3) Palace of Fine Arts

Mr. Ted Reynolds and Mr. John T. Clark, President of the Palace of Fine Arts League, appeared in connection with their plans for the proposed restoration of the Palace of Fine Arts.

The Secretary read the letter from Mayor George Christopher dated December 19, 1957, acknowledging the Commission's information report on the Palace of Fine Arts. In his letter, the Mayor recommends that the Commission exert every effort to carry out its participation obligation under the terms of Assembly Bill 1400 by submitting to the electorate at the June primary election a bond issue in the amount of $2,000,000 to match the State's contribution.

Mr. John Clark then presented drawings describing how the Palace of Fine Arts might be converted into a multi-purpose community center. The plans provided for tennis courts, restaurant and theater, rehearsal studios, administrative offices, and parking accommodations. He stated that the reconversion and rehabilitation could be accomplished at a cost of $5,605,000. He further stated that his league had met with Mayor Christopher and that the Mayor had asked the league to present estimates and plans for the restoration of the Palace of Fine Arts as a usable structure, as well as to provide him with a figure to submit as a bond proposal in June.

Commissioners heard the proposal and reviewed the plans with interest, continuing consideration of the matter to the next meeting.

(2) McLaren Park Land Acquisition

Mayor & Board of Supervisors to be advised of situation re McLaren Park land purchase funds, requesting their earnest and full consideration as to source of funds needed

The Secretary read a letter from Mr. Philip L. Rezos, Director of Property, informing the Commission that, in order to complete the acquisition of McLaren Park land, it will be necessary for the Recreation and Park Commission to immediately arrange for a supplemental appropriation of $281,000.

Mr. Funke reported that in 1954 the Real Estate Department had requested and received $310,000 to complete the McLaren Parkland purchase and that this new request was over and above funds already provided.

In view of the urgency to bring McLaren Park into complete city ownership, on motion of Commissioner Parr, seconded by Commissioner Coffman, the Secretary was directed to advise the Mayor and the Board of Supervisors of the situation and to request that earnest and full consideration be given by the Mayor and the Board to determining the source from which the funds to complete McLaren Park land purchases are to be obtained.

Edward A. McDevitt, Secretary
Recreation and Park Commission

1-9-58

San Francisco, California
January 23, 1958

M I N U T E S

The Annual Meeting, the One Hundred Fifty-ninth Regular Meeting of the Recreation and Park Commission was called to order at 3:00 P.M., on Thursday, January 23, 1958 with President Louis Sutter presiding.

The following Commissioners were present:

Mr. Louis Sutter, President
Mr. William M. Coffman
Rev. Eugene A. Gallagher
Dr. Francis J. Herz
Mrs. Joseph A. Moore, Jr.
Mr. Fred D. Parr
Miss Jane E. Zimmerman

* * * * * * * * * * *

There being no errors or omissions, the minutes of the regular meeting of January 9, 1958 were approved.

* * * * * * * * * * *

The election of officers constituted the first matter of business, as in accordance with Commission rules the annual election is held at the second regular meeting of January of each year.

For the office of President: Commissioner Gallagher nominated and Commissioner Moore seconded the nomination of Commissioner Fred D. Parr for the office of President. Commissioner Herz moved that nominations be closed, and on roll call Commissioner Parr was unanimously elected to the office of President, and relieved President Sutter of the chairmanship of the meeting.

On behalf of the board, Commissioner Gallagher expressed his personal and his colleagues' sincere thanks to Commissioner Sutter for his outstanding service and leadership as Commission President for a continuous period of ten years.

On motion of Commissioner Parr, seconded by Commissioner Gallagher, the following resolution of appreciation was adopted:

Resolution of Appreciation

WHEREAS Louis Sutter served as President of the Recreation Commission from 1948 to 1950 and as President of the Recreation and Park Commission from 1950 to 1958, during which time he brought to that office the best of his outstanding executive and leadership abilities; and

WHEREAS during the past ten years the public recreation and park services of this City have expanded and continually improved so that now the people of San Francisco receive the benefits of a park and recreation service of the highest standard: Now Therefore be it

RESOLVED, That this Commission record its very high appreciation of President Sutter's sterling qualities and his outstanding contribution to the recreational and leisure life of San Francisco.

For the office of Vice-President: Commissioner Sutter nominated and Commissioner Herz seconded the nomination of Commissioner William M. Coffman to the office of Vice-President. Commissioner Herz moved the nominations be closed, and on roll call Commissioner Coffman was unanimously elected Vice-President.

(1) From Mr. Max G. Funke, his letter of January 14, 1958, tendering his resignation as General Manager of the Recreation and Park Department, effective February 15, 1958.

The Secretary noted that in accordance with City regulation Mr. Funke had earned and was entitled to three weeks' vacation, and had also accumulated fifty-six hours' overtime. The vacation period plus the overtime would coincide with the effective resignation date February 15, 1958.

President Farr directed the Secretary to read and incorporate in the record the following:

STATEMENT OF MEMBERS OF THE SAN FRANCISCO RECREATION AND PARK COMMISSION REGARDING THE RELATIONSHIP OF THE COMMISSION TO ITS GENERAL MANAGER

By the laws of the City and County of San Francisco, this Commission has complete and exclusive control, management and direction of all parks, playgrounds and recreation properties of this City. The Commission appoints a General Manager who holds office at the pleasure of the Commission. The General Manager is immediately responsible to this Commission for the administration of his department, and is required to report and make recommendations as required by the Commission. Further, by law, it is the Commission's duty and policy to promote and foster a program that will provide a recreation and park service of the highest standard for the benefit of the public.

Over a year ago it was apparent in general discussions, and in informal conversations, that a majority of the Commissioners were dissatisfied with Mr. Funke's service. It seems that Mr. Funke had difficulty in understanding that the Commission was his boss even after several sincere attempts to explain the matter to him.

After another year of earnest and intensive endeavor to work with Mr. Funke, it became more apparent to the majority of the Commissioners that it would be impossible to fulfill its public duties and provide proper park and recreation services for the citizens of San Francisco, if the department were to remain under Mr. Funke's management. The majority of the Commission seemed to think that although they had nothing personal against Mr. Funke, he does not have the professional experience and ability required to manage the department to the satisfaction of this Commission. In informal conversations it seemed that further delay in reaching a formal decision would only jeopardize the whole department.

However, in order to protect the reputation of the General Manager, and with full regard for his feelings, this same majority of the Commission had taken steps toward offering him in a formal meeting an opportunity to resign from his post. It was suggested that if the Commission was to vote for Mr. Funke's termination of service the announcement would be made simultaneously to the four metropolitan newspapers. Due to unfortunate and premature announcements in the press, for which this Commission was not responsible, and had no part, Mr. Funke chose to force the issue before the Commission had an opportunity to arrange a meeting to vote on the matter. He demanded individual statements of each Commissioner's position on the matter. In answer to his direct questions six Commissioners kindly, but firmly, told Mr. Funke that they no longer desired his services but wanted the opportunity to give to the people of San Francisco a well qualified and experienced man in the field of public recreation and park administration. They stated that they would aggressively seek out the best qualified available person. They would first look in the department and at any other person deemed qualified residing in San Francisco. If necessary, they will go outside of this area and seek nation-wide for a qualified person in accordance with the public's decision at the last election regarding the waiver of residence requirements for city employees. It was also their intention to appoint an Acting General Manager until the best qualified person could be found. (Continued Pg. 3)

RESIGNATIONS (Continued)

The Commission has acted in the best interests of the public. It has taken no illegal steps nor participated in any illegal meetings, and will stand on its action in the full light and recognition of its duties.

On motion of Commissioner Moore, seconded by Commissioner Zimmerman, the following resolution was adopted as the Commission's official action on Mr. Funke's letter of resignation with Mr. Sutter casting a "no" vote:

Res. No. 2952 — Action on Mr. Funke's Resignation

Resolution No. 2952

RESOLVED, that this Commission does hereby terminate the appointment of Mr. Max G. Funke, as General Manager of the Recreation and Park Department as of this day, January 23, 1958, and the Controller be and is hereby requested to pay to Mr. Funke that compensation to which he is legally entitled.

Mr. Funke was present at the meeting and a general discussion followed relating to the circumstances leading up to Mr. Funke's resignation. Members answered questions which Mr. Funke directed to them and referred to the foregoing statement as to the Commission's position in the matter.

The office of General Manager having been vacated, the Commission next considered the appointment of an Acting General Manager, and on motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No. 2953 — Raymond S. Kimbell Assigned Appointing Officer and Acting General Manager of Recreation and Park Department

Resolution No. 2953

RESOLVED that this Commission having this day terminated the appointment of Mr. Max G. Funke as General Manager of the Recreation and Park Department does hereby assign the Superintendent of Recreation, Mr. Raymond S. Kimbell, as Appointing Officer of the Recreation and Park Department with authority to sign all documents as the Appointing Officer and to serve as Acting General Manager of said department pending the appointment of a permanent General Manager.

REPRESENTATIVES AND DELEGATES

Citizens interested in proposed bond issues for submission at the Special Election in June 1958 for the financing of certain Recreation and Park Improvements attended the meeting and presented details on the proposals. Deadline for Commission's submission of Resolutions of Public Interest to Board of Supervisors being Thursday, February 6, 1958, action was required on each item.

The Secretary reported that His Honor Mayor Christopher at a meeting on Tuesday, January 21, had recommended submission to the voters of three bond issues: (a) Small Boats Harbor, (b) Rehabilitation of the Palace of Fine Arts, and (c) a Ferry Building Park:

1- SMALL BOATS HARBOR BOND ISSUE - $2,500,000.

Mr. Dan London, a member of the Mayor's Citizens Committee on Small Boat Harbors, gave a detailed explanation of the proposed improvements, and Mr. E. Elmore Hutchison, Engineer, displayed drawings of the project.

On motion of Commissioner Sutter, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 2955

Resolution No. 2955

Small Boats Harbor Bond Issue, $2,500,000.00

RESOLVED, that this Commission does hereby request the Board of Supervisors to declare by resolution that public interest and necessity demands the construction of the small boats harbor at Gas House Cove, located at the east end of the Marina Boulevard, at the foot of Webster Street, said improvements requiring the incurring of a bonded debt of $2,500,000.00 to finance the project, to wit:

Construction of breakwaters, piles, berths, floats, launching ramps, service barges and catwalks; and to provide for planning, engineering and dredging services, the installation of utilities, and the provision of a parking area, TOTAL - $2,500,000

AND BE IT FURTHER RESOLVED, that the Board of Supervisors be and are hereby requested to call and provide for the required bond election to be held at the Special Election in June 1958, for the purpose of submitting to the voters the proposition of incurring said bonded debt of the City and County of San Francisco.

PRESENTATIVES AND DELEGATES (cont'd)

2- SMALL BOATS HARBOR - Budget Item - $250,000.00

In connection with the Small Boats Harbor, Mr. Dan Lordon reported that the Mayor's Citizens' Committee recommends and the Mayor has consented to inclusion in the Recreation and Park Department's 1958 Budget Request, an item of $250,000.00 to provide funds for enlarging the existing San Francisco Yacht Harbor by closing off the main entrance to the harbor and forming a new entrance by removal of a causeway, so that the channel and enlarged harbor can then provide berthing facilities for 118 additional boats.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

...n. No.2956

...dget Item) ...50,000 - ...largement of ...isting S. F. ...ht Harbor

Resolution No. 2956

RESOLVED that this Commission, on recommendation of the Mayor's Citizens' Committee for Small Boats Harbor Development, does hereby approve and direct that there be included in the 1958-1959 Budget Request of this department, an item of $250,000.00, to provide for the enlargement of the existing San Francisco Yacht Harbor at the Marina.

(1) Strybing Arboretum

Commissioner Moore gave a report on the conferences and investigations which her committee had conducted relating to the development of the Strybing Arboretum. The report and recommendations of an advisory committee whose membership consisted of leading educators and directors in the fields of botany and horticulture were outlined.

Briefly, the advisory committee recommended that expert guidance be obtained in the planning of the arboretum and that the permanent director should be an individual who can meet the professional, scientific, and administrative responsibilities of the position. Commissioner Moore said that if the Commission wished to obtain an arboretum director by appointment, it would be necessary to submit a proposed charter amendment to the Board of Supervisors, the deadline for such submission being February 17.

(2) Commissioner Moore reported further that it was the opinion of the advisory committee that the main assistant to the director of the Arboretum should be fully experienced and trained in the practical aspects of arboretum maintenance, but would not be required to have a formal education in botany or horticulture. Such a qualified person could most likely be obtained through promotion examination from the ranks of experienced men in the Recreation and Park Department.

On motion of Commissioner Zimmerman, seconded by Commissioner Sutter, the following resolution was adopted:

Res. No. 2969 — Civil Service Commission Requested to Classify Duties of New Position of Main Ass't to the Director of Strybing Arboretum and to Provide for Filling of Position thru Promot'l Exam. from Qualified and Experienced Men of Rec. & P. Department

Resolution No. 2969

RESOLVED, that this Commission does hereby request the Civil Service Commission to classify the duties of a new position of main assistant to the Director of the Strybing Arboretum and Botanical Gardens and to provide for filling said position through promotional examination within the ranks of the qualified and experienced men of the Recreation and Park Department; the establishment of this new position to be requested of the Board of Supervisors immediately following the classification of duties by the Civil Service Commission.

(3) McLaren Park

McLaren Park Land Acquisition to be No. 1 Item on Calendar of Special Mtg. to be Held 2:00 p.m. Feb. 6th

The Secretary reported that in accordance with instructions at the previous meeting, a letter had been sent to the Mayor and the Board of Supervisors, giving notice that Mr. Rezos, Director of Property, had advised that an additional $281,000 was required for the acquisition of the remaining property to be purchased to bring McLaren Park into complete City ownership. The Secretary said that the Finance Committee of the Board of Supervisors had taken the letter under advisement and had suggested that the Commission make its own recommendation as to the source of funds.

Commissioners discussed the seriousness of the problem and set the matter of McLaren Park land acquisition and development as the number one item for a Special Meeting, to be held at 2:00 p.m. on February 6.

Commissioner Gallagher suggested that the Commission proceed without delay in its efforts to obtain a qualified and professionally experienced person in the field of Recreation and Park Administration for the position of General Manager.

Members asked President Parr to appoint a selection committee that would make surveys, interviews and recommendations on candidates. President Parr stated that he would name the committee without delay.

ADDENDUM TO MINUTES:

On the day following the meeting, Friday, January 24, 1958, President Parr informed the Secretary that he had appointed a selection committee comprised of the following Commission members: Commissioners Gallagher, Herz, Moore and Zimmerman.

President Parr directed that the appointment of the committee be officially entered in the record.

2) Showboat SS FT. SUTTER

The Secretary read the letter of Sidney Rudy, 369 Pine Street, Attorney representing Driver-Eddy, Ltd., outlining a proposal and a letter of intention regarding a plan for the rehabilitation of the Fort Sutter and its operation as a restaurant.

Mr. Kimbell stated that the department had no staff recommendation to offer regarding the restoration or removal of the Fort Sutter from Aquatic Park, stating that the policy question should first be determined as to whether or not the Commission wanted the Fort Sutter restored.

Commissioner Coffman reviewed the historical sequence of the past four years. He recalled the Judgment of the Court in 1956, which declared the Fort Sutter a public nuisance and object of trespass and empowering the Comission to wreck or otherwise remove it. He asked if the Commission wanted to give a franchise for a wharf on which private parties could put a replica of a ship.

Deputy City Attorney Bernard Ward stated that negotiations could not be undertaken with any prospective operators until such time as it was determined that the Commission would allow the operation of the Fort Sutter as proposed by Driver-Eddy, Ltd.

Mr. C. Johnson, representing Driver-Eddy, Ltd., in answer to Commissioner Coffman's question, said emphatically that Driver-Eddy, Ltd. ruled out the Fort Sutter as a floating exhibit and again emphatically stated that their proposal would be withdrawn if it required the flotation of the vessel. He made the counter-proposal of setting the vessel on piles.

Much discussion and controversial debate by proponents and opponents of the Fort Sutter's presence in Aquatic Park followed.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted: (Commissioner Zimmerman excused from voting)

Resolution No. 2972

RESOLVED, that it is the sense of the Recreation and Park Commission that it is to the best interests of the City that this Commission does not grant a permit or a franchise for the placement of the riverboat Fort Sutter on piles in the Aquatic Park; all negotiations on the present proposal for the restoration and operation of the Fort Sutter be and are hereby terminated; and this Commission hereby declares the riverboat Fort Sutter does now revert to its status as set forth in the Judgment of the Superior Court, No. 444769, under date of December 12, 1956.

3) McLaren Park

In the matter of land acquisition and development of McLaren Park, Commissioner Gallagher reported that he had met with the Staff during the past two weeks and that a memorandum had been prepared under date of February 5 outlining the situation and offering specific recommendations.

Commissioner Gallagher stated that the matter of immediate concern was the letter recently received from Mr. Philip Rezos, Director of Property, advising the additional sum of $281,000 would be required to complete the McLaren Park purchase and bring it into full City ownership.

The Commission had already advised the Mayor and the Finance Committee of the Board of Supervisors, in writing, of the critical situation so that a determination might be made as to the source from which funds for the land acquisition may be obtained. It was indicated at a meeting of the Finance Committee that a request for such funds as a budgetary item would not be favorably received. It was suggested that the Controller could ascertain if there are City and County funds from which a supplemental appropriation for the McLaren land acquisition might be financed. If no such funds are available the unappropriated balance of the 1955 Bond Fund would be a remaining source of available funds. In view of the urgency of bringing McLaren Park into full City ownership, on motion of Commissioner Zimmerman, seconded by Commissioner Herz the following resolution was adopted:

Resolution No. 2973

RESOLVED, that this Commission hereby directs that it be ascertained from the Controller if there are City and County funds from tax-derived source which could be legally made available by supplemental appropriation, and if there are no such funds, this Commission does hereby authorize and request the Mayor and Board of Supervisors to approve an appropriation of $281,000 in the unappropriated balance of 1955 Bond Fund for the purchase of required land for McLaren Park, in accordance with the acquisition costs estimate provided this Commission by the Director of Property.

4) Mr. Kimbell, referring to the Staff report, recalled the Commission's action of three years ago at which time a Preliminary Plan of McLaren Park prepared by the joint staffs of City Planning and the Recreation and Park Department was approved. Several modifications had been made to the Preliminary Plan including the golf course layout, the realignment of roadways and the re-adjustment of athletic facilities, particularly the baseball diamonds. In order to eliminate confusion and to permit consideration of McLaren Park development with a new objective approach, on motion of Commissioner Herz, seconded by Commissioner Moore, the following resolution was adopted:

Resolution No. 2974

RESOLVED, that this Commission does hereby rescind its action taken in Resolution No. 1734 at a meeting December 9, 1954 in which a Preliminary Plan for John McLaren Park was approved; the purpose of this rescinding action being to permit the objective development of a new plan which will take into consideration the various subsequently changed conditions in McLaren Park property and district.

5) Commissioner Gallagher reported that he had reviewed the final working plans and specifications for the rough grading of the 9-hole golf course at McLaren Park. The plans provide for preparation of the ground for development at a later date of a 9-hole golf course designed by Mr. John Fleming, Supervisor of Golf Course Maintenance for the Recreation and Park Department. Commissioner Gallagher expressed appreciation of the professional skill and ability of Mr. Fleming as an outstanding designer of many public and private courses and expressed the generally accepted opinion that the City is extremely fortunate to have had the continued benefits of Mr. Fleming's services, over a long period of years.

It was further reported that the rough grading plan provided for the removal of Gilligan Drive and the extension of Sunnydale Avenue as an alternate route, the removal of vegetation and trees where required and the inclusion of sites for parking, clubhouse and golf driving range facilities. On motion of Commissioner Gallagher, seconded by Commissioner Moore, the following resolution was adopted:

Said rough-grading to be preparatory to the development of a 9-hole golf course, and to provide graded areas for the development of parking, clubhouse and golf driving range; and to further provide for the removal of Gilligan Drive and extension of Sunnydale Avenue as an alternate route; and be it

FURTHER RESOLVED, that this Commission having received a cost estimate of $181,588, as submitted by Punnett, Parez & Hutchison, does hereby authorize in accordance with the terms of the contract, payment to said firm of the fees earned and legally owing for professional services satisfactorily performed to date.

Because of the broad scope of possible Recreation and Park development in the McLaren Park tract which contains approximately 326 acres, it has been generally conceded that the vitally important development of this park can be accomplished most expeditiously thru the services of a team of qualified and competent architects and engineers rather than thru the services of an individual firm. The Staff's report presented the names of architectural and engineering firms which could be selected to prepare the coordinated plan for McLaren Park. On motion of Commissioner Gallagher, seconded by Commissioner Sutter, the following resolution was adopted:

Resolution No. 2976

RESOLVED, that this Commission in consideration of the broad scope of Recreation and Park services which may be established in the 326 acres of the McLaren Park tract and in recognition of the need for high standard of professional advices and planning of this vitally important unit of this City park system, does hereby determine that a panel of architects, civil, and mechanical engineers shall be engaged to prepare preliminary and final drawings for the various elements of John McLaren Park, and does hereby accept the Staff's recommendation on the following professionally qualified firms and individuals:

Architects	Civil Engineer	Mechanical Engineer
Charles Strothoff	E.Elmore Hutchison	Frank Nemec
Vincent Rainey		
J.Francis Ward		
William G.Merchant		
Masten and Hurd		
Corlett and Speckman		

and it is hereby understood and agreed that the fees for professional services under the contracts to be drawn with the aforesaid individuals and firms shall be within the ranges of five and seven per cent of the estimated cost of the development and construction, under the plans and specifications to be prepared; and be it

FURTHER RESOLVED, that the terms and conditions of the proposed contracts be submitted to this Commission for approval prior to execution and certification.

6) Appointment of Consultant-Coordinator for Strybing Arboretum.

Commissioner Moore reported that, as Chairman of the Committee on matters pertaining to Strybing Arboretum, an extensive investigation covering a period of five months, had resulted in the Committee's agreement on a definite course of action which it considers to be strictly in accordance with the terms of Helene Strybing Bequest and to the best interests of the public enjoyment

and use of the Arboretum. Commissioner Moore stated that the Committee was indebted and extremely grateful to the following individuals who had served most generously as the Advisory Committee:

Dr. Lincoln Constance, Dean,	College of Letters and Science, University of California, Berkeley
Dr. Herbert Baker, Director,	University of California Botanical Garden, University of Calif.Berkeley

Miss Elizabeth McClintock,	California Academy of Sciences and President, Strybing Arboretum Society

This Advisory Committee had submitted to the Commission its report and recommendations in which it set forth a statement of policy on the purpose and program of the Strybing Arboretum and the qualifications and duties of the personnel to be engaged in the development and direction of the Arboretum. An excerpt of the Advisory Committee report on October 14, 1957 is quoted:

> "In the best interest of the Recreation and Park Commission and in accordance with the conditions of Helene Strybing Bequest, which calls for the laying out, arrangement, establishment and completion of an arboretum in Golden Gate Park, the Commission should proceed without further delay to engage under contract a qualified expert to act as consultant and coordinator in the development of the Strybing Arboretum. It is the Committee's opinion that this contract should be drawn for a period of not more than two years with an option for its extension, if required by the Commission".

In accordance with the foregoing, Commissioner Moore's Committee conducted a nation-wide search to obtain best qualified person to act as Consultant-Coordinator, and following the review of applications and interviews with numerous professional applicants, it was the Advisory Committee's recommendation that Mr. Richard E. Baker be selected. A biographical statement outlining Mr. Baker's qualifications and experience was submitted for the record, and on motion of Commissioner Moore, seconded by Commissioner Gallagher, the following resolution was adopted:

Resolution No. 2977

WHEREAS, this Commission, in matters pertaining to Strybing Arboretum, has had the benefit of Advice and counsel of an Advisory Committee of eminent botanists and horticulturists from the faculties of the University of California and Stanford University; and

WHEREAS, this Advisory Committee recommends that, in the best interest of the Recreation and Park Commission and in accordance with the conditions of the Helene Strybing Bequest, which calls for the laying out, arrangement, establishment and completion of an arboretum in Golden Gate Park, the Commission should proceed without further delay to engage under contract a qualified expert to act as Consultant and Coordinator in the development of the Strybing Arboretum; and recommends further that as a result of a thorough screening of candidates, Richard E. Baker be engaged under contract for such services; now therefore, be it

RESOLVED, that this Commission does hereby authorize and direct the award to said Richard E. Baker of a contract for professional services as Consultant-Coordinator in the laying out, arrangement, establishment and completion of the Strybing Arboretum; the term of said contract to be for a two-year period, with a renewal clause for an additional one-year period; the basic fee of said contract to be Ten Thousand Dollars ($10,000) per annum, with

provision for reimbursement for expense in connection with the performance of assigned duties in an amount not to exceed $2000 per annum, all fees and compensations to be paid from the Helene Stryker Trust Fund; and, be it

FURTHER RESOLVED, that the Secretary is hereby directed to prepare and submit said contractual agreement to the City Attorney and the Controller for approval and certification.

The Secretary was directed to write appropriate letters of thanks and appreciation to each member of the Advisory Committee for their valuable assistance during the past several months.

7) Approval of Assignment of Leasehold of the Japanese Tea Garden.

The Secretary presented Letters under date of February 1, 1958 and February 5, 1958, from Isabel C. Greiner, Attorney at Law, 1182 Russ Building, and Counsellor for Mr. S. Alan Agnew, lessee-possessionaire of the Japanese Tea Garden at Golden Gate Park. The letters stated that Mr. Agnew desired at this time to assign his lease agreement with the Commission to Mr. Thotaro Yasuda, who is well established as a local restaurateur, being the owner and operator of Tokyo Sukiyaki, presently located at 1115 Jefferson St., Fisherman's Wharf. While the assignment will be made solely to Mr. Yasuda; with Commission's approval, Mr. Yasuda intends to form a partnership for the operation of the Japanese Tea Garden concession with Mr. Jack Hirose, C.P.A., and Mr. Harold S. Inamasa, Importer.

In Miss Greiner's letter of February 5th, the Commission was informed that Paragraph 9 in the Agreement of Sale provides that Mr. Yasuda shall deliver to Mr. Agnew a $15,000 Surety Bond guaranteeing performance of all conditions and obligations of the leasehold agreement and said bond shall continue in force until the expiration of the present lease agreement, and further provides for the seller's right to maintain inspection and examination of all books and documents pertaining to the operation of the concession.

In consideration of the foregoing statements and in view of knowledge of Mr. Yasuda's financial responsibility and ability to perform, on motion of Commissioner Sutter, seconded by Commissioner Mezz, the following resolution was adopted:

Resolution No. 8258

RESOLVED, that the Recreation and Park Commission hereby grants permission to S. Alan Agnew, lessee and operator of the Japanese Tea Garden, Golden Gate Park, to assign all his right, title and interest in and to the said leasing and operation of the Japanese Tea Garden, to HOUSHIO YASUDA, who will continue the leasing and operation of the Japanese Tea Garden under the terms and conditions of the existing lease agreement; and provided that the assignee, Mr. Yasuda, establishes to the satisfaction of this Commission that he is a responsible person to operate the Japanese Tea Garden; and the Secretary is hereby authorized and directed to give such written permission upon receipt of the executed agreement of assignment, approved as to form by the City Attorney.

8) Access Road to Major League Stadium.

Commissioner Coffman recommended that the request of the Department of Public Works for permission to install an access road at the western boundary of Layview Park be postponed to a later meeting in order that additional information may be obtained.

Commissioner Coffman reported that the Department of Public Works had submitted another request, unrelated to the postponed matter, for permission to construct a roadway along the south boundary of

2-4-58

Gilman Playground to serve as an access road to the entrance of the new Major League Baseball Stadium area in the vicinity of Bayview Park. The roadway would require an easement which would extend Ingerson Avenue easterly from Griffith Street through the Gilman Playground. Mr. Sherman P. Duckel, Director of Public Works, had submitted Plan SH1-1315 showing the proposed construction of a supporting slope of the proposed roadway which would require slope encroachment into the Gilman Playground area for a distance of 65 feet. Mr. George Harman, Supervising Engineer expressed the opinion that the proposed slope could be redesigned so that with a steeper incline the encroachment could be reduced to a maximum of 30-35 feet.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the request of the Department of Public Works for permission to encroach on the south boundary of Gilman Playground be approved provided that Plan SH1-1315 be modified so that the encroachment is reduced from the presently plan 65 feet to a maximum encroachment of not more than 35 feet.

9) McLaren Park - Miss Florence Friedman, Director of the Visitacion Valley Community Center, addressed the Commission requesting assurance that a children's playground area be provided in the McLaren Park development in the vicinity of the proposed enclosed swimming pool and set forth the numerous reasons for the desirability of providing a neighborhood type of playground at that location. Both Mr. Harman and Mr. Kimbell gave Miss Friedman assurances that a neighborhood playground of the type she describes is being planned, that full consideration will be given her reques and that she will be given continued information on the progress of such plans.

10) Offer to Purchase McLaren Park Property

Mr. Cyrus Doyle representing Mr. Frank Carrera, builder, appeared before the Commission submitting an offer to negotiate for the purchase of approximately three square blocks of the northeast section of McLaren Park. Mr. Doyle suggested that if the City would sell the property the funds obtained could be used to acquire those parcels presently in private ownership that are required to complete the Parks purchase. Mr. Wallace representing the Portola Improvement Club stated that representatives of his organization had met with Mayor Christopher on December 27, 1957, at which time the Mayor stated emphatically that he would veto any proposed sale of the McLaren Park property. Commissioner Herz and other members stated that the three blocks proposed for exclusion from the park were the most suitable parcels for recreational development and the most valuable land parcels according to present market estimates. In view to the three parcels' importance to McLaren Park development, the Commission unanimously rejected the proposed offer.

11) President Parr reported that with Commission concurrence, Mr. Kimbell was authorized to go to Sacramento, California, on Monday, February 10th in connection with the sessions of the Governor's Youth Conference.

(17) From Dr. Francis B. Quinn, President, Marina Civic Improvement and Property Owners Association, 655 Sutter Street, requesting the Commission to consider the purchase of the PG&E Co. property opposite Gas House Cove, to provide proper parking for autos, and asking that the City request the PG&E Co. to hold in abeyance the sale of the property for other purposes. Dr. Quinn appeared in the interest of his bequest.

Commissioners discussed the Small Boat Harbor plan which presently provides parking accommodation for some 700 cars. Members generally conceded that it was not necessary to acquire additional property to provide further parking facilities.

On motion of Commissioner Coffman, seconded by Commissioner Sutter, it was the Commission's decision to follow the already approved plan and not to acquire additional property for parking purposes.

(1) Restoration of Crocker-Amazon Playground

Commissioner Gallagher reported that in a conference with the Staff and the representatives of San Francisco Housing Authority, the following recommendations were offered as the best arrangment for Crocker-Amazon restoration.

1. That all grounds of the Crocker-Amazon Playground area be restored to their original condition with all planning and construction work being done by the San Francisco Housing Authority in conformance with their agreement.

2. That all work done on this area is to be in conformity with plans of the original layout which are on file in the Supervising Engineer's office and which call for:

a) The restoration of four grassed quadrangles

b) Rehabilitation of three permanent concrete baseball bleachers and one wooden backstop complete with wooden bleachers.

c) Restoration of all service roads showing on the Plans.

d) Rehabilitation and restoration (where necessary) of all water lines and plumbing.

e) Removal of a quonset type gymnasium. (This was built when the U.S. Navy took over the property and was subsequently used by the Housing Authority for storage purposes. It would be a liability to the San Francisco Recreation and Park Department and would serve no worthwhile purpose at this time, nor in the future.)

(10) James P. Lang Appointed Superintendent of Recreation

On motion of Commissioner Moore, seconded by Commissioner Gallagher, the following resolution was adopted:

Resolution No. 3007

WHEREAS, the Recreation and Park Commission intends to take a reasonable time to examine all properly qualified applicants for the position of General Manager before making a permanent appointment, now, therefore, be it

RESOLVED, that the appointment of James P. Lang to serve as Superintendent of Recreation, as submitted and recommended by the General Manager, is hereby approved for the period during which the Commission will examine applicants for the position of General Manager, Recreation and Park Department, and until such time as a permanent appointment is made; and, be it

FURTHER RESOLVED, that Mr. Lang is to request a leave of absence without pay, from the position of Assistant Superintendent of Recreation, Recreation and Park Department, from the Civil Service Commission, effective February 14, 1958.

(12) Resolution of Appreciation - Mae Helene Bacon Boggs

President Parr entertained a motion for a resolution of appreciation to Mrs. Mae Helene Bacon Boggs.

On motion of Commissioner Sutter, seconded by Commissioner Moore, the following resolution was adopted:

Resolution No. 3008

WHEREAS Sunday, February 16, marks the occasion of the 95th anniversary of the birthday of the highly esteemed friend of this Commission, Mrs. Mae Helene Bacon Boggs; now, therefore, be it

RESOLVED, that this Commission does hereby convey to Mrs. Boggs its deep appreciation and gratitude for the active and helpful interest which she has shown in the public recreation and park program, particularly as it relates to the Aquatic Park Area; and, be it

FURTHER RESOLVED, that this Commission record the high value which it places upon the friendship and the beautiful and inspiring attitude with which Mrs. Boggs has presented her civic projects before this Board.

* * * * * * * * * * *

There being no further business to come before the Commission, President Parr declared the meeting adjourned at 5:45 P.M.

Respectfully submitted,

Edward A. McDevitt

COMMUNICATIONS

(1) The Secretary read two letters from Robert J. Dolan, Acting Clerk of the Board of Supervisors, under date of February 20, 1958, reporting that the Finance Committee had indefinitely postponed its consideration of the Palace of Fine Arts Bond Issue and the Small Boats Harbor Bond Issue. The Finance Committee announced its intention of considering both proposals for possible submission at the November 1958 election, if sufficiently detailed information can be presented to it in time for mature consideration. On the Palace of Fine Arts Bond Issue, the Finance Committee suggested that the Commission develop and submit (a) all pertinent revenue and expenditure figures; (b) construction plans and estimates; (c) legal opinions concerning title and permissible use; (d) plans for utilization for the restored facility and all other necessary information.

On the Small Boats Harbor Bond Issue, the Finance Committee suggested the Commission procure and submit sufficiently detailed information concerning (a) revenues and expenditures; (b) maintenance; (c) personnel; (d) legal title; and (e) engineering and construction plans and all other necessary information.

The Secretary then read the letter from His Honor Mayor George Christopher, under date of February 18, 1958, in which he informed the Commission that the lack of a coordinated plan and factual data in the proposed bond issues before the Finance Committee of the Board of Supervisors and the inexcusable delay in gathering the necessary data had jeopardized the placement of the bond issue on the June ballot. The Mayor reviewed the past instances in which he had requested preparation of the bond issue information. He urged the Commission to take a vigorous part in developing these projects by constant collaboration with the staff, under its direction. He asked that the Commission instruct its staff to proceed at once in securing the necessary data on the bond issues, and to complete the information within a reasonable time to permit their inclusion on the November ballot.

TRADING (cont'd)

On motion of Commissioner Herz, seconded by Commissioner Coffman, the Commission stated its position and course of action on the Palace of Fine Arts as follows: (a) Commission finds and determines that the department staff is not equipped to do the engineering studies required for the Palace of Fine Arts Bond Issue; (b) as this Commission does not have the staff to do a thorough analysis of the Palace of Fine Arts, the undertaking should properly be requested of the Department of Public Works; (c) if it is found the Department of Works does not have the staff or for other reasons is not equipped to make a thorough study and report on the Palace of Fine Arts, then this Commission will request the Department of Public Works to join in the preparation of a request to the Mayor and the Board of Supervisors to provide such funds and additional help as may be required to obtain complete and dependable information which will enable the Finance Committee of the Board of Supervisors to formulate recommendations with respect to submitting a Palace of Fine Arts Bond Issue to the voters.

OF FINE ARTS

(2) In reference to the Small Boats Harbor Bond Issue, President Parr informed the Commission that figures were presented to the Finance Committee that only 34 applications for boat berths were on file with the Department. He asked Mr. Hoyt, Business Manager, to explain how the general information had previously indicated a long waiting list. Mr. Hoyt replied that many applications had been received during the past eight years, but were automatically canceled over long periods of time because no accommodations became available.

On motion of Commissioner Herz, seconded by Commissioner Sutter, the Commission stated its position and course of action on the Small Boats Harbor as follows:

SMALL BOATS HARBOR ACTION

(A) The Commission does not desire to construct a new small boats harbor if it is not necessary or required to meet public demand.

(B) The staff is directed (1) to determine by written questionnaire to all San Francisco boat owners whether or not additional berthing facilities would be used if made available at a given monthly rental; (2) to obtain a factual report on the small boat berthing facilities existing in San Francisco Bay, the availability of berthing space at such facilities and the number of San Francisco-owned boats in each facility; and (3) to make a comparative study of the present engineering plans for enlargement of Gas House Cove with other engineering designs and methods of small boat harbor construction.

(C) When the above information is gathered and submitted by the staff, the Commission review the data to determine the feasibility of constructing a small boat Harbor and the advisability of presenting a bond issue to finance the project.

(3) From B. G. Kline, Purchaser of Supplies, City and County of San Francisco, requesting permission to locate Purchaser's Shop No.2 (automotive repair and maintenance repair shop for Department of Public Works) in the Palace of Fine Arts building during the period of construction of new repair shops. Use of the Palace of Fine Arts building is requested for repair shop purposes until March 1, 1959.

Following discussion, President Parr directed that the Secretary request the advice of the City Attorney whether the Commission

(8) From Mrs. Effie V. Noble, 16 Miraloma Drive, offering to the Commission, for placement in the Strybing Arboretum, the valuable specimen collection of dwarf conifers belonging to her late husband, James Noble.

Mr. Jack Spring reported that the collection had been inspected by Dr. Richard E. Baker, Victor Reiter, Art Menzies and himself, and that it was the consensus that the collection would be a valuable addition to the Arboretum. Mr. Menzies is presently engaged in the tagging and labeling of each plant.

On motion of Commissioner Herz, seconded by Commissioner Gallagher, the following resolution was adopted:

Committee Reports and/or Recommendations

Offer to purchase City Property - Hampshire St. near Franklin Square

(1) Committee report - Private offer to purchase city property on Hampshire Street adjacent to Franklin Square. Commissioner Herz recommended further study of the park area before acting on the proposal. Commissioner Sutter reported that with protective conditions in the deed of sale, such as fencing, protection of the property, obtaining ingress and egress and restrictions on future use, the property could be sold without jeopardizing public park use.

On motion of Commissioner Coffman, seconded by Commissioner Sutter the matter was re-referred to committee and the Acting General Manager for further report. President Warr arranged to personally inspect the property.

Monroe School Property Rejected

(2) Monroe School Property rejected. Commissioner Zimmerman reported that the 1-1/10 acre parcel in Assessor's Block 6010 (Monroe School) had been inspected and found unsuited for playground development. Because of high acquisition and construction cost estimates, the property is unsuitably located to provide good public recreation. Mr. Lang submitted a similar staff report and on motion of Commissioner Zimmerman seconded by Commissioner Sutter, the Department of City Planning is to be advised that the Commission does not wish to acquire the property for playground purposes.

(k) S.F. Polo Matches, Golden Gate Park Stadium.

The request of the San Francisco Polo and Racing Association for approval of its polo schedule having been taken under submission at the last regular meeting, Mr. L. D. Veiseneer, Jr. and Dr. Thomas Schulte, Chairman of the Stable and Field Committee, appeared before the Commission to explain details of their request. Dr. Schulte told the Commissioners that polo is an exciting spectator sport and that his Association wishes to promote public interest in polo and equestrian sports. Mr. Roy Hudson, Supervisor of Maintenance reported that during the past two years the Polo Association's cooperation and management of its affairs at the polo stadium had been most satisfactory.

On the question of free admissions and the proposed waiver of rental charges Commissioner Gallagher asked for a discussion of this departure from established procedure. Following a discussion it was generally agreed that the rental be reduced but not eliminated and that use of the stadium be granted on a strictly temporary and experimental basis until the requested staff report and recommendations have been submitted to the Commission.

On motion of Commissioner Gallagher, seconded by Commissioner Zimmerman, the following resolution was adopted:

(6) Proposal of Memorial to Miss Ellen Lynch, School Teacher

The letter from his Honor, Mayor George Christopher, forwarding the suggestion that San Francisco honor Miss Ellen Lynch, 137 Cole Street, a teacher for over 40 years in the San Francisco School System, was referred to President Farr's Committee on Names and Memorials. The Mayor's letter proposed the dedication of some school or park facility or the erection of a plaque on some playground or schoolyard to appropriately demonstrate the esteem in which San Francisco holds Miss Lynch.

MINUTES

A Special Meeting of the Recreation and Park Commission was called to order on Friday, March 7, 1958, at 11:00 A.M., in the Commission Chambers at McLaren Lodge, Golden Gate Park, San Francisco, with Vice President William M. Coffman presiding.

The following Commissioners were present:

Mr. William M. Coffman
Rev. Eugene A. Gallagher
Dr. Francis J. Herz
Mrs. Joseph A. Moore, Jr.
Mr. Louis Sutter
Miss Jane E. Zimmerman

Major League Baseball Stadium at Bay View Park

Chairman William M. Coffman announced that this special meeting had been called for the purpose of reviewing preliminary plans for the recreation center (Major League Stadium) and considering a proposed financial offer and other assistance for the construction of the stadium from the San Francisco Stadium, Inc.

Among those attending the meeting as City department representatives or as representatives of interested firms or committees were:

Hon. Francis McCarty, President of the Board of Supervisors
Mr. Philip Rezos, City Director of Property
Mr. Charles W. Griffith, City Architect
Mr. Jerry Cohen, Deputy City Attorney
Mr. Nathan Cooper, representing City Controller
Mr. Robert Levy, representing the Dept. of Public Works
Mr. John S. Bolles, Architect
Mr. Jack Dooling, Attorney for Chas.L.Harney, Inc.
Mr. Thomas Gray, representing S.F. Downtown Association

* * * * * * * * *

Chairman Coffman explained that the plans and proposed financial arrangements had been outlined to him and to the staff members by Mr. Cooper, and that each Commissioner had received a report of general information regarding the proposed stadium, as well as a draft of the resolution prepared by the City Attorney and submitted for adoption at this special meeting.

The Secretary read the following letters:

a) The letter of intent dated March 7, 1958 from Alan K. Brown, President of the San Francisco Stadium, Inc., proposing to assist the City and the Commission in the acquisition, financing and construction of the major league baseball stadium, and setting forth the terms of a proposed agreement.

b) From Philip L. Rezos, Director of Property, reporting on the values of property required for the major League baseball stadium, and quoted as follows:

"The property required is shown on the plan prepared by Fillmore Hutchison, Consulting Engineer, dated October 7, 1957, Revised February 7, 1958.

The values are as follows and the total amount is for land filled, brought up to grade, and ready for use; including filling or grading of City-owned land, and any other land within the Project area not owned by Chas.L. Harney, individual, or Chas. L. Harney, Inc.:

(Letter from Mr. Rezos continued)

Chas. L. Harney, Individual	$ 470,000.00
Chas. L. Harney, Inc.	2,230,000.00
Cost of grading, filling and all land improvements within the area	1,230,404.80
Total	$3,930,404.80

In our opinion, the above amounts are fair and equitable and represent the fair market value of the property."

c) From Sherman P. Duckel, Director of Public Works, reporting on his review of the preliminary plans and estimates for the proposed Giants Stadium and quoted as follows:

"It is my opinion that the preliminary design, dated February 26, 1958, is functional, economical, and structurally sound, and that adequate provisions have been made for future expansion if such becomes necessary.

In the absence of detailed working drawings and specifications, it has been necessary to base the investigations of the preliminary estimate, to some extent, upon the presentation of the designers, and our general knowledge of construction procedures and the quality of finishes which would normally be used in a structure of this type. As a result of our investigation, it is my belief that the preliminary estimate in the amount of $5,370,790 is reasonable and equitable.

It is therefore my recommendation, based on the review and investigation of the project by the City Architect and the City Engineer, that you approve the preliminary drawings and estimate for the Giants Stadium, subject to such deletions, additions, or modifications as you may feel to be proper."

At the direction of Chairman Coffman, the Secretary then read the proposed resolution whereby the terms and conditions of the letter of intent would be approved by the Commission and recommended to the Board of Supervisors for acceptance.

* * * * * * * * * *

Mr. George S. Harman, Supervising Engineer, Recreation and Park Department, described in detail the preliminary plans of the major league stadium as prepared by John S. Bolles, Architect, and E. Elmore Hutchison, Engineer, and submitted under date of February 26, 1958. The drawings describe the stadium proper, playing field, parking facilities, lighting, grading, seating accommodations, concessionaires and storage facilities.

Supervisor Francis McCarty commented that the cooperation of all City departments concerned in the coordination of this project had been most gratifying and he expressed his appreciation to all concerned. He expressed equally generous thanks to the contracting firm of Chas. Harney, Inc., and to Architect John S. Bolles and Engineer E. Elmore Hutchison.

Mr. Cooper answered questions on maintenance of the stadium explaining that maintenance of physical properties would be the responsibility of the Commission, but the day to day clean-up would be the responsibility of the tenant occupying the stadium.

Architect Bolles, in answering the question of additional cost of covering the stadium, estimated this improvement would increase costs from $1,500,000 to $3,000,000. Mr. Bolles informed the Commission that the stadium had been designed to permit expansion to a 70,000 capacity, if such future expansion is required.

Meeting- Mar.7,1958

Chairman Coffman reported that he had received a letter from the Forty Niners Management advising that due to conflicting playing dates and difficulties encountered in allocating season tickets for two stadiums, the Forty Niners Football team would be unable to use the new stadium, unless there is a change of schedule and seating arrangements.

In reference to the resolution, Chairman Coffman stated that it was evident that many people had been involved in this civic project of bringing a major league baseball to San Francisco and that much preparation and progress had been made to date in tying the many factors together. He told the fellow members that City Controller Harry D. Ross had reviewed all details of the proposed resolution and fully supports and endorses it.

On motion of Commissioner Sutter, seconded by Commissioner Herz, the following resolution was adopted:

Resolution No. 3026

The resolution approves substantially in form and substance the terms and conditions of the March 7th letter of intent from San Francisco Stadium,Inc., and recommends that the Board of Supervisors approve the same terms and conditions, and accept the offer contained in said letter of intent.

Certified copy of Resolution No. 3026 attached.

Note: The Secretary was instructed to transmit to the Board of Supervisors without delay,copies of Resolution No.3026 so that the Commission's recommendation may be introduced to the Board on Monday, March 10 for referral to the Finance Committee for a hearing on Wednesday, March 12, 1958.

RECREATION AND PARK COMMISSION
City and County of San Francisco

RESOLUTION NO. 3026

WHEREAS, The people of the City and County of San Francisco at special election held on November 2, 1954, by an overwhelming jority of 162,481 to 62,325 voted in favor of Proposition "B" to ur a bonded indebtedness in the principal sum of 5,000,000 for e acquisition, construction and completion of lands, buildings, and her works and properties to be used for baseball, football, other orts, dramatic productions and other lawful uses as a recreation nter; and

WHEREAS, Said Proposition "B" was intended to provide, among her things, proper facilities for major league baseball and the ectorate was assured that not one cent of the issue would be spent til a definite major league franchise had been obtained; and

WHEREAS, The major league franchise of the New York Giants base- ll club of the National League, now known as the San Francisco nts, has been transferred to the City and County of San Francisco; d

WHEREAS, The Bay View Park area will provide an ideal site for e location of a multi-purpose sports Stadium, being readily ccessible from all points in the San Francisco Bay area, and of fficient size to provide for an adequate automobile parking area as necessary appurtenance to said Stadium; and

WHEREAS, the Recreation and Park Commission has heretofore by its solution endorsed the proposal to use a portion of Bay View Park as e site for such a Stadium; and

WHEREAS, the City and County of San Francisco does not presently n title to all the land in said area necessary for such Stadium d it will be necessary to purchase additional land; and

WHEREAS, Competent engineering studies have estimated the cost acquisition of land and the construction of said Stadium will eatly exceed the sum of $5,000,000 provided for in the Recreation nter bond issue; and

WHEREAS, San Francisco Stadium, Inc., has offered financial aid d assistance to the City and County of San Francisco in the acqui- ition of additional lands for and the construction of a multi-purpose orts stadium; and

WHEREAS, said offer is contained in a letter of intent dated rch 7, 1958, from said corporation to the City and County of San ancisco which recites:

"This letter is written for the purpose of setting forth the rms and conditions upon which San Francisco Stadium, Inc. proposes assist the City and County of San Francisco and its Recreation and rk Commission in the acquisition, financing and construction of a creation center and related facilities designed primarily for the hibition of major league baseball. The Corporation has been duly ganized for the sole purpose of providing such assitance and is a nprofit corporation the net earnings of which, if any, cannot nefit any person or organization other than the City.

"The Corporation proposes to enter into an agreement with the ity substantially on the following terms:

"1. The Corporation would agree to acquire from Charles L. rney individually and from Charles L. Harney, Inc. title to all the nd located in the proposed rocreation center site at Bay View Park hich is presently owned by Charles L. Harney and Charles L. Harney, nc.

"2. The City would agree to acquire all of the land in the pro- osed recreation center site which is not presently owned either by he City or by Charles L. Harney or Charles L. Harney, Inc., including and owned by the State of California and certain land held in private wnership which can only be acquired through the exercise of the power f eminent domain. The City may acquire the land now owned by the tate of California in fee simple or in the alternative may lease the ame from the State of California for a total period of 45 years. he City would agree to grant the Corporation permission to go upon ll of such land owned or leased by it in the proposed recreation enter site and to carry on construction activities thereon to the xtent necessary.

"3. The Corporation would agree to fill, grade, pave and fence he site of the proposed recreation center and construct thereon a tadium in strict accordance with the plans and specifications pre- ared by John S. Bolles, architect, and E. Elmore Hutchison, engineer, opies of which plans have been submitted to the appropriate officials f the City and of National Exhibition Co. and have been approved by he City and by National Exhibition Co. as being entirely feasible nd satisfactory for the exhibition of major league baseball.

"4. The Corporation would agree to sell and convey to the City ...l of the land acquired by it and all of the improvements constructed ...rson for the sum of $5,000,000, payable to Bank of America National ...ust and Savings Association, as trustee, concurrently with the ...posit with said Trustee by the Corporation of the sum of $2,000,000, ...be applied strictly for the construction of the stadium and for ...sts and expenses in connection therewith. Title to the land owned ... the Corporation, and the improvements thereon, would pass to the ...y upon completion of the improvements, and the Corporation would ...ree to deposit in escrow, upon execution of the agreement, a good ...d sufficient deed and bill of sale to all such land and improve-...nts.

"5. The Corporation would agree that all shares of its capital ...ock will be issued to Bank of America National Trust and Savings ...sociation, as trustee for the City.

"6. The City would agree to lease the entire recreation center ... the Corporation for a period of 35 years, renewable at the option ... the Corporation for any additional period during which operation ... the recreation center by the Corporation might be necessary to ...ire all of the indebtedness incurred by the Corporation in the ...nstruction of the recreation center. Under such lease, the Corpora-...n would agree that all gross revenues from the recreation center ...ll be applied first to debt service requirements until all of the ...debtedness incurred by the Corporation in the construction of the ...reation center has been paid in full, and secondly to the payment ... the cost of maintaining and operating the recreation center to the ...ent that such costs are not paid from other sources.

"7. The Corporation would agree to sublease the stadium to ...tional Exhibition Co. for a period of 35 years on the terms and ...nditions which have heretofore been approved in principle by the ...y(Board of Supervisors Resolution No. 18340) and National Exhibition ..., and upon such further terms and conditions as may be satisfactory ... the City. Such terms and conditions include provision for a per-...ntage rental of 5% with a minimum annual rental of $125,000 per year ...yable in advance, and also include a provision that if in any year ...e Corporation's total revenues are less than $375,000, or the ...rporation's debt service requirements, whichever is lesser, National ...hibition Co. will pay additional rental of not more than $75,000 ... any one year to meet such deficiency. Such additional rental

uld be considered as advance payments of rental due under the sub-
ase to be applied as mutually agreed upon between Corporation and
tional Exhibition Co.

g. The Corporation would agree to sublease the entire recre-
ion center to the City for a period coextensive with the term of
e overlease from the City to the Corporation, subject, however, to
e sub-lease from the Corporation to National Exhibition Co. Under
ch sub-lease from the Corporation, the City would agree to receive
d hold in trust all revenues received by it from the operation of
e recreation center and to pay over the same as rental to Bank of
erica National Trust and Savings Association, Trustee under the
denture securing the Corporation's indebtedness, to be applied by
e Trustee, in accordance with the Indenture, for the payment of
incipal and interest on the Corporation's indebtedness. The mini-
m rental payable by the City under such sub-lease would be $175,000
r year, subject, of course, to funds being made available in
cordance with the budgetary and fiscal requirements of the City
arter.

"9. Upon the payment and retirement of all of the indebtedness
curred by the Corporation in connection with this project, the City
uld have the option to terminate its lease with the Corporation and
ke over and operate the entire recreation center, and all rights
the Corporation would cease and terminate. The City as the sole
areholder of the Corporation would then be vested with all rights
and to the recreation center, and the purpose for which the
rporation was organized will have been accomplished.

"In support of the proposal made herein, the Corporation has
tained the following commitments:

(a) A commitment for the purchase of $2,000,000 principal
ount of Prior Lien Revenue Bonds of the Corporation, to be dated
pril 1, 1958, to bear interest at the rate of 5% per annum, payable
mi-annually April 1 and October 1, to mature April 1, 1988.

(b) A commitment from Charles L. Harney individually for the
le and transfer to the Corporation of the land owned by him in the
creation center site for a total price of $470,000, payable in in-
tallments over a period of 35 years with payment secured by sub-
dinated bonds of the Corporation.

(c) A commitment from Charles L. Harney, Inc., a corporation,
r the sale and transfer to the Corporation of the land owned by it

the recreation center site for a total price of $2,230,000 payable
installments over a period of 35 years with payment secured by sub-
dinated bonds of the Corporation.

(d) A commitment from Charles L. Harney, Inc., for the filling,
ding, paving and fencing of the recreation center site and for the
nstruction of the stadium for a guaranteed total construction price
$7,046,000, payable $6,246,000 in cash installments during the con-
ruction period and $800,000 in subordinated bonds of the Corporation.

All subordinated bonds above-mentioned shall be dated April 1,
56, shall bear interest at the rate of 5% per annum, payable semi-
nually April 1 and October 1, and shall mature on April 1, 1993.

On the foregoing basis, the Corporation would have total cash
ilable of $7,000,000 from the proceeds of the sale of its Prior
on Revenue Bonds and from the proceeds of the sale of land and im-
rovements to the City, which available cash will be adequate to
er the requirements of the Corporation, consisting of $6,246,000
construction costs as set forth above, plus related reserve
uirements and other expenses estimated to aggregate approximately
54,000. In addition the Corporation would issue $3,500,000
incipal amount of its subordinated bonds, making the total estimated
t of the recreation center $10,500,000.

"If the foregoing proposal meets with your approval, we will
ceed promptly with the preparation of the detailed agreements
ich are required, and will also take the necessary steps to obtain
vernmental authority for the issuance of the Corporation's
curities, to acquire the land which is to be purchased by the
rporation, and to proceed with the construction of the recreation
nter, all to the end that the recreation center and stadium will
completed and ready for occupancy before the commencement of the
58 National League Baseball season. In this connection, however,
call your attention to the fact that our financing is conditioned
on our obtaining certain rulings from the Internal Revenue Service
ich we anticipate will be obtained but which are essential to the
rrying out of our program in the manner and form herewith presented."

WHEREAS, the component parts of said offer have been studied and
proved by the City's Director of Property, Director of Public
rks, Recreation-Park Commission Engineer, Controller and City
torney; and

WHEREAS, said terms and conditions appear to be fair and reason-
le, now, therfore, be it

RESOLVED, that the aforesaid terms and conditions are approved
bstantially in the form and substance as set forth in the aforesaid
tter of intent from San Francisco Stadium, Inc. to Recreation and
rk Commission of City and County of San Francisco, and be it further

RESOLVED, that a copy of this resolution be transmitted to the
ard of Supervisors with the recommendation that the Board approve
e terms and conditions and accept the offer contained in said letter

(1) From Alan Fleishhacker, President, San Francisco Zoological Society, submitting ideas for consideration in developing and improving the San Francisco Zoo. The letter mentioned that among possible proposals were a number which would require only minor alteration to the existing facilities, and would require no expensive permanent building. It expressed the hope that with increased public interest in the Zoo, there would be greater willingness on the part of City officials to establish an adequate budget, both for realistic maintenance and for an improved animal collection. Attached was an itemized list of suggestions for Zoo improvements for the Commission's consideration, giving the size, estimated cost, operational budget and personnel requirements for most of the items.

Commissioner Moore expressed appreciation of the Society's interest, and expressed the view that the Commission welcomed constructive suggestions for Zoo planning and improvement.

On motion of Commissioner Coffman, seconded by Commissioner Zimmerman, the letter was referred to Commissioner Moore's committee and to the General Manager to consider the suggestions with the staff and with Architect J. Francis Ward for the master planning of the Zoological Gardens.

Mr. Hoyt, Business Manager, reported that the pedestrian traffic hazard had been a matter of staff attention for several years and that the California State Division of Highways has agreed to provide either an overpass or an underpass across State Highway No. 1 at the Sharp Park Golf Course when that strip of state road is widened and realigned.

On motion of Commissioner Sutter, seconded by Commissioner Gallagher, the Commission approved the suggestion of a safe crossway and directed that Mr. Ross be advised of the State Highway plans, and also inform the State Highway Division of the Commission's endorsement of the plan for either an overpass or underpass crossing.

Commissioner Sutter reported that he had attended the meeting of the Board of Permit Appeals the previous Wednesday, at which time Deputy City Attorney George Barlin had questioned the Board's authority to rule on Mr. Gould's request.

Commissioner Coffman reviewed the matter, emphasizing the point that, according to the Superior Court Judgment, the riverboat Fort Sutter has been a public nuisance in a state of trespass at Aquatic Park, and that the Commission has the legal right not only to refuse any proposals regarding its reconstruction, but can proceed with its removal or demolition under the Court Order.

As both the Board of Permit Appeals and the City Attorney's office have the matter under advisement, no action was deemed necessary or was taken.

that finances were a major consideration in setting the standards. Acoustical treatment had been eliminated in order to provide essentials within the limited construction funds available.

President Parr referred the communication to Mr. Harman for reply, commenting that in view of the rigid economy program this would not be the time to request funds for the acoustical installation.

(1) Committee Reports

(a) Offer to Purchase City Property, Franklin Square, Postponed

Commissioner Sutter recommended that consideration of Production and Aeronautical Lodge No.1327's offer to purchase a portion of Hampshire Street, adjacent to Franklin Square, be postponed and held in committee for an additional two weeks pending a report being prepared by Mr. Harman, Supervising Engineer. It was so ordered.

(b) No action taken on Crown Vending Company's Proposal

Commissioner Moore reported that the proposal of Crown Vending Company to install vending machines at Fleishhacker Playfield could tend to interfere with later plans for establishing a program of concession services at the Playfield, Zoo and "Storyland" areas. On Commissioner Moore's recommendation, action was postponed to a later date.

(c) Personnel

Commissioner Gallagher reported on the requests of the San Francisco Parks Employees Union, Local #311, AFL, concerning

UNFINISHED BUSINESS (cont'd)

gardener-laborer personnel.

On his motion, seconded by Commissioner Herz, the following resolution was adopted:

Res. 3035

Revision Records Position and ...re Personnel

Resolution No. 3035

RESOLVED that this Commission, following its committee's detailed study and consideration of the requests of the San Francisco Municipal Parks Employees Union, Local #311, AFL, as set forth in the letters of the Union's representative under date of February 5, 1958, does hereby determine and record its position and policy as follows:

(1) In respect to the appropriation of funds to provide retroactive pay in the gardener classifications, the Commission in its resolution No. 2989 (meeting of February 13), requested a supplemental appropriation from the Board of Supervisors, and no further action is deemed necessary at this time.

(2) The Commission directs that the department return to the established pattern in the assignment of employees to the Balboa Nursery and, in accordance with the Union's request, gardener personnel are to be reassigned to Balboa Nursery on Saturday and Sunday in lieu of the assignment of nursery men.

(3) The Commission directs that the accepted principles of seniority, as presently practiced in the assignment of department personnel, be continued and observed to the end that they serve the best interests of the department's operations and services to the public.

(d) Budget Committee

Commissioner Sutter reported that the Budget Committee had held two meetings in which a thorough study was made of the 1958-1959 departmental budget request, with a view toward its downward revision, in accordance with the request of Mayor Christopher for the practice of rigid economy throughout the municipal government.

Commissioner Sutter submitted the Committee's revised estimate in which the original request of $9,156,572 had been reduced by deletions totaling $1,271,682, or, a present net budget request of $7,884,890.

Commissioner Gallagher asked if the elimination of new employments in the maintenance classifications might not increase the deterioration and disrepair of the department's buildings and physical properties.

Mr. Hoyt reported the probability of obtaining new employments in the Maintenance Division by supplemental appropriation requests during the course of the 1958-1959 year.

Mr. Bart S. Rolph, Superintendent of Structural and Mechanical Repair, made a strong plea for retention in the budget request of three employments, i.e., one foreman carpenter, one fence erector, and one electrician. He called attention to the extensive repair needs throughout the entire Recreation and Park system.

On motion of Commissioner Sutter, seconded by Commissioner Coffman, the following resolution was adopted:

(d) Budget Committee (cont'd)

Resolution No. 3036

RESOLVED, that this Commission does hereby approve and adopt the report of the Budget Committee, wherein the sum of $1,271,682 is hereby deleted from the earlier departmental 1958-1959 budget request of $9,156,572; and the committee report and revised budget request as approved and adopted by the Commission shall include requests for three new employments consisting of one foreman carpenter, one fence erector, and one electrician, for purposes of meeting essential maintenance and repair requirements of the department's physical properties.

(2) Staff Report on 1958 Bond Issues

Mr. Kimball stated that a report on the three Bond Issues had been mailed to all Commissioners. He explained that, in accordance with the Commission's direction at the previous meeting, Mr. Hoyt had been directed to obtain detailed information on the Small Boat Harbor project, and that Mr. Harman had been directed to confer with the City Planning staff on the Ferry Park proposal.

Commissioner Herz spoke on the urgency of preparing a factual study of the Palace of Fine Arts if the project conceivably is to qualify for placement on the November ballot.

Mr. John T. Clark, Palace of Fine Arts League, and Mr. A. Thayer, urged the Commission to obtain the engineering data on reconstruction costs of the Palace of Fine Arts, and both offered the League's assistance to the City in solving the problem of preserving the Palace of Fine Arts.

Commissioner Sutter reminded members that in 1956 the Commission, with the concurrence of the ~~Department of Public Works~~ and the City Planning Commission, had requested the Mayor to approve a budget of $25,000 to obtain a dependable engineering study on the reconstruction costs of the Palace of Fine Arts, and that the request had been denied.

Mr. Kimball stated that the staff wishes to recommend that the Commission request $40,000 for an engineering study, this being the figure recently agreed upon with the Department of Public Works' staff.

President Parr said he thought it was most important that a survey and study of the usage of the Palace of Fine Arts be made either prior to or in conjunction with the engineering study.

Mr. Clark, of the League, reported that he was endeavoring to make such a survey by contacting some 200 organizations throughout the Bay Area which might conceivably be interested in using the Palace of Fine Arts.

Following much discussion, on motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Resolution No. 3037

WHEREAS, on January 20, 1958, His Honor Mayor Christopher, in accordance with Assembly Bill No. 1400, and on recommendation of the Palace of Fine Arts League, requested this Commission submit to the Board of Supervisors a Bond Issue proposal in the amount of $3,600,000 for the reconstruction of the Palace of Fine Arts, for the Board of Supervisors to consider for place-

WHEREAS, on January 23, 1958, this Commission by Resolution No. 2958 recommended to the Board of Supervisors the submission of a Bond Issue for the rehabilitation of the Palace of Fine Arts at a Special Election in June, and

WHEREAS, the Finance Committee of the Board of Supervisors, following a review of the request declined to recommend the submission of a bond issue for the June ballot on the basis that factual data was lacking; and admonished this Commission that if there is to be further consideration of the proposal for possible submission at the November 1958 election, the Commission should undertake to develop and submit to the Finance Committee all pertinent revenue and expenditure figures, construction plans and estimates, legal opinions concerning title and permissible uses, plans for utilization of the restored facilities, and all other information necessary to permit the Committee to formulate a recommendation with respect to submission to the voters; now, therefore, be it

RESOLVED, that this Commission does hereby request the Mayor, the Board of Supervisors, and the Controller to approve a Supplemental Appropriation in the amount of $40,000, to provide funds for expenses in connection with (a) the preparation of reliable estimates of cost to reconstruct and rehabilitate the entire Fine Arts Palace, including the surrounding park, landscape and lake areas; (b) the preparation of a reliable and substantial report on the functional uses of the structure, its permissible uses when restored, and plans for its utilization, including itemized estimated revenues, expenditures, operational and maintenance expenses; (c) the preparation of proposed agreements between the City and County of San Francisco and the State of California, according to the terms of Assembly Bill 1400 setting forth the conditions of transfer of title and the financial and operational participation of both parties; and (d) all the foregoing information to be prepared and submitted in sufficient time to permit the Board of Supervisors and its committees to formulate a recommendation with respect to submission of the Palace of Fine Arts Bond Issue to the electorate in November 1958.

Attorney's n Sought e of Palace e Arts for Repair Shop

The Commission's request for the City Attorney's opinion on the legality of permitting use of the Palace of Fine Arts for City Repair Shop purposes had not yet been answered. However, in view of the public service which such use would afford and in consideration of the various uses which had been served temporarily in the Palace of Fine Arts structure, on motion of Commissioner Herz, seconded by Commissioner Coffman, the request of the Purchaser of Supplies to locate Shop No.2 in the Palace of Fine Arts for one year, was approved subject to a favorable ruling from the City Attorney.

Commissioner Gallagher reported on the action taken since receipt of the letter from the Citizens Committee for More Golf Courses, in which it was suggested that Fuhrman Bequest funds be used to construct an additional pitch and putt golf course in Golden Gate Park.

Father Gallagher stated that several staff suggestions had been received from Mr. Roy L. Hudson, proposing improvements to Golden Gate Park that conceivably could be financed with Fuhrman

The Secretary was directed to send each Commissioner a copy of the several staff suggestions, as well as a copy of City Attorney's Opinion No.3735 of December 1945, in which the definition of the expression "further adornment" as used in the Fuhrman Bequest is fully discussed.

(5) Personnel Selection Committee

Commissioner Moore reported that the Selection Committee on seeking a permanent General Manager for the Recreation and Park Department, had received information from the National Recreation association and the American Institute of Park Executives on the professional standards and qualifications for such a position. The Committee is currently receiving applications.

President Parr requested that the Selection Committee include in its considerations, applicants for the position of Superintendent of Parks. He stated that he had received applications from two staff employees, Mr. Frank Foehr and Mr. Roy Hudson, and he felt that in fairness to those gentlemen, the applications should be taken under advisement by the Selection Committee.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the Selection Committee is broadening its scope to include consideration of a Superintendent of Parks position.

(7) Cancellation of Architectural Contract - L. Hobart, Deceased - Strybing Fund

The Secretary reported that the Controller's office had recommended the cancellation of the architectural contract of L. Hobart, deceased. Mr. Hobart had been engaged by the Park Commission in 1935 to prepare plans for a Strybing Arboretum building. Plans had been partially completed between 1935 and 1939, but were interrupted by World War II, during which time Mr. Hobart died. He had been paid the sum of $5,393.67 for work performed. There remained an encumbrance of Strybing funds to his account in the amount of $3,595.78.

On motion of Commissioner Moore, seconded by Commissioner Herz, the following resolution was adopted:

COMMUNICATIONS

(1) From J. W. Mailliard, III, California Academy of Sciences, requesting the Commission's support and endorsement of Bond Issue measures for the Rehabilitation of the Steinhart Aquarium, and requesting permission to use the Commission's name as a signer of the ballot argument prepared by the Registrar of Voters.

On motion of Commissioner Sutter, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 3046

Endorsement of Bond Issue for Steinhart Aquarium Rehabilitation

Resolution No. 3046

ENDORSING AND SUPPORTING THE BOND ISSUE FOR THE REHABILITATION OF STEINHART AQUARIUM - SPECIAL ELECTION - JUNE 1958

WHEREAS, the Steinhart Aquarium is one of the finest public attractions in Golden Gate Park, and is appreciated by many visitors every day in the year; and

WHEREAS, the Steinhart Aquarium is in urgent need of a complete rehabilitation to make it a modern structure in order to accommodate the public's interest in the building's valuable aquatic life exhibits, and

WHEREAS, a bond issue for the rehabilitation of Steinhart Aquarium has been placed on the June 3 Special Municipal Election ballot,

THEREFORE, BE IT RESOLVED, that the Recreation and Park Commission of the City and County of San Francisco supports and endorses the bond issue measure for the rehabilitation of Steinhart Aquarium, and further, requests the Clerk of the Board of Supervisors to include the Recreation and Park Commission as a signer to the ballot argument prepared by the Registrar of Voters for the City and County of San Francisco.

49ers' ment for Stadium l, 1958 m; May est Revisions 959

(3) From Victor P. Morabito, San Francisco Forty Niners, enclosing the executed agreement for rental of Kezar Stadium for the 1958 season, and offering several comments, including notice that they may request revisions of the agreement prior to the start of the 1959 season.

The letter was read in full and Commissioner Coffman reported that the views expressed in the letter were much the same as those presented by Mr. Morabito at the Commission meeting of February 6, 1958 when the decision was made on the 1958 rental terms and conditions. He noted that the Forty Niners subsequently increased its admission price schedules as a means of compensating for the Commission's retention of the 10% rental charge.

Commission Coffman expressed the Commission's willingness to again consider Kezar rental terms at the completion of the 1958 season and to receive proposals and suggestions from the Forty Niner management at that time.

On motion of Commissioner Coffman, seconded by Commissioner Gallagher, the letter was ordered filed for the record. Copies of the letter to be furnished Commissioners Coffman and Gallagher.

(7) From E. P. Svensen, Vice President, Duchess Catering, submitting offer and proposal for concession privileges at "Storyland".

Commissioner Moore, Chairman of the Storyland Committee, reported that the Duchess Catering proposal, architectural sketches and plan of operation had been reviewed and appeared to be well prepared and attractive.

Mr. Norman Rosenberg, operator of a well-known toy store and catering service, addressed the Commission requesting an opportunity to submit a proposal for concession privileges at "Storyland". Before any final action is taken on the Duchess proposal, on motion of Commissioner Sutter, seconded by Commissioner Coffman, the matter of the letting of concession privileges for "Storyland" was referred to Commissioner Moore's committee and the staff for the preparation of a report and recommendation on proposals.

(8) Request of Mr. Eugene J. Riordan, Director, Redevelopment Agency of the City and County of San Francisco, for adoption of a resolution permitting the Department of Public Works to install fire cistern in southwest corner of Hamilton Square Playground, and permitting the Department of Public Works to establish and maintain a temporary right of way across the southeast corner of Hamilton Square Playground during construction of Underpass on Geary Street.

Mr. Riordan was present and presented detail drawings of the proposed installations and explained that the inconvenience to the playground operation would be of a temporary nature.

On motion of Commissioner Gallagher, seconded by Commissioner Herz, the following resolutions were adopted:

Resolution No. 3049A

AUTHORIZATION BY RECREATION AND PARK COMMISSION PERMITTING THE DEPARTMENT OF PUBLIC WORKS TO INSTALL FIRE CISTERN IN SOUTHWEST CORNER OF HAMILTON SQUARE PLAYGROUND

WHEREAS, by the terms of a certain "Cooperation Agreement" existing between the City and County of San Francisco and the Redevelopment Agency of the City and County of San Francisco, regarding the Western Addition Approved Redevelopment Project Area A-1, duly executed on June 12, 1956, (Board of Supervisors' Res. 16712), the City agrees, among other things, to recon-

struct and relocate the sewers, low pressure water mains, the auxiliary water supply system, and the fire alarm and police telephone systems; and

WHEREAS, it has been determined by the Fire Department that a fire cistern should be installed at Geary and Scott Streets in the southwest corner of the Hamilton Square Playground to become a part of said auxiliary water system, said installation to be performed by, or under the direction of, the Department of Public Works; and

WHEREAS, said Redevelopment Agency, for and on behalf of said Department of Public Works, has requested permission to commence and go forward with such installation; and

WHEREAS, the Recreation and Park Commission, in addition to fulfilling said "Cooperation Agreement," deems that the installation of said fire cistern will serve an emergency fire protection purpose in connection with the buildings and structures now being maintained by the Commission on the Hamilton Square Playground; and

WHEREAS, the Recreation and Park Commission finds that the proposed fire cistern will be a sub-surface installation and constructed in a manner to be of virtually no interference or danger to the promotion of program and activities of the Hamilton Square Playground upon completion:

NOW, THEREFORE, BE IT RESOLVED that the Recreation and Park Commission of the City and County of San Francisco, subject to approval by the Board of Supervisors as required under Section 42 of the City Charter, and subject to all other applicable law and the budget and fiscal provisions of the Charter, hereby authorizes and permits the Department of Public Works to install and maintain, or cause to be installed and maintained, a fire cistern at Geary and Scott Streets in the southwest corner of the Hamilton Square Playground, the same to be constructed as expeditiously as possible and maintained with the least possible interference with the program and activities of said playground, and as soon as completed the surface restored to the satisfaction of the Recreation and Park Commission by the Department of Public Works, and at its expense.

Resolution No. 3049B

AUTHORIZATION BY RECREATION AND PARK COMMISSION PERMITTING THE DEPARTMENT OF PUBLIC WORKS TO ESTABLISH AND MAINTAIN A TEMPORARY RIGHT OF WAY ACROSS THE SOUTHEAST CORNER OF THE HAMILTON SQUARE ON GEARY STREET

WHEREAS, by the terms of a certain "Cooperation Agreement" existing between the City and County of San Francisco and the Redevelopment Agency of the City and County of San Francisco, regarding the Western Addition Approved Redevelopment Project Area A-1, duly executed on June 12, 1956 (Board of Supervisors' Res. 16712), the City agrees, among other things, to cooperate with said Agency in promoting the widening of Geary Street as a part of said Western Addition Project; and

WHEREAS, it has been determined by the Department of Public Works that constructing an underpass on Geary Street at Fillmore Street is to be a preliminary project of said street widening project; and,

WHEREAS, it appears that the most convenient and feasible means of re-routing traffic during the construction of said underpass will require a right of way permit over a portion of the southeast corner of the Hamilton Square Playground, said

portion averaging 90 feet in depth along the westerly line of Steiner Street at said corner and extending along the northerly line of Geary Street a distance of approximately 100 feet; and,

WHEREAS, said Redevelopment Agency, for and on behalf of the Department of Public Works, has requested permission to re-route traffic across said portion of the Hamilton Square Playground during the period of said underpass construction; and

WHEREAS, the Recreation and Park Commission in compliance with the intent of said "Cooperation Agreement" and believing the total project to be in the interest of the Hamilton Square Playground realizing a better potential in service, even though such re-routing of traffic will involve temporary inconvenience:

NOW, THEREFORE, BE IT RESOLVED that the Recreation and Park Commission of the City and County of San Francisco, subject to approval by the Board of Supervisors as required under Section 42 of the City Charter, and subject to all other applicable law and the budget and fiscal provisions of the Charter, hereby authorizes and permits the Department of Public Works, to establish, use and maintain a temporary right of way over a portion of the southeast corner of the Hamilton Square Playground, said portion averaging 90 feet in depth along the westerly line of Steiner Street at said corner and extending along the northerly line of Geary Street a distance of approximately 100 feet, for re-routing traffic during the period of its construction of, or causing to be constructed, an underpass on Geary Street at Fillmore Street, the same to be maintained with the least possible interference and danger to the operation of said playground and to be discontinued and the surface restored to the satisfaction of the Recreation and Park Commission at the Department of Public Works earliest convenience, and at its expense.

(1) From His Honor Mayor George Christopher, forwarding for the Commission's attention, letters from the following, all protesting the proposal to construct stables in Golden Gate Park:

(a) From Carl and Edith Lustig, 3909 Lincoln Way
(b) From Mrs. Beulah L. Smith, 1470-43rd Avenue
(c) From Mrs. Bertha Rose and Lou G. Rose, 1207-37th Avenue
(d) From Reg. W. Woods, 1232-42nd Avenue

(2) From Mr. O. C. E. Rusch, Chairman, Central Council of Civic Clubs, advising the Mayor, City Officers, Boards and Commissions, that the Central Council of Civic Clubs is opposed to the proposal to erect new equestrian facilities in Golden Gate Park, and enclosing a statement of his committee headed "The Facts", which at the direction of President Parr was read in full by the Secretary.

The statement charged that the stable proposal was not in the public interest, is not needed, and would be opposed by a large majority of voters and tax payers. The Secretary read his report, under date of March 25, to President Parr, answering the committee's statement charge by charge.

On motion of Commissioner Sutter, seconded by Commissioner Herz, the Secretary was authorized to direct and send copies of the March 25 report to all addressees of the Central Council of Civic Clubs' letter of March 17, 1958.

President Parr then granted the privilege of the floor to those persons in attendance who wished to speak on the stable proposal. Mr. Alfred H. Hons of 2271-31st Avenue spoke at length in opposition to the proposal, strongly questioning the use of the location proposed in Golden Gate Park and complaining of the use of public funds in support of the project. Mrs. Thomas Best, representing the Great Highway Club also spoke at length in opposition to the stables repeating and enlarging on her previous objections.

(1) Mr. James P. Lang, Assistant Superintendent of Recreation, introduced Mr. Ed. Canale as a representative of the San Francisco Archers Incorporated who conduct their archery program at the Sharp Park Archery Range.

The Secretary read the letter of Mr. Bernard A. Painchaud, President of the organization, outlining their proposal to provide a convenience station and shelter on City property at the Sharp Park Archery Range.

Mr. Canale explained that the buildings would be erected at no cost to the City and that the club would be willing to undertake responsibility for their upkeep. Construction cost was estimated at approximately $2,500.00.

On motion of Commissioner Gallagher, seconded by Commissioner Sutter, the proposal was referred to the General Manager and staff to obtain a complete plan of the proposed construction, a draft of the leasing and operation agreement, and a formal opinion from the City Attorney that the proposed construction and use is legal.

President Parr extended a cordial welcome to the following members of the three-man committee of the 1958 Grand Jury, assigned to the study and report of the Recreation and Park Department:

MR. EARL S. LOUIE, Chairman
Importer, Shanghai Bazaar - 645 Grant Avenue

MR. ANGELO E. CAMPANA
Realtor, Anchor Realty Co. - 2122 Market Street

MR. HOWARD H. LOWRY, Credit Manager
Federal Reserve Bank - 400 Sansome Street

President Parr introduced each member to the Commission. Chairman Earl S. Louie expressed the Committee's pleasure and interest in its assignment, informing the Commissioners that his committee had met with the General Manager, Secretary and staff the previous evening and had found the meeting most informative. He complimented the Commission on its staff personnel and on the general good appearance of the department's operations and services.

In answer to Mr. Campana's inquiry regarding the selection of a permanent General Manager, President Parr replied that the Commission's Selection Committee was presently and actively engaged in the process of receiving applications from candidates.

President Parr thanked the Grand Jurors for their interest and assistance and assured them that the services of both the Commission and the Department were entirely at their disposal.

of Fuhrman est Funds

b) Fuhrman Bequest Funds. - Commissioner Gallagher reported on the Citizens' Committee for more golf courses, suggesting that Fuhrman Bequest funds be used to construct a 9-hole golf course in Golden Gate Park. He noted that Mr. Hudson's report offered seven possible improvements in Golden Gate Park which could conceivably be financed with Fuhrman Funds. Copy of Mr. Hudson's report was mailed to each commissioner. Commissioner Gallagher invited discussions of the proposed improvements stating that while the suggestion of the golf course seemed compatible, he personally was not prepared to recommend the use of Fuhrman Bequest Funds for that purpose at this moment. No action was taken by the Commission and the matter remained in committee for further report.

(1) Approval of Final Plans and Specifications for Russian Hill Park as prepared by the Landscape Architect

The Commission next reviewed the final plans and specifications for the Russian Hill Park as prepared by Lawrence Halprin, Landscape Architect. Mr. Harman gave a detailed explanation of the drawings stating that the architect's estimate of cost is $57,500.00 and that this improvement is a 1955 Bond Fund item. The bid proposals include alternates that may be eliminated to bring the contract within the funds available. On motion of Commissioner Moore, seconded by Commissioner Zimmerman, the following resolution was adopted:

Resolution No. 3060

RESOLVED, that this Commission does hereby approve the Final Plans and Specifications for the Construction of the Russian Hill Park as submitted by Lawrence Halprin, Landscape Architect. The Architect's estimate of cost being $57,500.00; and be it

FURTHER RESOLVED that payment to the architect is hereby authorized to the extent of services satisfactorily performed by him to date, under the terms of the contract.

Mr. Harman reported that the bid proposals also provided for a deduction item, if the Commission did not elect to have the Contractor provide 22,000 cubic yards of dirt to fill a ravine bordering the golf course fairway. No City fill being available, Mr. Harman recommended accepting the low bidder's full contract price. The Fay Improvement Company's deduction for omission of fill was $12,640.00. The Chas. Harney Company's deduction was $18,000.00.

On motion of Commissioner Moore, seconded by Commissioner Zimmerman, the following resolution was adopted:

Resolution No. 3061

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby award the contract for ROUGH GRADING FOR 9-HOLE GOLF COURSE AND CONSTRUCTION OF A ROADWAY - McLAREN PARK, SAN FRANCISCO TO THE FAY IMPROVEMENT COMPANY, 101 Carolina St., San Francisco, they being the lowest regular and responsible bidder therefor in the amount of $145,090.00 (being the Lump Sum Bid under Item #1 in the amount of $139,890, plus Items Nos. 2, 3 and 4, totaling $5,200.00 for removal of trees); and be it

(3) SURPLUS FEDERAL LAND NEAR LAKE MERCED

...us Federal ... Near Lake ...d to be ...ed

President Parr reported that there had been public notice on Monday, March 24, 1958 that the Federal Government is placing 12.3 acres of federal government land on sale by public auction. The property faces on Lake Merced Boulevard and Skyline Boulevard and is directly across the boulevard from Lake Merced on the east, Ft. Funston on the west and the Olympic Club Golf Course on the south.

He asked the General Manager for his views and Mr. Kimbell reported that he had inspected the property and would consider it a valuable asset to the department. President Parr stated that the G. S. A. had indicated that it prefers to release surplus properties to private ownership rather than to public jurisdictions.

On motion of Commissioner Zimmerman, seconded by Commissioner Gallagher, the availability of the surplus federal government property was referred to the General Manager and Commissioner Moore's Committee for early study, report and recommendation.

(2) From Robert E. Gross, General Chairman of the 1958 National Convention to be held in San Francisco, April 30 through May 4, will be the "Operation Science" and will feature an unusual series of exhibits emphasizing the role of science in the modern Navy. The convention committee requests permission to place the rocket and satellite exhibit in a portion of Huntington Park, and to display a "Crusader" Navy plane and rocket on the Marina Green. A security guard will be provided for all exhibits on a 24-hour basis and clearance has been obtained from the San Francisco Police and Fire Departments. (The Committee withdrew its earlier request for Union Square because of conflict with Photomaraton Display.)

On motion of Commissioner Gallagher, seconded by Commissioner Zimmerman, the following resolution was adopted:

Resolution No. 3041

RESOLVED, that this Commission on recommendation of the General Manager, does hereby grant permission to the Convention Committee of the Navy League of the United States to place an outdoor rocket and satellite exhibit in Huntington Park and to display a Navy plane and rocket on the Marina Green during the period of April 30 thru May 4, as a part of the National Convention Exhibit Program. This permission is granted with the condition that a continuous security guard may be provided by the Armed Forces and that clearance is obtained from the San Francisco Police and Fire Departments.

CUSSED BUSINESS

(1) Committee Reports and/or Recommendations

Commissioner Herz reported that Mr. Harman had prepared an estimate and breakdown of the cost of landscaping, grading and turfing the easterly portion of Franklin Square along the property line and submitted a figure of $9,500.00.

Commissioner Sutter stated that the proposed sale of said property to Aeronautical Lodge #1327 would eliminate the necessity of undertaking the improvements set forth in Mr. Harman's memorandum.

Mr. Andrew Gallagher, representing the Union, informed the Commission that as purchaser of the property, the abandoned street area would be paved, fenced and proper ingress and egress would be provided for the park operation.

Mr. Ballerini also representing the Union, stated that it was the purchaser's intention to spend approximately $22,000 to put the property in useable condition, and further stated that it had no intention of ever building any structure on the acquired property.

Mr. Raymond Kimbell, General Manager, recommended the sale of the City property, while Commissioners Moore and Gallagher voiced objection to the sale on the premises that the neighborhood pattern of the district may change and that the department has a continuous need for all of its recreation land. Commissioner Moore suggested a lease or rental arrangement rather than an outright sale. Following a lengthy discussion, on motion of Commissioner Herz, seconded by Commissioner Sutter, the following resolution was adopted:

Resolution No. 3073

RESOLVED, that this Commission on recommendation of the General Manager, does hereby approve and accept the offer of Production Machine Operators & Aeronautical Lodge No.1327 to purchase this Commission's interest in that portion of Hampshire Street which runs north and south along easterly property line of Franklin Square, at a purchase price of $32,000.00, provided that the Production Machine Operators & Aeronautical Lodge No. 1327, as purchaser, agrees to grade, pave, fence and otherwise improve the property to the satisfaction of this Commission and to provide the improvements of proper ingress and egress for the convenience of this Commission; and further agrees that there be placed in the deed of sale stipulations that the purchaser shall at no future date place any building or structure on the property acquired and that in the event the purchaser elects to perform any excavation on the property, that the cost of providing adequate and satisfactory protective embankments, retaining walls and appurtenances for the protection of the park property shall be borne by the holder of the deed.

The foregoing resolution was adopted with Commissioners Moore and Gallagher recording a negative vote for the reasons stated in the aforementioned discussion.

Resolution No. 3075

RESOLUTION ESTABLISHING POLICY GOVERNING USE OF RECREATION CENTER BUILDINGS DURING EVENING HOURS WHEN FACILITIES ARE NOT NORMALLY OPEN. (SATURDAYS AND SUNDAYS)

RESOLVED, that this Commission does hereby establish as its policy for the use of recreation center buildings during evening hours when use of the facilities is not normally scheduled, the following specific regulations:

1) Where a charge is levied by the sponsoring group a fee of $25.00 shall be charged with the option of 10% of the net proceeds, whichever is the greater. In addition, the sponsoring agent shall be required to carry public liability insurance in the amount of $100,000/300,000 plus $5,000.00 property damage.

2) Where the sponsoring agent (Boy Scouts, Girl Scouts, etc.) is conducting a bona fide recreation program with no charges being levied, a sufficient amount shall be charged to cover the cost of personnel necessary to satisfactorily supervise the event and shall be accompanied by a written agreement whereby the sponsoring agent promises to satisfactorily repair any damage done to Recreation and Park Department facilities.

(4) Mr. Kimbell reported that the staff and Commissioner Moore had reviewed the Federal Government's announcement of the proposed sale of government land in the Lake Merced area. Mr. Kimbell stated the area was well wooded and ideally adapted for public recreation and day camping and recommended that the Commission adopt a resolution authorizing an attempt to acquire the land. He stated that in accordance with Government regulations the City could acquire a property for 50% of its valuation.

Commissioner Gallagher questioned the need for acquiring additional camping site property, but was given assurances by Mr. Kimbell that neither McLaren Park or Golden Gate Park offered equal accommodations.

On motion of Commissioner Zimmerman, seconded by Commissioner Moore, the following resolution was adopted:

(6) President Parr reported that at a Budget hearing in the Mayor's office on Saturday, April 5, Mayor Christopher had deleted the item of $175,000.00 for establishment of riding facilities in Golden Gate Park. The Mayor stated that he favors horseback riding and riding accommodations in Golden Gate Park, but wanted to see a thoroughly prepared plan for construction, operation and financing before providing any substantial funds in the budget. The Mayor indicated that he will approve a request for $7,500.00 for the preparation of preliminary plans.

Several persons attending the meeting spoke either for or against the riding stables proposal, most of the arguments having been heard at previous Commission meetings.

On motion of Commissioner Coffman, seconded by Commissioner Sutter, the following resolution was adopted:

Resolution No. 3082

RESOLVED, that this Commission does hereby request the Mayor to approve a Supplemental Budget request item in the amount of $7500.00 for the preparation of preliminary plans, specifications and cost estimates, together with a private financing program approved by the City Controller, for the construction and establishement of public riding academy and stable facilities in Golden Gate Park.

(7) Park Superintendent Position

President Parr reported that at the Mayor's Budget Meeting on April 5, the Mayor had stated very firmly that he wanted a reduction of the administrative staff and suggested the elimination of Park Superintendent position. The Mayor granted a few days extension of time to permit the Commission to discuss the matter with Mr. Grubb, as the Mayor's Administrative Assistant.

On motion of Commissioner Herz, seconded by Commissioner Coffman, President Parr, Commissioner Moore and Mr. Kimbell were empowered to confer with Mr. Grubb, on the matter of Park Superintendent position with a view to retaining the position in the budget rather than reallocating the duties.

* * * * * * * * * * * * *

At this juncture, on motion of Commissioner Moore, seconded by Commissioner Herz, the Commission decided to go into executive session. President Parr announced that pursuant to Government Code Section 54957, the Commission would go into executive session to concider the matter of appointment of General Manager of the Recreation and Park Department.

The executive session having been held, during which time the meeting room was cleared of all persons except the Commission members, the regular session of the meeting was again resumed. President Parr announced that on motion duly made and seconded, the Commission had unanimously adopted the following resolution.

Resolution No. 3083

RESOLVED, that this Commission does hereby unanimously appoint Mr. Raymond S. Kimbell, General Manager of the Recreation and Park Department, said appointment to become effective immediately; and be it

FURTHER RESOLVED, that Mr. Kimbell be authorized to take a leave of absence without pay on the position of Superintendent of Recreation of the Recreation and Park Department, and to so notify the Civil Service Commission.

(11) From Alan Fleishhacker, President, San Francisco Zoological Society, submitting a proposal whereby the Society would operate refreshment concessions within the San Francisco Zoological Gardens.

Mr. Ansel W. Robison, Dr. Joel Gustafson and Mr. Alan Fleishhacker were present in the interests of their Society's proposal.

Mr. Robison, as spokesman, gave a general outline of the plan, stating that other zoological societies throughout the nation have handled concession arrangements, using the revenues for improvement of the zoos.

Commissioners were in receipt of a brochure setting forth the proposal in some detail.

Commissioner Moore, of the Zoo Committee, expressed approval of the idea in principle and suggested that the staff work out the detailed arrangements.

Mr. Kimbell stated that the operation would require approval of the City Attorney and the Board of Supervisors, and that he would submit a detailed arrangement for Commission approval at the May 22 meeting.

On motion of Commissioner Moore, seconded by Commissioner Zimmerman, the General Manager and the Business Manager were authorized to proceed with the preparation of a detailed agreement for submission to the Commission at the May 22 meeting. REPRESENTATIVES AND DELEGATES

(1) The Secretary read a letter from Mrs. H. J. Ralston, 184 Edgewood Avenue, representing the Edgewood Neighborhood Association, requesting the privilege of appearing before the Commission to request further consideration of the purchase of the Montgomery property as an addition to the Green Belt.

Many persons were in attendance at the meeting in the interest of the City's acquisition of the 12-1/2 acres commonly known as the Montgomery property, located on the east slope of Mount Sutro.

Mr. John R. Busterud, representing the Edgewood property owners, was the major spokesman for individuals and organizations, urging the City to purchase the property.

Mr. Charles W. Maurer, vice-president of the Twin Peaks Improvement Association, filed a petition of 182 signatures supporting the City purchase of the property, and filed a letter to the Commission under date of May 1, listing 7 major reasons why his Association urged the acquisition.

The Midtown Terrace Home Owners were represented by Mr. Eugene S. Coldwell.

Mr. Frank Owen, a land developer, informed the Commission that he had an option on the Montgomery property and plans for an apartment development.

Commissioner Herz reminded all present that purchase of this land had been under consideration about a year ago, but that no funds were then available, and that no funds are available now. He said that some of the Commissioners had personally visited the property when it was previously under consideration.

General Manager Kimbell stated that his review of the area had been cursory and he requested that the matter be held over for further study and recommendation. The Commission granted his request with the understanding that a full report would be submitted at the May 22 meeting.

(It is noted that a letter signed by Mr. Lawrence Lackey, President of the San Francisco Planning and Housing Association, to Commissioners, supports the City's purchase of the Montgomery property)

(2) Proposed Stables - Golden Gate Park

...t of S.F. ...'s Associa... ...or Stable ... Arrangemts. ... Grounds ...ed to General ... for Plan ...ort at ... Meeting

The Secretary read the letter of Mr. Earl Van Note, President of the San Francisco Horsemen's Association, requesting permission for representatives to address the Commission regarding the Association's request that plans be worked out to utilize the stalls at the Golden Gate Park Polo Grounds to stable a limited number of pleasure riding horses. Several persons interested in the proposal were present.

President Parr stated that he had met with Messrs. Telfer, Weisenburg, Greer, and Mrs. Leonard, when they had informally discussed the possible use of the available horse stalls at the Polo Grounds stables.

Dr. Thomas Schulte, of the San Francisco Polo and Racing Association, expressed his willingness and pleasure at working out details if the Commission approves the general plan.

Commissioner Moore inquired about regular rental charges and was told that no rental arrangements or other details have been worked out.

In answer to Mrs. Thomas Best, President Parr assured her that the record would show that this temporary and expedient use of the Polo Stables implies no understanding or other connection with the major plan to construct stables in Golden Gate Park.

On motion of Commissioner Herz, seconded by Commissioner Bercut, the proposal was referred to the General Manager and staff for submission of a detailed plan and report at the May 22 meeting.

(3) Public Auction - 12.3 Acres Federal Land - Lake Merced Area

Mr. James W. Halley, Attorney, representing Mr. Thomas Callan and Mr. Michael Callan, realtors, appeared before the Commission to present their views with respect to the acquisition by the Commission of 12.3 acres of Federally owned land near Lake Merced.

Mr. Halley reported that his clients were the high bidders for the property at a Federal auction held April 22, with a bid figure of $105,000, while Federal Law provides that the City can purchase the property at approximately one-half the price of the highest auction bid offered by the highest auction bidder. Mr. Halley offered to demonstrate that City acquisition would not be a bargain. He based his reasoning on two points:

(a)- A possible revenue to the City from assessments, as well as the tax revenue from the improvements which his clients propose to construct on the property; and

(b)- The present availability of other park lands equally suitable for the purposes for which the Federal land is contemplated.

He asked the Commission to reconsider its earlier resolution, in which the Mayor and the Board of Supervisors were requested to appropriate funds so the land could be purchased by the City.

General Manager Kimbell re-stated the department's needs for the property for day camping, picnicking, and group recreation.

Mr. John McLaughlin, representative of the Municipal Parks Employees Union, submitted a letter and made a statement to the effect that his organization is opposed to the land being purchased by the City.

The statement of Dr. Theodore M. Kohler, Coordinator of Recreation Education at San Francisco State College, urging City acquisition of the property was presented, read and filed with the Secretary.

Mr. Lester Thomas, President, U. S. Mortgage Corporation, spoke in opposition to City acquisition of the property, emphasizing the need for tax relief and asking for more concentrated use of presently held park properties.

President Parr stated that the General Services Administration officials told him the City can buy the property if the proposed use can be justified.

Commissioner Herz suggested that the Commission inspect the Federal property and also make a personal inspection of the city park areas which Mr. Halley had identified as suitable for day camping. Commissioner Herz made it clear that he was not recommending withdrawal or delay of the Commission's request for funds, but was simply suggesting a review of the land in question.

On motion of Commissioner Gallagher, seconded by Commissioner Herz, the matter was taken under submission for review, to be reconsidered at the May 22 meeting.

President Parr assured Mr. Halley that if any Commission action is necessary on the matter, a Special Meeting will be called and interested persons will be notified. He also assured Mr. Halley that Acting Mayor Dobbs would be personally informed that the Commission is presently reviewing the matter.

(4) Art Festival Location

Mr. Martin Snipper, Director of the Annual Art Festival sponsored by the San Francisco Art Commission, was present and requested the Commission to assist him in selecting a suitable location for the Art Festival, to be held in September. Mr. Snipper outlined his difficulties due to the unavailability of both Washington Square and the Civic Center Plaza.

At Mr. Kimbell's suggestion, the Commission referred Mr.Snipper's request to the General Manager and staff, to endeavor to work out an arrangement with Mr. Snipper and to make a later recommendation to the Commission.

(6) Hall of Flowers

Mr. Kimbell reported that the final plans and specifications for Construction of the Hall of Flowers had been received from Architects Appleton & Wolfard, the estimated construction cost, exclusive of technical changes such as, inspections, laboratory fees and administrative expenses being $465,000.00.

Mr. Harman estimated the entire cost, including the above mentioned additional items, would be $495,000.00.

The plans have been submitted to the Art Commission for consideration at its next meeting.

Mrs. Walter Brendel and Mr. Al. Stettler of San Francisco Flower Shows, Inc., were present and expressed approval of the plans.

On motion of Commissioner Herz, seconded by Commissioner Bercut, the following resolution was adopted:

Nemec's rt on New r Sources Golden Gate Irrigation n Under Submis- for Later w and Refer- to Committee Recommendation

(7) Mr. Nemec's Report - Water Sources for Golden Gate Park

Mr. Harman, Supervising Engineer, submitted a report prepared by Mr. F. Nemec and associates, mechanical engineers, on a new source of water for Golden Gate Park irrigation purposes.

Both Mr. Harman and Mr. Rolph gave details of the proposed plan, which would call for an ultimate expenditure of some $750,000 to install a system of reclaiming sewage water as a means of meeting the critical shortage of the Golden Gate Park's water supply.

On the General Manager's recommendation, the Commission took the Nemec report under submission for review and later referral to committee for recommendation.

M I N U T E S

The One Hundred and Sixty-sixth Regular Meeting of the Recreation and Park Commission was called to order at 3:00 P.M., on Thursday, May 22, 1958, with President Parr presiding.

The following Commissioners were present:

Mr. Fred D. Parr, President
Mr. Peter Bercut
Mr. William M. Coffman
Dr. Francis J. Herz
Mrs. Joseph A. Moore, Jr.
Miss Jane E. Zimmerman

* * * * * * * * * * *

There being no errors or omissions, the Minutes of the Regular Meeting of Thursday, May 1, 1958, were approved.

* * * * * * * * * * *

(1) A large delegation was in attendance and completely filled the Commission Chambers. The group was present to urge that the Francisco Street reservoir and other properties of the Public Utilities Commission which adjoin Russian Hill Park, be preserved for recreation and park use. The Public Utilities Commission recently declared surplus the reservoir and adjacent property.

The following letters were filed with the Secretary, urging park development of the property:

a) Mr. James Prisin-Zano, President, Russian Hill Improvement Association, 1030 Francisco Street, San Francisco,

b) Mr. M. D. Weill, San Francisco Planning and Housing Association, 210 Post Street, San Francisco,

c) Ted Osmundson, President, North Pacific Chapter, American Society of Landscape Architects, 605 Washington Street, San Francisco,

d) Carl Livingston, Jr., President, The Guardsmen, 690 Market Street, San Francisco,

e) Joe Cervetto, President, North Beach Merchants & Boosters, Inc., 401 Columbus Avenue, San Francisco, and

f) Reverend Larry Byrne, Salesian Boys' Club, 666 Filbert Street, San Francisco

Mr. Stanley Sinton, an officer of the Russian Hill Improvement Association, spoke briefly in support of the park development. No one was present to oppose the issue.

The Secretary read the letter of Mr. James R. McCarthy, Director, Department of City Planning, advising that an application had been filed to change the zoning classification of the property from second residential to first residential, and requesting an opinion from the Commission concerning the proposal. As the entire matter was completely new to the Commission and staff, the matter was referred to the General Manager for staff review and later report, at which time all interested parties will be notified. The Secretary is to inform the City Planning Commission that a study of the area is being made by the staff.

(2) San Francisco Zoological Society Refreshment Concession Proposal.

S.F. Zoo Soc. Refreshment Concession - Approved in principle

Commissioner Moore and Mr. Alan Fleishhacker gave detailed reports of the plans whereby the San Francisco Zoological Society would operate the refreshment concession services at the Zoo. Under the plan, this non-profit organization would use all profits for the benefit and improvement of the Zoo; a 5% payment of gross revenues would go to the City General Fund; the Society would conduct individual operation, hiring its own manager and not involving city employments.

Mr. Ansel Robison spoke in support of the proposal; Mr. John McLaughlin spoke in protest as a labor union representative.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the Zoo concession plan was approved in principle and the General Manager was authorized to proceed in the preparation of a final agreement to be submitted for Commission adoption.

of Sutro Forest property was present. The secretary read several letters from individuals urging the city to purchase the property and several petitions were presented to President Parr and filed with the secretary.

Mr. John A.Busterud acted as spokesman for the supporters, as did Mr. Burton L. Rockwell, President of the Edgewood Neighborhood Association.

Following a full discussion by the Commissioners and the Representatives of the cost and proposed development or use of the Montgomery property, Mr. Kimbell asked for a continuance in order to permit him and the staff to confer with the Department of City Planning and the Director of Property.

Mr. Kimbell read the recommendations of the staff in which Messrs. Lang, Rolph and Hudson commented adversely on the City's acquisition of the property. Mr. Foehr's report of last year was also read, favoring the purchase.

Mr. Busterud and Mr. Seares, realtor, both agreed to a continuance and reasonable delay to obtain all necessary data for sound Commission action. On motion of Commissioner Moore, seconded by Commissioner Coffman, the matter was deferred to the General Manager to confer with City Planning and to submit a firm report in the reasonably near future; the secretary to notify interested parties when the matter is to be considered by the Commission.

Mr. Kimbell reported that the polo contests staged by the San Francisco Polo Association are being well attended under the free admission arrangement. He said that it would be handled as an activity under the Recreation Division rather than the Business Division, as revenues are not involved.

Mr. Lang reported that the San Francisco Polo Assn. and its associate memberships had arranged to utilize all available stalls and stable space during the polo season, and will provide adequate insurance coverage and watchman service, and will be responsible for the maintenance of the stalls.

On motion of Commissioner Bercut, seconded by Commissioner Moore, the occupancy of the Polo Stadium and Stable Area by the San Francisco Polo Assn., as outlined above, was approved for the 1958 season.

d

The Commission next considered its earlier action in which it authorized the department to attempt purchase of twelve acres of surplus Federal land, situated near Lake Merced and Skyline Blvd. President Parr submitted the following statement to be entered in the record:

STATEMENT BY FRED D. PARR, PRESIDENT REGARDING PROPOSED PURCHASE BY THIS COMMISSION OF THE 12½ ACRES OFFERED BY GENERAL SERVICES ADMINISTRATION.

1. Our General Manager recommended, and the Commission approved on May 1, 1958, the purchase of the 12½ acres from General Services Administration as a location for Children's Day Camps.

2. The Commission agreed, however, to delay final action until the meeting of today to give an opportunity to survey other sites that might be suitable for Children's Day Camps.

3. The Recreation Department has continued its investigation and another site has been reviewed which the Superintendent of Recreation advised the General Manager is satisfactory for Day Camp purposes.

4. I, therefore, released a statement that I would recommend to the Commission meeting today that it rescind its action for the acquisition of the 12½ acres above referred to.

5. Since the above announcement, some of the Commissioners have advised me that they deem it highly important to acquire this 12½ acres on account of the need of the land for future expansion of Day Camps, even though it may not be needed at this time.

6. There have been reports to the effect that if these 12½ acres are not acquired by the Commission it can be arranged to acquire such portion of the 200 acres of the Funston properties, controlled by the U. S. Army, as may be needed for expansion of the Zoological Gardens and to provide for Day Camps to meet future needs.

7. Whereas the funds to purchase the 12½ acres will apparently be available, the purchase still requires the favorable recommendation of the Finance Committee of the Board of Supervisors and the approval of said Board. I have talked with the Chairman of the Finance Committee, Acting Mayor Harold S. Dobbs, concerning this matter and he does not believe the Finance Committee will recommend the purchase of the 12½ acres unless new evidence is presented, as he feels it is far better to have this land sold for private development, so long as another site is available without cost to meet the requirements of the Children's Day Camp program.

8. Even though this Commission should approve the purchase of the 12½ acres, I do not believe that any practical value will result from such action, whereas if we cooperate with the Mayor, Finance Committee, Board of Supervisors and General Services Administration, the City will benefit thereby.

9. There still may be an honest difference of opinion between the various members of this Commission concerning the desirability of acquiring the 12½ acres, but when the final action is taken, I am confident that all parties will look to the future and work in a spirit of full cooperation for the benefit of our Recreation and Park Departments and the entire City of San Francisco.

10. This has been a difficult report to make, as I realize the many conflicting interests, but as President of the Commission I feel it is my duty and responsibility to clearly state what I believe to be the best course for this Commission to consider in any action that it may take.

Commissioner Herz stated that he had high regard and respect for President Parr's judgment, but still felt the record should show that, in a congested city with a growing population, open space is rapidly disappearing. Placing property on the tax rolls is good, but as time goes on, the loss of this Federal land as a recreational area could be costly to our youth. Commissioner Coffman stated that he visited both of the Federal properties and the recently disclosed Water Department site, which now appears to meet the department's needs at no additional cost.

NEW BUSINESS (1) Palace of Fine Arts

Commissioner Herz reported on meetings held with Acting Mayor Harold S. Dobbs and State Park officials regarding the Palace of Fine Arts.

At a meeting held in President Parr's office on May 19, Mr. Newton B. Drury, Chief, State Division of Beaches and Parks, suggested that San Francisco state its intentions regarding the Palace of Fine Arts as it relates to State Legislature Chapter 2386, Statutes of 1957. He suggested that the City state its official position at the June 20 meeting of the State Park Commission, and at that time request the State Park Commission to indicate what action, if any, it would take regarding the City's proposal.

On motion of Commissioner Herz, seconded by Commissioner Moore, the following resolution was adopted:

Resolution No. 3141

WHEREAS, the State Legislature has enacted Chapter 2386, Statutes of 1957; and

WHEREAS, said Statute provides for and makes an appropriation to the acquisition, repair and operation of the San Francisco Palace of Fine Arts as part of the State Park System; and

WHEREAS, the Statute requires that the City and County of San Francisco convey all of the land and improvements known as the San Francisco Palace of Fine Arts, totaling approximately 13-1/2 acres; and

WHEREAS, the present cost estimates of the cost of repair and rehabilitation of said Palace of Fine Arts will exceed more than twice the $2,000,000 made available by the Statute; and

WHEREAS, it will become necessary for the City and County of San Francisco to match the State Fund with an amount which, when added to the $2,000,000 made available by this Statute, will equal the amount of the estimated cost of repair and rehabilitation; and

WHEREAS, it appears from the Statute that all of the repairs and rehabilitation must be done either directly by the State or under the direction of the State; and

COMMUNICATIONS

(1) From Philip L. Rezos, Director of Property, submitting a resolution for approval of the Board of Supervisors authorizing the purchase of property from the State of California required for the San Francisco Municipal Stadium near Bayview Park; this purchase being in replacement of a previous arrangement whereby the State property was to have been leased by the City for a thirty-five year period at a rental of $26,415. (Resolutions 2928 and 2929).

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Res. #3175

Purchase of State Land for Stadium

Resolution No. 3175

RESOLVED, that this Commission does hereby approve for submission to the Board of Supervisors a resolution authorizing acquisition by the City of submerged streets and railroad rights of way from the State of California for the sum of $23,000., and further requests the Board of Supervisors to approve a supplementary appropriation in said amount of $23,000. to cover costs as follows:

Railroad R/W parcels	22,415.30
12 streets	12.00
Incidental expenses	572.70
	23,000.00

BE IT FURTHER RESOLVED, that this Commission does hereby rescind its previous action under Resolution No. 2928 and 2929 wherein it approved the City's leasing of the above mentioned parcels from the State of California and wherein it was requested that an appropriation of $26,415.20 be approved to pay the rental under the two proposed thirty-five year leases.

Mr. Kimbell reported that the 1955 Recreation Bond Fund had earmarked $175,000. for establishment of a Cow Hollow Neighborhood Playground within the Presidio reservation.

On motion of Commissioner Coffman, seconded by Commissioner Herz the U. S. Army's Notice of Denial was referred to the General Manager and he was requested to explore the entire matter of public recreation facilities with the residents of the Cow Hollow - Marina - Presidio district.

(7) From Burns W. Lee, General Public Relations, Inc. requesting permission to use the parking lot adjoining Kezar Stadium for one night, Friday, August 1 to accommodate travel trailers on a cross-country tour.

On recommendation of the General Manager, motion of Commissioner Coffman, seconded by Commissioner Herz the foregoing request was approved provided proper insurance is carried and hold harmless statements are furnished the Department.

(8) From Don Selby, Sports Department, San Francisco Examiner, requesting the use of the eighth hole at Lincoln Park for the staging of the Examiner's 26th Hole in One Tournament July 15 through July 20.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the foregoing request was approved.

(9) From Philip L. Rezos, Director of Property, regarding the proposed transfer of jurisdiction of the Bayview Playground (Assessor's Block 5420) from the Recreation and Park Commission to the San Francisco Water Department.

...ER

...er of Bay... Playground ...

The General Manager reported that the old Bayview Playground at Third and Armstrong Streets is now surrounded by industrial and commercial properties, and its service as a neighborhood playground has been reduced in recent years. It does, however, provide a baseball diamond for younsters and industrial workers. It is anticipated that the enlargement and improvement of Gilman Playground, including a baseball diamond, will make it possible to declare the Bayview Playground as surplus property. Commissioners were opposed to releasing Bayview Playground until the completed Gilman playground proved itself adequate to the needs of the neighborhood.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Resolution No. 3179

RESOLVED, that this Commission does hereby record its official position regarding the transfer of Bayview Playground, Assessor's Block 5420 to the San Francisco Water Department as follows: that Bayview Playground cannot be considered surplus recreation property until such time as the nearby Gilman Playground is enlarged and improved, with baseball facilities, and until such time as the improved Gilman Playground is placed in operation and proves adequate to the needs of the neighborhood, any action to dispose or transfer jurisdiction of Bayview Playground shall be held in abeyance.

WHEREAS, this Commission by its Resolution No. 2932, January 9, 1958 found and determined that the proposed erection of an office building at the southwest corner of California and Kearny Streets adjacent to St. Mary's Square would not encroach on any of the public park property, and formally recorded at that time that it had no objection to the proposed office building as designed by Mr. W. S. Allen, Architect, and

WHEREAS, the Director of Property has advised that at pu' sale St. Mary's Square Garage, Inc. acting for the American President Lines, has submitted a bid of $100,000. for purchase of the city property,

NOW, THEREFORE, BE IT RESOLVED, that this Commission as lessor for the City and County of San Francisco of the St. Mary's Square Garage does hereby approve, pursuant to Ordinance No. 299-38, the sale of certain St. Mary's Square Garage city property, and hereby authorizes its President and Secretary to execute certain agreements consenting to said transaction of sale and quitclaiming this Commission's interest in the city property which is being sold.

(12) From James McCarthy, Director of Planning, a letter under date of June 25, outlining the City Planning Commission's series of negotiations with the San Francisco Port Authority in an effort to reach a mutual agreement on the establishment of a Ferry Building Park. The letter explained the attendant difficulties regarding jurisdictional lines of portions of the Embarcadero, and the problem of co-relating traffic circulation plans with the proposed Ferry Park plans. Mr. McCarthy urged the Commission to reaffirm its endorsement of a Ferry Building Park and a bond issue to finance its construction.

On motion of Commissioner Bercut, seconded by Commission Coffman, the following resolution was adopted:

RESOLUTION NO. 3181

Park Bond
Re-affirmed

RESOLVED, that this Commission does hereby reaffirm that public interest and necessity demand the acquisition of land and construction thereon of a park at the foot of Market Street at The Embarcadero; and

BE IT FURTHER RESOLVED that the Board of Supervisors be and are hereby requested to call and provide for the required bond election to be held at the regular election in November 1958 for the purpose of submitting to the voters the proposition of incurring said bonded debt of the City and County of San Francisco.

SENTATIVES AND DELEGATES

(1) San Francisco Municipal Baseball Stadium

Commissioner Coffman, as Chairman of the Stadium Committee, prefaced the discussion of the Municipal Stadium documents, with the statement that he had been able to observe the many negotiations relating to the stadium agreement, from initial purchases of submerged land to the final construction documents. He said that while he was familiar with much of the detail, the briefs of the transactions as prepared by the City Attorney and Controller were most helpful and that, after all, as merchants and businessmen the Commission relies on its City Attorney and Controller for guidance.

Mr. Jerome Cohen, Deputy City Attorney, submitted the voluminous documents and confirmed that all had been reviewed personally by Dion R. Holm, City Attorney, and had been drafted in accordance with the letter of intent. Mr. Holm, he said, is satisfied that the documents are entirely legal and proper for submission to the Commission and the Board of Supervisors.

Mr. Nathan Cooper, representing Controller Harry D. Ross, told the Commission that the financial arrangements were unchanged from the letter of intent. He explained the proportionate share of interest of each party, the priorities of liens, estimated revenues, and the retirement of the bonds.

ISHED BUSINESS

1 - Rejection of Russian Hill Park Construction Bid

Mr. Kimbell reminded the Commissioners that plans for the improvement of Russian Hill Park had been put out to bid, and that one sealed bid had been received by the Secretary on June 10, 1958, and that the Commission had postponed action on the award because of the recent announcement that the San Francisco Water Department intends to declare surplus and dispose of the reservoir and other city property which adjoins Russian Hill Park. In view of the effect which the adjoining surplus land has on the master planning of the contemplated Russian Hill Park, Mr. Kimbell recommended rejection of the sole bid of the C. J. Collins Company to permit time for a complete restudy of the Russian Hill Project.

On motion of Commissioner Coffman, seconded by Commissioner Bercut, the following resolution was adopted:

. 3191 Resolution No. 3191

ission re- Russian Park Con- ion Bid

RESOLVED, that this Commission does hereby reject the sole bid proposal received on June 10, 1958, the bid having exceeded the cost estimates and this Commission finding it in the public's best interest to restudy the improvement plans.

NEW BUSINESS (cont'd)

2 - Approval of Concession Agreement with San Francisco Zoological Society

Mr. Lawrence Mana, Deputy City Attorney, appeared before the Commission and submitted the final draft of a lease agreement covering the exclusive refreshment concession to the San Francisco Zoological Society. He outlined the terms, which include a five year operation of the Zoo Cafe with a five year extension, the operation of two or more portable stands with a retail payment of 5% of the gross revenue to the City. The agreement further provides that the net revenue excluding depreciation can only be used for improvement of the Zoological Gardens and the animal collection. All rates and charges are subject to approval of the Commission. Mr. Alan Fleishhacker, President of the SF Zoological Society, expressed satisfaction with the agreement, thanking the Commission and particularly Commissioner Moore and Mr. Kimbell, and giving his assurance that the arrangement will be of substantial benefit to the City.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 3192
Commission approves concession agreement with SF Zoological Society for operation of food concession within SF Zoological Gardens.

Resolution No. 3192

RESOLVED, that this Commission, on recommendation of the General Manager, does hereby approve the exclusive concession agreement with the SF Zoological Society for the operation and management of the food and refreshment concession within the SF Zoological Gardens, said agreement having been prepared and approved as to form by the City Attorney.

The General Manager was authorized to forward the agreement to the Board of Supervisors for its approval. The Commission extended its full appreciation to Mr. Mana and the City Attorney's office for the excellent cooperation and assistance in preparing this initial venture.

3 - P.G.&E. Co. Pole Installation Approved - Telegraph Hill

Commissioner Bercut and Mr. Kimbell reported that a personal investigation showed that the placement of a power pole on a private easement adjoining Telegraph Hill, as requested by Mr. Peter Morelli, would not interfere with the public's use or enjoyment of the park. On motion of Commissioner Bercut, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 3193
Commission approves installation by P.G.&E. of power pole on Telegraph Hill.

Resolution No. 3193

RESOLVED, that this Commission having found and determined to its satisfaction that the public's enjoyment of Telegraph Hill Park will not be adversely affected, does hereby grant permission to the P. G. & E. Company to install a power pole on the private easement adjoining Telegraph Hill Park, as set forth and described in the communication of Mr. Morelli.

4 - Approval of Preliminary Plans Jackson Playground

After a review of the drawings, on motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No. 3194
Commission approves preliminary plan for Jackson Playground and Fieldhouse.

Resolution No. 3194

RESOLVED, that this Commission does hereby approve a preliminary plan of the proposed construction of the Jackson Playground and Fieldhouse as submitted by Schubert & Friedman, Architects. The estimated construction cost for this project being $120,000, and

BE IT FURTHER RESOLVED, that payment to the architect is hereby authorized to the extent of services satisfactorily performed by him to date under the terms of the contract.

5 - Postponement of Approval of Final Plans - Lake Merced Sports Center

Commissioner Coffman recommended postponement of action on the Lake Merced Sports Center plans, this project being under continued study. To be resubmitted at the August 14 meeting.

6 - Approval of Architectural Contract - General Development of McLaren Park

Following an outline of the program by Mr. Kimbell, on motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was adopted.

The estimated construction cost being $1,720,000, and the amount of this architectural contract not to exceed $41,280. The General Manager or Business Manager and Secretary are authorized to execute this contract.

7 - Approving Proposed Lease of Entire Assessor's Block No. 9 to State of California for State Historical Monument at Aquatic Park

Commissioner Coffman, as Chairman of the Maritime and Aquatic Projects, reported that a number of meetings with representatives of the State Park Commission had made it very clear that the overall development of the Aquatic Park area would be dependent on the City leasing all of Assessor's Block 9 and removing from the lease the previously excluded sections where the cable car terminal and Public Works pumping station are located. He suggested that the City Attorney be asked to prepare the proper lease agreement for submission to the Board of Supervisors.

1- Authorizing Certain Expenditures of the Helene Strybing Fund for Services and Equipment Required by Dr. Richard E. Baker, Arboretum Consultant.

Commissioner Herz reported that he had thoroughly reviewed the program and recommendations outlined by Dr. Richard E. Baker setting forth the need for gathering basic data to be used in completing the plan for the Arboretum. In order to obtain the data, the services of a taxonomist and a typist will be required as well as equipment, materials and supplies as outlined in Dr. Baker's report. Commissioner Herz recommended

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Resolution No. 3214

WHEREAS, Mildred M. Wilson has loyally and efficiently served this Commission as its assistant secretary during the past eight year period of greatly expanding public services, and who because of her pleasant, courteous and accommodating personality, now holds the high regard and deep affection of this Commission, and

WHEREAS, Mildred M. Wilson, with conscientious devotion to duty, has during the past year performed her important tasks under the burden of poor health, and is now on the strict advice of her doctor, planning a well deserved period of rest and convalescence,

NOW, THEREFORE, BE IT RESOLVED that this Commission, on behalf of the City of San Francisco and the entire staff of the Recreation and Park Department, does hereby commend Miss Mildred M. Wilson for her outstanding and efficient services as a member of this department, and for the high standard and excellence which has always characterized every aspect of her important assignments, and be it

FURTHER RESOLVED, that this Commission extends to Miss Mildred M. Wilson its warmest best wishes for a most restful convalescence and a complete return of the good health and happiness which she so richly deserves.

Retirement of President Fred D. Parr

11-Retirement of President Fred D. Parr

President Parr then addressed the members of the Commission, informing them his term of office would expire on the following day, and that he both enjoyed and treasured the experiences of the past ten years as a member of the Commission. The Secretary read the following:

Statement by Fred D. Parr

This is my last day as a member of the Recreation and Park Commission. I, therefore, would like to make this statement a part of the minutes of today's meeting:

First: I want to thank the members of the Commission, all of the employees and the press for the fine support I have had as a member of the Commission and presently as its President.

Second: The Recreation and Park Commission affords a challenging opportunity for Commissioners to serve their city in two very important fields and I wish the new Commission every success. No finer man could have been appointed to take my place than my very good friend, Walter A. Haas. The record of my administration speaks for itself.

Third: I want to particularly commend Raymond S. Kimbell, General Manager, for the exceptionally fine job he is doing and to thank him and the department heads for the superb cooperation and many courtesies they have extended to me.

Commissioner Coffman replied that nothing that the Commissioners could say could ever repay Mr. Parr for his outstanding public service, recalling to mind Mr. Parr's devotion to the Commission, his constant support and his leadership in many civic and charitable organizations.

D. Parr, Retired

WHEREAS, the expiration of his term of office on Friday, June 27, 1958, marks the completion of ten years of outstanding public service by Fred D. Parr, as a member of the former Park Commission from 1948 to 1950, as Vice-President of the Recreation and Park Commission from 1950 to 1958, and as the incumbent President of the Recreation and Park Commission, during which time he brought to that office the best of his executive and leadership ability, and

WHEREAS, during the past ten years Fred D. Parr has given generously and untiringly of his time and efforts, as a leader in many civic organizations, but with special attention and devotion to this Commission for improvement of public park and recreation facilities so that the people of San Francisco would receive services of the highest standard; now, therefore, be it

RESOLVED, that this Commission does hereby publicly record its sincere regret upon the conclusion of an association which Fred D. Parr has made most interesting, pleasant and enlightening for each of his fellow members, and expresses appreciation for the counsel that he has brought to the deliberation of this board; and, be it

FURTHER RESOLVED, that the members of this Commission offer their esteemed colleague their best wishes for good health and happiness in the future, and the Secretary be directed to prepare a suitably engrossed copy of this resolution that will serve Fred D. Parr as a memento of their high regard for his accomplishment as a Recreation and Park Commissioner.

COMMUNICATIONS

(1) From His Honor, Mayor George Christopher, transmitting his official certificates of appointment of four members of the Commission; the certificates bearing the Mayor's signature and being attested to by J. Joseph Allen, Executive Secretary to the Mayor under date of June 27, 1958. Following official receipt and acceptance of the certificates, President Haas directed that the appointments be entered for the record as shown on the certificates as follows:

APPOINTMENTS: Peter Bercut, a member of the Recreation and Park Commission for a four year term ending June 27, 1962. Vice himself, term expired.

Miss Mary Margaret Casey, a member of the Recreation and Park Commission for a two year term ending June 27, 1960. Vice Jane Zimmerman, resigned.

William M. Coffman, a member of the Recreation and Park Commission for a four year term ending June 27, 1962. Vice himself, term expired.

Walter A. Haas, Sr., a member of the Recreation and Park Commission for a four year term ending June 27, 1962. Vice Fred D. Parr, term expired.

The Mayor's Certificates of Appointment together with the Civil Service Commission's Certificates of Appointment, and the employees oath and acceptance were filed with the Secretary.

(2) From Philip L. Rezos, Director of Property, submitting for approval and submission to the Board of Supervisors a resolution authorizing purchase of land required for McLaren Park.

On motion of Commissioner Bercut, seconded by Commissioner Herz, the following resolution was adopted:

Resolution No. 3216

COMMUNICATIONS (cont'd)

(3) From the Honorable George Christopher, Mayor, advising that he is not approving the Commission's request for approval of the transfer to its jurisdiction of surplus Fire Department property adjacent to Balboa Park, because he does not feel there is sufficient justification for withholding the property from public sale, and quoting property values in the vicinity of the park.

Mr. Kimball described the area for the Commission's information, and said that the staff had recommended acquisition of the surplus property to beautify and complete the southeast corner of Balboa Park. He suggested that the Commissioners might wish to re-examine the land parcel to determine the degree of need before acting on the matter.

On motion of Commissioner Moore, seconded by Commissioner Casey, the matter was referred to the Land Acquisition Committee for re-examination.

(4) From The Honorable George Christopher, Mayor, commenting on the abundance of flowers growing in the parks, and suggesting that whenever possible some flowers be sent to the San Francisco Hospital and distributed among the patients to brighten their bedsides.

All members expressed hearty approval of the Mayor's suggestion and on motion of Commissioner Harz, seconded by Commissioner Bercut, the matter was referred to the General Manager with full power to act and cooperate to the greatest degree possible.

(5) From Sherman P. Duckel, Director, Department of Public Works, requesting the Commission's approval to commence the rehabilitation of the Steinhart Aquarium, as approved by the voters at the June primaries.

On motion of Commissioner Moore, seconded by Commissioner Harz, the following resolution was adopted:

Resolution No. 3217

WHEREAS, the voters of San Francisco, at the special election of June 3, 1958, approved a Recreation and Park Bond Issue for the rehabilitation of the Steinhart Aquarium, and

WHEREAS, this Commission had previously given its approval to the plan for said improvement of Steinhart Aquarium,

NOW, THEREFORE, BE IT RESOLVED that this Commission does hereby approve the California Academy of Sciences proceeding with the rehabilitation of the Steinhart Aquarium, and the use of the funds voted for such work, and

FURTHER authorizes the Department of Public Works and such other contractors as the California Academy of Sciences may designate to undertake and complete the Aquarium rehabilitation work authorized under the Recreation and Park bond issue.

(6) From Robert J. Dolan, Clerk of the Board of Supervisors, forwarding for the Commission's consideration the request of Mr. Roger G. Swearingen for the establishment of an oratory center in San Francisco, similar to London's Hyde Park.

The Education, Park and Recreation Committee of the Board of Supervisors has requested the Commission to consider the subject and reply to Mr. Swearingen.

On motion of Commissioner Casey, seconded by Commissioner Moore, the matter was referred to the General Manager and staff for review of possible locations if the plan is to be executed, and to the Commission as a whole for consideration of the idea as a policy matter.

COMMUNICATIONS (cont'd)

st from t Community . Club for ally located , Sunset dis-

(7) From Mrs. Eugenia MacGowan, Corresponding Secretary of the Sunset Community Improvement Club asking the Commission if it could provide a centrally located hall to be used by community groups in the 24th Avenue-Irving Street area, as a replacement for the Boy Scout hall which burned down. At Mr. Kimbell's request, on motion of Commissioner Herz, seconded by Commissioner Moore, this matter was referred to the General Manager and staff to make a survey of the district, and to report what finances would be required.

Annual Festival, Square

(8) From Martin Snipper, Director, 12th Annual Arts Festival, requesting permission to place a small, hand painted sign donated by Foster & Kleiser in Union Square advertising the 12th Annual Arts Festival to be held at Fishermen's Wharf September 25-28.

As the Art Festival is a civic sponsored event, on motion of Commissioner Bercut, seconded by Commissioner Moore, the foregoing request was unanimously approved.

l Boats r Committee

(9) From Fred D. Parr, advising that Mayor Christopher has asked that he continue as Chairman of the Mayor's Small Boats Harbor Committee, and requesting the Commission to consider three suggested actions to implement the Small Boats Harbor program.

Mr. Kimbell reported that the Board of Supervisors has approved an item of $250,000. for the expansion of the San Francisco Small Boats Harbor at the Marina. This would be a limited extension of the harbor, and the Mayor's Committee's mission would be to plan for the major overall development of small boat facilities.

On motion of Commissioner Herz, seconded by Commissioner Bercut, the following resolution was adopted:

o. No. 3218

Resolution No. 3218

l Boats

RESOLVED, that this Commission does hereby express its approval and appreciation of Fred D. Parr's continued chairmanship of the Mayor's Small Boats Harbor Committee, and hereby authorizes the Committee to continue to represent the San Francisco Recreation and Park Commission in connection with the development of small boats harbors, and

FURTHER, authorizes the General Manager to write to the Mayor and the Board of Supervisors asking that the Marina small boats harbor be designated as the No. 1 priority location for small boats harbors in San Francisco, and

FURTHER, the General Manager and staff are hereby authorized and directed to give the Mayor's Committee all reasonable assistance in carrying forward plans for increasing and improving the accommodations for small boats harbors.

of s request unds for acquisition unset Commun- Center

(10) From Harold Spears, Superintendent of Schools, with reference to the Director of Property's recommendation that this Commission appropriate funds and enact legislation to provide for payment to the Board of Education of $120,033.76 as the Commission's pro rata cost for land acquisition of the Sunset Community Center.

Mr. Kimbell reported that the Commission had previously authorized payment to the Board of Education, but that the supplemental appropriation had not been approved in the Mayor's office. At his suggestion, on motion of Commissioner Bercut, seconded by Commission Casey, the matter was referred to the Commission's Committee on Bond Funds and Finance to review the entire situation with the staff.

(15) From George E. Bushman, Commodore, Mariposa Boat Club, Inc. requesting permission to hold their Eighth Bi Annual Lake Merced Regatta on September 21, 1958, and agreeing to provide the necessary insurance protection for the City.

Mr. Kimbell reported that the Associated Sportsmen, the State Fish and Game Department, and the San Francisco Water Department had all approved the proposed regatta.

On motion of Commissioner Bercut, seconded by Commissioner Herz, the foregoing request was granted.

...n Beach - ...derly Con- ...n

(16) From the Public Health and Welfare Committee of the Board of Supervisors forwarding letter of complaint from Dr. Angelo M. May regarding the disorderly condition of the Phelan Beach area, and the quality of products sold by the concessionnaire.

Mr. Kimbell stated that the staff has prepared reports on the conditions at Phelan Beach and that with the Commission's

(17) From The Honorable George Christopher, Mayor, forwarding for the Commission's consideration the letter of Walter G. Swanson, Vice President and General Manager of the San Francisco Convention and Visitors Bureau, and citing his Board of Directors' endorsement of the proposal to establish riding stables in Golden Gate Park.

Mr. Edmund Reider, a member of the Board of Directors of the Convention and Visitors Bureau appeared before the Commission in support of the Bureau's resolution urging riding stable facilities in Golden Gate Park. He gave many reasons, citing the importance of horse back riding as a tourist and convention attraction and pleaded that the well-established bridle paths of Golden Gate Park be continued in use. President Haas thanked him for his interest and referred the matter to Commissioner Bercut's Committee on Riding Academies and Polo Stables. Gen. Faymonville, USA Ret., representing S.F. Planning and Housing Assn., and Mrs. Ruth McFerran of Central Council of Civic Clubs opposed the stables proposal.

1. Mr. Alan Smith, representing Dr. Robert C. Miller, Director of the Academy of Sciences, was present and submitted a letter from the Academy stating in detail the ability of the Academy to finance to completion the erection of the Mailliard Memorial Library and the Alice Eastwood Hall of Botany, the total construction cost of which will be approximately $406,000. The letter signed by Paul G. Brislawn, under date of August 11, listed funds with the Crocker Anglo and American Trust Company Trust Departments totalling $414,603. available for the project.

On motion of Commissioner Moore, seconded by Commission Bercut, the following resolution was adopted:

...n No. 3220 ...mission approves plans ...Library ...and botany ...in Golden ...Park to be ...by Academy ...Sciences

Resolution No. 3220

WHEREAS, on November 14, 1957 by its Resolution No. 2883 this Commission approved the plans of the California Academy of Sciences to erect a library annex and botany hall in the California Academy of Sciences group in Golden Gate Park, and the final working drawings for these buildings have now been completed by the Academy of Sciences architect,

NOW, THEREFORE, BE IT RESOLVED, that this Commission hereby reaffirms its action under Resolution No. 2883, and further accepts as satisfactory to this Commission the written statement submitted by Paul G. Brislawn, Secretary of the Board of Trustees of the California Academy of Sciences under date of August 11, 1958, setting forth the financial ability of the Academy of Sciences to complete the erection of the proposed new buildings and additions at an estimated cost of $406,000.

FURTHER RESOLVED, that it is the intent and purpose of this resolution to fulfill the requirements of Section 52 of the

...SENTATIVES AND DELEGATES (cont'd)

Charter of the City and County of San Francisco wherein the California Academy of Sciences is required to submit the aforementioned financial statement to the satisfaction of this Commission prior to the start of new construction within Golden Gate Park.

REQUEST FOR ESTABLISHMENT OF PLAYGROUND - MIDTOWN TERRACE

2. Miss Mary Bush, a high school student, who had requested permission for a hearing, appeared before the Commission as the spokesman of a large delegation of school children, and read a petition urging the establishment of a public playground in the relatively newly developed Midtown Terrace residential tract located on the southwestern slopes of Mount Sutro.

Mr. Kimbell informed the Commission that during the past two years there have been other requests from Midtown Terrace residents for the development of some irregularly shaped parcels of land for public recreation. Some of the land areas are completely unsuitable, but there is a large reservoir in the subdivision that could accommodate light recreational activity on its roofs, and there are some land strips adjacent to the reservoir that offer limited recreation possibilities. Mr. Prevelos, President of the Midtown Terrace Association, also spoke, urging the expeditious action by the Commission in the foreseeable future.

President Haas thanked the delegation for its courteous presentation and on motion of Commissioner Herz, seconded by Commissioner Moore the petition and request was referred to the General Manager and staff for investigation and early report.

RUSSIAN HILL PARK

3. Many persons and representatives of neighborhood organizations filled the Commission chambers to be present during the Commission's consideration of property recently declared surplus by the Water Department and located adjacent to Russian Hill Park. The General Manager, under date of August 8, 1958, had mailed to each Commissioner a detailed staff report relative to the possible acquisition of the surplus land. During the past several weeks the Commission office received letters from the following individuals and organizations expressing their disapproval of the proposed acquisition of the surplus property by a private development company and the planned construction of multi-storied apartment houses:

President Haas announced to all present that he would conduct the session as a public hearing, and would give full opportunity to both sides to be heard. Mr. James Prisin-Zano, President of the Russian Hill Improvement Association was the major spokesman for those residents of the area who urged the total park development of the surplus land. He expressed his group's encouragement and satisfaction with the staff report and recommendation, which recognized the need of the district, and endorsed the land's development for park and recreation purposes "in whole or in part". He presented drawings prepared by Lawrence Halprin, landscape architect, showing the possible recreation and park uses for which the land might be developed. He cited census figures and age groupings of neighborhood population to support the need for a park in a high density area.

Others speaking for the park development and supplementing Mr. Prisin-Zano's presentation were Mr. Lawrence Lackey, representing the San Francisco Planning & Housing Association, Charles Spivock, Past President of the Russian Hill Improvement Association, Mrs. Robert Major, Telegraph Hill Dwellers, Miss Grey, former President of the Telegraph Hill Association, Miss Ruth Church Gupta, Mr. Roy Shirtleff, Thomas Short, Frank De Barry, Joe Cervetto, Pres. North Beach Merchants, Ethel Conway Peeters, San Francisco Coordinating Town Council, Rodney Roberts, William Thomas, representing Operation Tennis, Phil Barnett, William Kerrigan, Mr. Charles De Young Elkus, Senior.

...el for ...te ...ner

Mr. Edward Keil, attorney representing the interest of Mr. Herbert Greenwald, Developer, addressed the Commission to explain the proposal to build apartment houses on surplus property. Mr. Keil stated that Mr. Greenwald and his associates agree that there is a need for a park in the district, and that it is not their intention to deprive the district of the park development. He said Mr. Greenwald is prepared to make an offer on the purchase of the property, and to build two 20-story apartment buildings on a lower Bay Street section, and is also prepared to buy the center section and grade, establish and develop it as a park, paying all costs and then donating the developed park as an outright gift to the City. He referred to the center section as approximately 412 x 152 feet, and estimated the excavation and development cost at approximately $130,000, which would be borne by his client. Mr. Roth, an associate, explained that the apartment structures would be 20-story buildings, placed on top of a three level garage to accommodate 800 cars. He said it was not definite as to whether or not some of the parking could be eliminated, and whether the garage sections could be subsurfaced. Mr. Elkus, Mr. Short and Mr. Kerrigan objected to the building plan on grounds that it would ruin the City park property at the top of Russian Hill, which was presented to the City by the Russian Hill Improvement Association in 1940, and dedicated in perpetuity for park purposes.

...ing contin- ...to 8/28/58

All persons having had the opportunity to speak on the subject, President Haas referred the discussion to Commission members, who briefly commented on the staff recommendation, and were in mutual agreement that there was a need for a park area in the neighborhood. President Haas stated that while the staff report recognizes the need, the recommendation on the degree of development is not complete, as it proposes park use of the area "in whole or in part". Following further discussion, and in consideration of the absence of two Commissioners, on motion of Commissioner Bercut, seconded by Commissioner Herz, the entire Russian Hill question was continued on the calender until the next regular meeting August 28. President Haas invited all interested parties to attend.

1. Interior Green Belt Montgomery Property

The General Manager reported that Assemblyman Busterud, principal spokesman of those proposing that the City acquire a 12 acre tract (Montgomery Tract) of privately-owned property in Sutro Forest to become a part of the interior green belt system, had requested that the Commission take no action on the matter at this meeting, but postpone consideration until sometime in September. Mr. Kimbell stated that a supplementary staff report on the Montgomery property would be in the hands of the Commissioners within the next two weeks. Therefore President Haas ordered postponement of this item to the September 11 meeting.

At this juncture Mr. Edwin Seares, representing Seares and Baker, Realtors and his client, Mr. Montgomery, owner of the property handed a letter to the Commission stating that further extension of time in reaching a decision on the land purchase would prove detrimental to Mr. Montgomery. In view of the postponement he asked that the letter be distributed to members at the Commission's earliest convenience.

2. General Manager's Report on proposed Presidio Playground

Mr. Kimbell reported that as a result of the U. S. Army's notification that no Presidio land would be made available for public playground purposes in the Cow Hollow district (vicinity of Lyon and Lombard Streets) that the staff would make a reappraisal of its plans and the recreation needs of that section of the City. As a matter of information, he mentioned that Honorable Supervisor Henry Rolph has been particularly interested in this project, and has indicated that he will continue his efforts to provide a public playground for the Cow Hollow neighborhood, and will cooperate with the department to that end.

3. Postponement of Action on Lake Merced Aquatic Sports Center Plans

This item was held on calendar pending the return of Commissioner Coffman, who is committee chairman of aquatic matters.

4. General Manager Report on Controller's Office Audits

Mr. Kimbell reported that the Controller's office audits of April 17, June 2 and June 18 contained numerous recommendations for the improvement of the department's practices relating to concession admission and rental revenues, and he recommended the Commission adopt enabling resolutions in conformity with the audit reports.

On motion of Commissioner Herz, seconded by Commissioner Bercut the following resolution was adopted:

...o. 3230 ...ment of cer- ... concessions ...lly Schuman's ...

Resolution No. 3230

WHEREAS, this Commission is the party of the first part in an agreement with Solly Schuman, covering the operation of a food and beverage refreshment concession on park properties at Aquatic Park and Marina Green; and

WHEREAS the death of Solly Schuman has occasioned his widow, Mrs. Rose Schuman, to request the assignment of her late husband's concession agreement to her, she being an experienced operator and working partner in the Schuman firm; and

WHEREAS this Commission requires the continued operation of these refreshment stands for uninterrupted service of the public

NOW, THEREFORE, BE IT RESOLVED, that this Commission, to provide for the uninterrupted operation of the refreshment stands,

7. Waiver of Green Fees

On motion of Commissioner Herz, seconded by Commissioner Bercut, the following resolution was adopted:

Resolution No. 3231C

No. 3231C
Waiver of Green Fees
Department
Courses

RESOLVED, that this Commission in accordance with the recommendation of the Office of the Controller's audit report of June 2, 1958, relating to exemptions from payment of golf course green fees, does hereby authorize the waivers of green fee payments presently in effect at department golf courses to be continued as herein set forth:

1. Editorial employees of local newspapers and press services.
2. Ordained members of the clergy.
3. Members in good standing of the Professional Golfers' Association.
4. Members of the foreign consular corps assigned in San Francisco.
5. Employees of the Recreation and Park Department in the classification of R132 Starter, Park Department.

8. Sale of Golf Merchandise at Golden Gate Park Golf Courses

The General Manager reported that he had received from the City Attorney, under date of August 5, his opinion No. 1279 in which he holds that the department may not assign its employees to perform duties in connection with the sale and rental of merchandise owned by a private concessionaire. Upon receipt of this opinion the previously existing arrangement with Mr. Ted Robbins, under which he provided merchandise for sale and for rental, was terminated.

Pending determination of policy in this matter arrangements have been made to purchase golf balls, golf tees and pencils for resale at the concession at the permanently prevailing prices, and with Commission approval the department would operate such a service for the public.

On motion of Commissioner Bercut, seconded by Commissioner Herz, the following resolution was adopted:

Resolution No. 3232

No. 3232
Termination of concession privileges previously exercised by Ted Robbins, and possibility of engaging responsible concessionaire.

RESOLVED, that this Commission in accordance with the recommendation of the Office of the Controller's Audit Report of April 17, 1958, does hereby direct the termination of any and all concession privileges previously exercised by Mr. Ted Robbins, and does hereby authorize and direct the General Manager to arrange for the purchase and resale to the public of golf balls, golf tees and pencils to be sold at the following price schedule:

New golf balls	.75 each and 1.25 each
Used golf balls	.35 each
Golf Tees	.01 each
Pencils	.01 each

President Haas referred to the golf committee and to the staff the possibility of engaging a responsible concessionnaire under lease agreement to provide food and refreshment service and golf merchandise for sale and rental.

This proposal is to be studied and presented to the Commission for decision at a later date.

(6) Supplemental Appropriation for new position 3-2 Account Clerk

Mr. Kimbell reported that the death of Mary Kraut had created a vacancy in the position of 3-512 General Clerk Typist, and that the work performed in the position had been mainly within the Payroll Division. In his recommendation and on motion of Commissioner Sercut, seconded by Commissioner Coffman, the following resolution was adopted:

Resolution No. 1238

RESOLVED, that this Commission does hereby request the Mayor, Controller and Board of Supervisors to approve a supplemental appropriation in the amount of $2,970.00 to provide funds for the establishment of a new position of 3-2 Account Clerk to fill a vacancy existing in the position of 3-512 General Clerk Typist; the re-classification being recommended for the reason that the duties to be performed are within the Payroll Division. The appropriation requested in the amount of $2,970.00 will provide for the establishment of 3-2 Account Clerk position effective October 1, 1956, and the simultaneous elimination of position 3-512 General Clerk typist.

(3) From John B. Sauter, General Manager, Stuart Co., requesting permission to place temporary anchorage posts in Civic Center Plaza in connection with the erection of a registration room in front of the Civic Auditorium during the American Mining Congress September 18 to 30.

With the recommendation of the General Manager, and on motion of Commissioner Moore, seconded by Commissioner Coffman, the request of The Stuart Co. was approved.

COMMUNICATIONS (cont'd)

(4) From Don Cohn, President, Fillmore Merchants & Improvement Association, requesting the use of certain Hamilton Recreation Center facilities in connection with the Fillmore Festival Holidays to be held September 4-5-6.

Mr. Kimbell reported that the use of the Hamilton Auditorium and Gymnasium and part of the grounds could be permitted, but he would recommend certain safety restrictions, liability insurance coverage, and an agreement that the Association would pay any costs of providing additional staff personnel during the Festival ceremonies.

On motion of Commissioner Herz, seconded by Commissioner Casey, the following resolution was adopted.

Res. No. 3240

Request Fillmore Merchants & Improvement Assn. to use Hamilton Recreation Center Sept. 4-5-6

Resolution No. 3240

RESOLVED, that this Commission does hereby grant permission to the Fillmore Merchants & Improvement Association to use the facilities of the Hamilton Recreation Center on September 4-5-6, such use to be within the recommendations and restrictions recommended by the General Manager and to include the agreement and understanding that the Association shall furnish insurance coverage satisfactory to this Commission and assume any expense incurred by the Department in providing additional staff personnel for the events. * * * * * * * *

(5) From Marcia A. Rehfuss, Student Body President, University of California Medical Center, requesting the use of the Spreckels Band Stand, Band Concourse, Golden Gate Park, for commencement exercises, in June of 1959.

Mr. Kimbell recommended approval; and on motion of Commissioner Casey, seconded by Commissioner Moore, the following resolution was adopted.

Res. No. 3241

Resolution No. 3241

RESOLVED, that this Commission does hereby grant permission to the University of California Medical Center to hold its commencement exercises at the Spreckels Band Pavilion, Band Concourse, Golden Gate Park, and to reserve the dates of June 10 and June 11, 1959 for such use. * * * * * * * *

(6) Quit-claim deed from P.G.E. Co. to City of Facilities Gas House Cove, Marina

From Philip L. Rezos, Director of Property, relating to a proposed quit-claim deed from the Pacific Gas & Electric Company to the City, of property at Gas House Cove at the Marina.

President Haas requested Vice President Coffman to act as temporary Chairman and instructed the Secretary to officially record that President Haas, as a stockholder and Director of the Pacific Gas & Electric Company, be excused from participating or voting on this matter.

Commissioner Coffman, acting as temporary Chairman, reviewed the situation, explaining that the Pacific Gas & Electric Company, no longer desiring to exercise its rights or easements at the Marina Gas House Cove, has proposed a quit-claim deed from the Company to the City.

The question at hand relates to the removal of an abandoned pier and wharf from the premises.

Mr. Kimbell stated that the Secretary has received a letter from Mr. Rezos, City Director of Property, recommending the execution and acceptance of the original proposed deed, but suggesting consultation with the City Attorney in regard to the matter. It was the consensus of the Commission that before the action be taken, the General Manager and Secretary consult with the City Attorney and obtain his advice in the matter.

Budget transfer of $505,000 for Hall of Flowers construction approved and accepted

(7) From A. E. Snider, Chief, Fairs and Expositions Division, Department of Finance, State of California, transmitting approved budget transfer setting up an allotment of $505,000 in the City Treasury for construction of the San Francisco Hall of Flowers in Golden Gate Park.

Commissioner Herz reported that this money represents San Francisco's accumulated share of County Fair funds and was requested for this use on recommendation of this Commission and by Board of Supervisor's Resolution No. 571-58. Final plans and specifications for the Hall of Flowers are completed and have been approved by all departments concerned.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the Commission gratefully accepted the budget transfer of $505,000 to the City Treasury and referred the proposed construction of the San Francisco Hall of Flowers to Commissioner Herz's Committee for prompt consideration and action.

PRESENTATIVES AND DELEGATES:

(1) RUSSIAN HILL PARK

Russian Hill Hearing Continued

For the second consecutive meeting the Commission chambers were crowded with persons interested in the Commission's consideration of property recently declared surplus by the Water Department and located adjacent to Russian Hill Park.

President Haas observed that there had been considerable discussion at the last meeting by both proponents and opponents of the suggested expansion of the surplus property for either park development or private apartment construction. He remarked that

REPRESENTATIVES AND DELEGATES (cont'd)

Russian Hill Park (cont'd)

the Commission wished all interested parties to be heard, but requested that in the interest of time that speakers limit their remarks and endeavor to eliminate repetition.

As Mr. James Prisin-Zano, President, Russian Hill Improvement Association, was granted the floor, he submitted for the record a condensation of arguments favoring the development of all the surplus Water Department property into recreational and park use, and formally made a request for Commission action in this direction on behalf of his Association.

He reiterated a statement of the previous hearing; that there were two essential questions: First, is there a need for park and recreational areas on Russian Hill? Second, is the surplus property site suitable for recreation and park use? He emphasized the lack of suitable recreational facilities in the Russian Hill district, stressed the importance of retaining the vista of San Francisco Bay in the Russian Hill location; and criticized the proposal of Mr. Greenwald - stating that Mr. Greenwald's offer to deed to the City for park purposes, land adjacent to his proposed apartment buildings, should be construed not as a gift, but for the builder's own protection of his investment.

Dr. Hinman, representing the Russian Hill Improvement Club, made reference to graphs and charts designed to show that the proposed apartment buildings would cover a larger area than indicated on architectural drawings.

At this point, President Haas granted the floor to Mr. Edward A. Keil, counsel for Mr. Greenwald. He presented scale drawings of the two proposed apartment buildings, as well as a topographic scale model of the Russian Hill property with the proposed apartment buildings superimposed to demonstrate their height as compared to other buildings in the neighborhood. Mr. Keil said there was self-interest on both sides of the question, frankly admitting Mr. Greenwald's interest in profit from the proposed apartment development, while recognizing the neighbors' interest in preserving the view. He referred to the Department staff report which recommended recreation and park development "in whole or in part", and said he thought it was an open decision for the Commission to either hold or permit the sale of the surplus property.

Russian Hill Park Public Hearing

Mr. Roy Shurtleff, stating that while the City and County of San Francisco might gain income from disposal of the property, and while Russian Hill neighborhood wished to retain its panoramic view, and while Mr. Greenwald, developer, wished to profit by his construction project, the responsibility of the Recreation and Park Commission was to decide the matter on the basis of the need for a park.

Others speaking in favor of the park development were:

Morse Erskine, who stated that the economic values of the apartment development had been over-emphasized;

Douglas Kline, Central Council Civic Clubs, who recorded the Council's opposition to the private development;

Mrs. Thornton, Garfield P.T.A.;

G. I. Lewis, who spoke of the lack of school facilities to accommodate additional families in the district;

Jerry Ray, representing Albert-Lovett Company, Berkeley realtors, who stated that this development firm has agreed to erect three tower apartments in the Fontana Block on North Point Street, just two blocks from the Russian Hill Park.

...SENTATIVES AND DELEGATES (cont'd)

Further proponents of Russian Hill Park expansion were:

Jerd Sullivan, who expressed his interest in recreational facilities for the people of the district, contended that the large buildings would damage the neighborhood;

Lawrence Lackey, San Francisco Planning and Housing Association, who stated that residential property usually adds more to the cost of City government than it provides through taxes;

Charles Elkus, Sr., who questioned Mr. Keil regarding newspaper statements that Mr. Greenwald would give three-fourths of the surplus property to the City;

Arthur Bird, Bay Street resident, voiced his objection to the shade and wind which he claimed the apartment construction would create.

All interested parties having been heard, President Haas directed that the letters or telegrams from the following individuals and organizations, endorsing the further development of the Russian Hill land for recreational purposes, be filed and recorded in the Minutes:

Paula Schoenholz	1060 Francisco Street
Maude Redmon Torrey	10 North View Court
John Carden Campbell	737 Beach Street (A.I.A.)
Italian Federation of California, Inc.	678 Green Street

President Haas then asked the Commissioners for their views on the question of need for recreation and park use of the property, relating the question to the staff recommendation for development in "whole or in part".

Commissioner Coffman said the question before the Commission was of extreme importance to the entire City, and that while much material had been provided to the Commissioners, he felt the weight of the decision justified the Commission taking time to give the matter full consideration. Other members were in agreement; and on motion of Commissioner Coffman, seconded by Commissioner Bercut, the matter was put over for decision at the September 25 meeting.

Russian Hill Park Decision Set for Sept. 25th Meeting

President Haas told those present that in the intervening weeks the Commission would further study the problem and obtain information from the staff on proposed uses, and from the City Planning Department, on zoning of the property.

It was mutually agreed by all present that there would be no further debate by interested parties or delegates at the September 25 meeting.

1. Approval Final Plans Lake Merced Aquatic Sports Center

Commissioner Coffman gave a full report on the plans which have been prepared for the construction of an aquatic sports center at Lake Merced, a project financed by the 1955 Recreation Bond Fund. He reminded the Commissioners that approval of the final plans had been delayed since June 12, when they were first presented to the Commission for approval, in order to give an opportunity to all interested aquatic groups to review the plans and offer suggestions or recommendations. Meetings have been held by the staff and all interested groups, including the Aquatic Park rowing clubs; and there is general agreement for acceptance of the final plans.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 3249

2. Approval of City Lease to the State of California of Block 9, Aquatic Park

Commissioner Coffman reported that under previous action, both the Commission and the Board of Supervisors, under Resolution No. 18330, had approved a proposal to lease to the State of California for development of a State Historical Museum, all of City property in Assessor's Block No. 9 in Aquatic Park, except two small parcels within the Block which would be reserved for a City pump station and a cable car terminal.

A formal lease agreement has now been prepared by the City Attorney and has the approval of the State Division of Beaches and Parks and the San Francisco Maritime Museum Association. The agreement is presently being reviewed by the State Department of Finance, whose approval is expected.

To expedite matters, Commissioner Coffman recommended the Commission's approval of the 50-year lease to the State and, pending approval from the State Department of Finance, that the Commission authorize the President to submit the lease to the Board of Supervisors for final approval.

On motion of Commissioner Coffman, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No. 3250

5. Reimbursement of Board of Education for West Sunset Land

Mr. Kimbell reported that the Commission Committee had reviewed the formal request from the Board of Education to be reimbursed in the amount of $120,033.76, as the Commission's pro rata share of the cost of acquiring land for the Sunset Community Center. This project was completed in 1954 and was financed by the 1947 Recreation Bond Fund.

The reimbursement request has been reviewed by the City Controller, who stated the funds were legally available in the unappropriated balances and contingency reserves of the 1947 Recreation Bond Fund; and he suggested re-submission of a supplemental appropriation to replace a previous request for funds under Resolution No. 2778, August 8, 1957.

On motion of Commissioner Moore, seconded by Commissioner Herz, the following resolution was adopted:

ISHED BUSINESS (cont'd)

years. He called particular attention to the large areas of scarred hillside, and predicted a serious erosion problem would arise. He reviewed the concept of the Green Belt as presented by the Department of City Planning several years ago. With regret he recounted how the Finance Committee in 1957 had lowered the priority on the acquisition of Montgomery property in preference to the acquisition of other green belt parcels. He named as supporters of the purchase - the Sierra Club, the San Francisco Planning Commission, the San Francisco Horsemen's Association, the Audubon Society, and the Planning Committee of the American Institute of Architects. He calculated that private development by subdivision on the Montgomery tract would cost more for the City to service than the development would produce in tax revenue. He urged the Commission to follow through on the City Planning Commission's recommendation to acquire the property.

President Haas then recognized Mr. Glenn Newton, Redding attorney representing Mr. Harley Montgomery, owner of the property. He stated that his client had entered into a binding contract with a purchaser, but was aware of the City's eminent domain rights. He pleaded for the Commission to reach an early decision and avoid further delay.

Edwin C. Seares, representing the prospective developer, Mr. Frank Ohman, disagreed with Mr. Busterud's statements, and said that the City would receive a minimum of $25,000 to $30,000 annually, and that the type of home development proposed would leave 40% of the property undisturbed. He voiced his skepticism of the park or recreation benefits of the rough, steep, and heavily wooded tract if it remained in its natural state.

The following delegates spoke in support of acquiring the property:

Arleigh Williams, representing the Sierra Club and the Tamalpais Conservation Club; Mrs. George Curry, representing the Second District, San Francisco Parent Teachers Association; Burton L. Rockwell, President of the Edgewood Neighborhood Association; Mrs. Effie Schwartzfeld, and Mr. Barney Gould.

Mr. Ohman, developer, and his civil engineer, Mr. Coleman, presented maps describing the type of home development proposed.

In answer to a direct question of President Haas, Mr. Ohman stated that his development was dependent upon a rezoning of the property, which would require approval of his plan by the City Planning Commission.

John Busterud, at the invitation of President Haas, summarized his arguments to conclude the public's part in the proceedings. He stated that the University of California, adjoining property owner, favored the City's acquisition of the tract, emphasized that there was no active public opposition to the City's acquisition, judged the purchase price and upkeep as modest costs, and again cited the City Planning Commission and the department's favorable staff reports and recommendations.

President Haas declared the floor discussion ended, and placed the matter in the hands of the Commission. The Commissioners, individually and in turn, expressed their views before voting. Commissioner Moore favored acquisition, while the other Commissioners withheld approval on the basis of cost, questionable use value, inaccessibility, relative merit in relation to other recreational needs of the City, cost of maintenance and the possible loss of revenue to the City.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution was unanimously adopted, Commissioner Moore changing her vote to accede to the majority.

2 - Construction of Hall of Flowers, Golden Gate Park:

Proposed relocation site of Hall of Flowers

Commissioner Herz recalled for the Commission's information that in the period 1953 and 1954, the Recreation and Park Commission Committees and staff had met with the California State Division of Highways officials regarding a proposed freeway across Golden Gate Park to serve as a link between the northern and southern sections of the City. The State Highway representatives had planned an open cut freeway or an overhead freeway across the Park; but because of the firm opposition of the Recreation and Park Commissioners to such detrimental encroachment of the highways in Golden Gate Park, the State Highway representatives agreed that any crossing of Golden Gate Park would be sub-surface.

At a recent meeting, Highway officials reported that the proposed location of the San Francisco Hall of Flowers in the vicinity of Ninth Avenue and South Drive would be a direct obstruction on the proposed subway route. They asked the Commission to consider the relocation of the building at a site some 400 feet northeast of the present proposed location of the building. The newly-suggested site is located within the boundaries of the Strybing Arboretum.

Commissioner Herz reported that in a meeting with representatives of the Garden Clubs, San Francisco Flower Show, Inc., and the Strybing Arboretum Society, full agreement and accord with the relocation of the building was obtained. Such relocation would require the modification of the completed architectural plans at an estimated cost of $7,500.00 and a delay of approximately 60 days.

Commissioner Herz presented a resolution drawn by Mr. Ecklund, Attorney for the Strybing Arboretum Society, proposing that the Hall of Flowers building, if placed within the Strybing Arboretum, be made available to a substantial degree, for Arboretum programs and activities.

On motion of Commissioner Herz, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No. 3271

Approval Relocation of Hall of Flowers within Strybing Arboretum

Resolution No. 3271

WHEREAS, the California State Division of Highways, District No. 4, in order to accommodate its southern freeway plan, has asked the Recreation and Park Commission to relocate the proposed Hall of Flowers building some 400 feet northeast of the site presently contemplated, and for which final working drawings have been completed; and

WHEREAS, this newly-suggested site would place the Hall of Flowers building within the boundaries of the Strybing Arboretum; and

WHEREAS, Strybing Arboretum Society has proposed that the Hall of Flowers Building, if placed within the Strybing Arboretum, be made available to a substantial degree for Arboretum programs and activities;

UNFINISHED BUSINESS: (cont'd)

Opinion and advice of City Attorney on location and use of Hall of Flowers requested

NOW, THEREFORE, BE IT RESOLVED, that this Commission record its general, but not final, approval of the proposal to relocate the Hall of Flowers building at the newly-suggested site within the Strybing Arboretum; and that before this Commission grants such approval, or modifies the architectural contract to obtain working drawings for the new location, the opinion and advice of the City Attorney be requested on the following questions:

1) Would the locating of the San Francisco Hall of Flowers within the boundaries of the Strybing Arboretum be in any way a violation of the conditions of the Strybing bequest?

2) Would the use of the San Francisco Hall of Flowers building within the Strybing Arboretum, as proposed by the Strybing Arboretum Society's resolution, be in any way a violation of the provisions of the California Agricultural Code, relating to the use and regulation of County Fair buildings?

a) If so, what are the violated provisions, and what parts of the Society's proposal should be modified or eliminated, to bring the proposal in conformity with Agricultural Code provisions?

3 - STORYLAND - The Substitution of Painting Contractor:

On recommendation of the General Manager, and on motion of Commissioner Bercut, seconded by Commissioner Coffman, the following resolution was adopted:

Res. No. 3272

Approval Substitution Raphael Co., Painting Subcontractor, for John H. Watt Painting Inc., Subcontractor for STORYLAND

Resolution No. 3272

RESOLVED, that this Commission does hereby approve the request of the Hub Pacific Building Co., General Contractor, for the construction of Phase 1 of Storyland, to substitute the Raphael Co. as painting subcontractor, to replace the original subcontractor, John H. Watt Painting, Inc., for the good and sufficient reason that Raphael Co. is capable of performing the specialty work, under the Storyland contract, requiring skill and decorative painting, which the John H. Watt Painting, Inc. admittedly does not possess, said Company having willingly agreed to release the Hub Pacific Co. from all obligations to them as the original subcontractor; and

The General Manager and/or Business Manager and Secretary are hereby authorized to execute any and all transfers necessary to accomplish the purpose of this resolution.

NEW BUSINESS:

1 - Presentation of Resolutions of Appreciation to former Commissioner LOUIS SUTTER and former Commissioner, FRED D. PARR:

Presentation of Resolutions of Appreciation to former Commissioners Louis Sutter and Fred D. Parr

President Haas extended a warm and cordial welcome to Mr. Louis Sutter and Mr. Fred D. Parr, former Commissioners, who had been invited to attend the meeting to receive the signed and framed Resolutions of Appreciation adopted by the Commission on the occasions of their retirement from membership:

Resolution No. 3087 - Louis Sutter - April 12, 1950
Resolution No. 3245 - Fred D. Parr - June 27, 1952

President Haas spoke of his knowledge of the devoted services of the two former Commissioners and of his recent personal knowledge of the duties they performed as President. He recalled his warm friendship with both men over the years and of the high regard and esteem with which they were both held by the beloved Mrs. Sigmund Stern.

9/11/52

NEW BUSINESS (cont'd)

President Haas expressed his sincere wish that as the successor to the two previous Commission Presidents, he would perform his duties as capably and as well so that recreation and park facilities and services in San Francisco would maintain a standard unequalled and unsurpassed in the nation.

Commissioner Coffman requested to make formal presentation of the Resolutions of Appreciation to Mr. Sutter and Mr. Parr

He said that he considered it only fitting and proper that Commissioner Coffman, who had served with both of the former Commissioners, be requested to make the formal presentation. Commissioner Coffman thanked President Haas for the privilege of presenting the framed Resolutions of Appreciation to Mr. Sutter and Mr. Parr. He recalled to mind the many fine persons with whom he had served on the Recreation and Park Commission over the years, including Mrs. Sigmund Stern, who had served for the uninterrupted term of 31 years, and who had donated and dedicated the beautiful Stern Grove to public use and who had initiated and sponsored the mid-summer concerts and festivals which have become a Sunday afternoon tradition of the City.

He mentioned the many years of pleasant service and association in serving with Mr. Sutter and Mr. Parr and cited the many sacrifices which they had made and the time which they had devoted to the Commission, especially during their tenures as President.

He spoke with appreciation and respect of the wisdom of their rulings and presented the Resolutions as minimum tokens of appreciation for the substantial services which both men had performed. He mentioned with pleasure Mr. Parr's continued service as Chairman of the Mayor's Citizens Committee of Small Boat Harbor development.

Resolutions read and received

The Secretary then read the Resolutions, which were received by Mr. Sutter and Mr. Parr with expressions of sincere thanks and remarks on the pleasant association which they had enjoyed during their ten years on the Board.

2 - Master Planning of Strybing Arboretum:

Commissioner Moore reported that Dr. Baker, Consultant and Coordinator of Strybing Arboretum, had recommended the engagement of a landscape architect, and that Mr. Kimbell, General Manager, had approved the recommendation, to prepare a master plan and written report for Strybing Arboretum.

On motion of Commissioner Moore, and seconded by Commissioner Casey, the following resolution was adopted:

Res. No. 3273

Resolution No. 3273

Authorization expenditure of funds from Helene Strybing Bequest for Master Planning of Strybing Arboretum

RESOLVED, that this Commission, on recommendation of the General Manager, and in the interest of further developing the Strybing Arboretum, does hereby authorize an expenditure of funds from the Helene Strybing Bequest for:

A. An amount not to exceed $2200.00 for the services of a landscape architect to prepare a Master plan and written report for Strybing Arboretum, these services being necessary at this time to carry out recommendations offered by the Consultant Coordinator for Strybing Arboretum:

1) Consolidation of geographic units;
2) Better access for the public;
3) A path system which will serve as a basis for location designations of plants;
4) Design for more efficient use of labor;
5) The development of vistas from high points along paths; and
6) Possible new site for the "Hall of Flowers".

NEW BUSINESS (cont'd)

B. An amount not to exceed $600.00 for the services of a specialist in landscape design to prepare lectures and outlines complete with references and illustrations for six lectures on the subject "Planning A Home Garden In San Francisco". This material is necessary for the development of a recreational type of education program which is a part of the plan of development for the Arboretum.

Authorization $2800.00 Requested from Controller

FURTHER RESOLVED, that this Commission hereby requests the Controller to authorize and make available to this Commission through the Controller's loan, the funds necessary to finance the aforementioned services in the total amount of $2800.00, said loan to be repaid to the Controller from the Helene Strybing fund; and be it

4 - Plans, etc., for Floodlighting System, James Rolph Playground:

Mr. Harman, Supervising Engineer, submitted a proposed electrical agreement for the submission of final drawings, specifications and estimates of cost, for the Floodlighting System, James Rolph Playground.

On motion of Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 3275

Resolution No. 3275

Authorization of Award of Contract and Fee of $750. to IRVING BAZELL, Electrical Engineer for Rehabilitation Floodlighting System of James Rolph Playground

RESOLVED, that this Commission does hereby approve the Award of Contract to IRVING BAZELL, Electrical Engineer, for the preparation of plans, specifications and estimates of cost, to be delivered within 60 calendar days, and general engineering supervision, for the rehabilitation of the floodlighting system of the James Rolph Playground, Potrero and Army Streets, San Francisco. Fees for such work to be 10% of the total estimates of construction costs of $7,500.00, but not to exceed a total fee of $750.00; and

The General Manager and/or Business Manager, and Secretary are authorized to execute the contract for and on behalf of this Commission.

5 - Award of Contract: CONSTRUCTION ALTERATIONS TO BUILDING AND PLAYGROUND, PORTOLA PLAYGROUND AND FIELDHOUSE - to ARNTZ CONSTRUCTION CO., 1745 Filbert Street, San Francisco, for $156,600.00

The Secretary next read the sealed bids received and opened on Wednesday, September 3, 1958, for the abovementioned work, as follows:

	Total Bid	Base Proposal	Alternates 1, 2 and 3
LOW BIDDER			
ARNTZ CONSTRUCTION CO. 1745 Filbert Street San Francisco, Calif.	$156,600	$140,000	$16,600
Other Bidder:			
Balliet Bros. Construction Co.	$158,000	$141,000	$17,000

Mr. Kimbell reported that the base bid would provide tile roof, but that the Department recreation staff recommended that an aluminum roof be installed to eliminate the costly maintenance and repair, resulting from baseballs smashing the tile roof. The aluminum roof is included in the total bid. Mr. Kimbell said there is some question as to whether or not the Art Commission will approve aluminum roofing.

On motion of Commissioner Bercut, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 3276

Award of Contract for PORTOLA PLAYGROUND & FIELDHOUSE to ARNTZ CONSTRUCTION CO., in amt. $156,600.00

Resolution No. 3276

RESOLVED, that this Commission does hereby award the contract for CONSTRUCTION ALTERATIONS TO BUILDING AND PLAYGROUND, PORTOLA PLAYGROUND AND FIELDHOUSE to: ARNTZ CONSTRUCTION CO., 1745 Filbert Street, San Francisco, it being the lowest and responsible bidder therefor for all work in accordance with the plans and specifications, for the sum of ONE HUNDRED FIFTY-SIX THOUSAND SIX HUNDRED AND NO/100 DOLLARS ($156,600.00), all other bids having been rejected; and

BE IT FURTHER RESOLVED, that the General Manager or the Business Manager and the Commission Secretary are empowered to execute the contract on behalf of the Recreation and Park Commission; and

BE IT FURTHER RESOLVED, that the Secretary shall file notice of approval in the official advertising of the official newspaper of the City and County of San Francisco.

6 - Supplemental Appropriation for Steinhart Aquarium Repair Fund

The Secretary reported that City Controller, Harry Ross, had telephoned to advise that it would be necessary for the Commission to request that the Steinhart Aquarium Rehabilitation Bond Fund money be transferred out of the Recreation and Park Department account to permit its use by the California Academy of Sciences and the Department of Public Works.

The money was voted under the title of a Recreation and Park bond issue because Steinhart Aquarium is a quasi-public body and the improvements are to be made on a City building located in Golden Gate Park -- making this accounting procedure necessary.

On motion of Commissioner Moore, seconded by Commissioner Casey, the following resolution was adopted:

(6) Complaints uncleanliness beach and park areas, and Commission approval of campaign to keep clean

From the Board of Supervisors, forwarding communication from Sophie B. Schroffel, 111 Forest View Drive, calling attention to the uncleanliness of the Ocean Beach, and requesting that several corrective measures be taken to improve conditions at the Ocean Beach from the Cliff House to Sloat Boulevard.

Mr. Kimball reported that the complaints registered by the writer were true and accurate reports on the uncleanliness of the beach. He explained that some of the litter had accumulated due to lack of attention in the past, but that concentrated effort is being made to correct the situation. He expressed his ideas on initiating a City-wide campaign for public cooperation and support in keeping park and beach areas clean.

The Commissioners expressed approval of the all-out campaign and urged the General Manager and staff to proceed promptly in its development.

UNFINISHED BUSINESS:

(1) Russian Hill Park Properties:

The Commission having held two public hearings at previous meetings in which consideration was given to the possible acquisition of approximately two square blocks of San Francisco Water Department property on Russian Hill which the Public Utilities Commission had declared surplus, President Haas announced that the matter was now ready for staff discussion and Commission decision.

Mr. Kimbell presents five schematic sketches on proposed recreation and park development

Mr. Kimbell, General Manager, presented five schematic sketches depicting varying degrees of recreation and park development of the property. His recommendation on priorities emphasized the need for acquisition of the middle section for development as a midget league baseball diamond. This facility was included in Schemes 4 and 5 only. He further recommended that a small children's area be provided in either the upper or lower levels of the proposed park. Mr. Kimbell said that the most desirable recreation and park development would be provided through Scheme 5, which encompassed all of the surplus property.

Discussion Russian Hill Park Properties

President Haas called for discussion of the five plans and the relative need for providing the various recreation facilities. It was the consensus that there being no baseball diamond for youngsters anywhere in the North Beach or Russian Hill districts, the Commission would give this facility first priority. Further expressions of the members indicated that even though the Commission had no funds on hand to reimburse the Public Utilities Commission for the property, nor funds immediately available for its development, it would prefer to acquire and develop all of the surplus property.

Following lengthy discussion and consideration of the financial problems involved, on motion of Commissioner Hoffman, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No. 3280

Resolution No. 3280

Russian Hill Resolution

WHEREAS, several months ago the residents of Russian Hill and North Beach neighborhoods came before this Commission to request support for their application to the Planning Commission for rezoning the surplus Water Department property on Russian Hill from second residential to first residential -- with a view to the property's development for park and recreational uses; and

WHEREAS, shortly thereafter Mr. Herbert Greenwald proposed a plan whereby, if he could acquire the surplus property, he would privately finance the construction of large apartment buildings on part of the land, while deeding the remaining portion of land back to the City for park use; and

WHEREAS, the question of requesting the transfer and use of this property has been a matter of serious consideration for this Commission during the past several months, during which time the counter proposals of the residents and the developer were fully reviewed, investigations of the needs of the district were conducted and reported on by the staff, and full public hearings were held on this matter; and

WHEREAS, the staff findings and Commission consideration demonstrates that the surplus Water Department property offers the last opportunity to meet the recreation and park needs of this inadequately served district, and in particular, to provide the youngsters of North Beach and Russian Hill with a baseball diamond; while further providing facilities to serve the mothers and small children, the youngsters and the elderly people who reside within a district isolated by heavy traffic barriers on Van Ness Avenue, Bay Street, Columbus Avenue and Broadway;

NOW, THEREFORE, BE IT RESOLVED, that this Commission, as the first step in the municipal code procedure for jurisdictional transfer of City property, as set forth in Ordinance 7929, does hereby request His Honor, the Mayor, to approve the transfer of jurisdiction from the San Francisco Water Department to the Recreation and Park Department of the surplus Public Utilities Commission property situated between Larkin, Bay, Hyde Streets and Russian Hill Park north of Chestnut Street.

.....

Mr. James Price-Dear, President of Russian Hill Improvement Association, thanked the Commission for its action.

(3) Construction of New Breakwater at Marina Yacht Harbor:

Mr. Harman presents drawings new breakwater proposed for Yacht Harbor

Mr. Harman, Supervising Engineer, presented drawings showing the area for the proposed new breakwater to be constructed at Yacht Harbor, and advised that permission of the District Army Engineer would be required because the proposed breakwater will encroach on the United States bulkhead line.

On motion of Commissioner Herz, seconded by Commissioner Casey, the following resolution was adopted:

Res. No. 3291 — Resolution No. 3291

Authorization submission of request to Dist. Engr. Dept. Army, for constr. new breakwater, Marina Yacht Harbor

RESOLVED, that this Commission does hereby authorize the submission of a request to the District Engineer, Corps of Engineers, Department of the Army, for permission to proceed with the construction of a new breakwater which will close the present entrance of the Marina Yacht Harbor, said new breakwater encroaching to a degree on the existing United States bulkhead line;

FURTHER RESOLVED, that the Secretary be authorized to submit the request and the descriptive diagrams for and on behalf of this Commission.

(4) Surplus Fire Department property adjoining Balboa Park:

Commissioner Conway reports on Surplus Fire Dept. property adjoining Balboa Park

Commissioner Conway reported that he had inspected the surplus Fire Department property adjacent to Balboa Park, which this Commission on July 14, 1958 had requested the Mayor to transfer to this Department, and which the Mayor had subsequently disapproved. Commissioner Conway expressed his firm opinion that the City's disposal of the property would not be prudent, and that releasing it to private hands would tend to depreciate values of the whole area.

Following discussion of possible park development or parking area development of the property, on motion of Commissioner Conway, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No. 3292 — Resolution No. 3292

RESOLVED, that this Commission does hereby reaffirm its desire to have the surplus Fire Department property adjacent to Balboa Park retained in City ownership; and does hereby again recommend to the Mayor and the Board of Supervisors that said

(8) Adoption of Recommendations of Mayor's Small Boats Harbor Committee:

President Haas outlines long-range plans and intentions for improvement of small boats harbor

President Haas reported that on Tuesday, September 23, 1958, Mr. Fred Parr, Chairman of the Mayor's Small Boats Harbor Committee, had held a meeting which he and Commissioner Coffman attended, as well as members of the staff. The Committee is composed of a large and representative group of leading citizens.

Mr. Haas outlined the Committee's long-range plans and intentions for improving San Francisco's small boats harbor, and presented two recommendations of the Committee, asking for Commission action. A printed summary of the September 23rd meeting was distributed to all Commissioners by the Secretary.

On motion of Commissioner Herz, seconded by Commissioner Coffman, the following resolution, presented by the Mayor's Committee, was adopted:

Res. No. 3299

Resolution No. 3299

Petition to authorize application to St, Calif., Dept. Natural Resources, for $10,000 loan to determine feasibility of developing harbor

RESOLVED, that this Commission, having reviewed the recommendations of the Mayor's Small Boats Harbor Committee, does hereby formally petition the Mayor, Board of Supervisors, and the Controller, acting for and in behalf of the City and County of San Francisco, to authorize application to the State of California, Department of Natural Resources, Division of Small Craft Harbors, for a loan in the amount of $10,000 to aid the Recreation and Park Commission, in cooperation with the Mayor's Small Boats Harbor Committee, in determining by technical and engineering studies, the feasibility of the plan for developing the Marina Small Boats Harbor and the estimated costs of the major items for both partial and complete construction.

REPRESENTATIVES AND DELEGATES:

1 - Civic Center Plaza and Underground Garage -

Approval of Parking Authority's Contractual Agreement for Underground Garage and Civic Center Plaza

Mr. Albert E. Schlesinger, Chairman of the Parking Authority of the City and County of San Francisco, accompanied by Mr. Vining L. Fisher, Parking Authority General Manager, and Mr. David Thomas, Board Member -- outlined to the Commission the several preparatory steps which have been taken by the Parking Authority in bringing about the proposed agreement for the construction and operation of a sub-surface garage in the Civic Center Plaza. He explained that the arrangements were similar to those now in effect at Union Square and St. Mary's Square underground garages.

Jerome Cohen, Dep.City Atty. advised Agreement adhered to ltr.of intent except that Corp.will pay City $154,000 for restoration of surface and no shares of stock will be issued

Mr. Schlesinger asked Mr. Jerome Cohen, Deputy City Attorney, to give an explanation of the agreement's provisions. Mr. Cohen told the Commission that the agreement adhered to the Letter of Intent approved by the Commission on April 21, 1949 under Resolution No. 3367, except for the following changes:

Plaza, the Corporation will pay the City $154,000 for the construction of the surface of Civic Center Plaza, rather than the Corporation purchasing the construction work itself;

Bonds, the non-profit Corporation will not issue any bonds of stock as originally called for -- but the Corporation does agree not to discriminate unduly in favor of anyone but the City.

John Gould, Architect, submitted preliminary drawings

Mr. John Gould, the Architect, submitted the preliminary drawings of the garage and explained various features in answer to questions by Mr. George Kneese, Engineering Engineer; and Mr. Gould said that the exhaust vents of the garage were shown on the drawings but that details were lacking.

Pub. Lavatories provided for patrons and public

Both Mr. Schlesinger and Mr. Gould assured the Commission that adequate public lavatories and washroom space are provided in the garage for the convenience of both garage patrons and the general public.

Sup.of Parks, R.S. Ralph, asks storage space

Superintendent of Parks, Rudolph S. Ralph, asked that provisions be made within the garage for storage space for operating and maintenance equipment required by the Department in caring for the surface of the Plaza.

R. Neil, Atty. for Corporation, assured Com. storage space would be provided in garage

After considerable Commission discussion of the importance and necessity of this item, Mr. Edward Neil, attorney for the Corporation, assured the Commission that such space would be provided, and that he would furnish a letter confirming this statement as a condition to the Commission's approval of the agreement and plans as submitted. Mr. Neil stated that the storage space presently under the garage was under consideration for 10'x20' added for by the Commission.

In consideration of the foregoing explanation, on motion of Commissioner Kaufman, seconded by Commissioner Kent, the following resolution was adopted:

Res. No. 3514 — Resolution No. 3514

Resolution approving agreement between the City, Commission and S.F. Civic Plaza Parking Corporation

RESOLUTION APPROVING AGREEMENT BETWEEN THE CITY AND COUNTY OF SAN FRANCISCO, THE REDEVELOPMENT AND PARK COMMISSIONS, AND CITY OF SAN FRANCISCO CIVIC PLAZA PARKING CORPORATION, AND APPROVING AND AUTHORIZING CERTAIN ACTIONS OF A CONSTRUCTION AND LEASE AGREEMENT WITH SAID CORPORATION AND THE EXECUTION AND DELIVERY THEREOF, AND OF A LEASE, COPIES OF WHICH ARE ON FILE WITH THE SECRETARY OF THE REDEVELOPMENT AGENCY, AND OTHER ACTIONS IN CONNECTION THEREWITH AND RELATING TO THE LEASING OF THE SUBSURFACE OF THE UNDERBUILT THEREOF AND THE OPERATION AND MAINTENANCE OF A PUBLIC OFF-STREET PARKING FACILITY THEREON OF A PUBLIC OFF-STREET PARKING FACILITY.

WHEREAS, There is now on file in the office of this Commission a form of agreement between the City and County of San Francisco, this Commission, and the City of San Francisco Civic Plaza Parking Corporation, a nonprofit corporation organized and existing under the laws of the State of California, dated as of September 1, 1949, together with exhibits thereto, which is referred to therein and attached thereto, and entitled as follows:

2 - Recreation Center for the Handicapped, Inc.

Mrs. Douglas, Pres., asks City funds for Recreation Center

Mrs. John M. Douglas, President of the Recreation Center for the Handicapped, Inc., appeared before the Commission to request City funds to assist in the operation and staffing of her organization's recreational special services for physically handicapped children and adults. Mrs. Douglas described the program and services offered at the Center, which operates in one of the Commission's buildings at Fleishhacker Pool.

REPRESENTATIVES AND DELEGATES: (continued)

Recreation Center for the Handicapped, Inc. (continued)

The following persons attended meeting and spoke:

It was strongly emphasized that the physically handicapped are deserving of recreational services just as much as physically normal persons and that public recreational departments provide recreational facilities and services to specialized groups, and that the handicapped should not be denied.

Mrs. Morris Pomeroy

Mrs. Morris Pomeroy, Director of the Center's program, spoke of the merits of the work done for the physically handicapped.

Sup. Ct. Judge John B. Molinari

Superior Court Judge John B. Molinari, concurred with all that had been said in support of the program. He told the Commission that recreation was its business and that he believed that the City was equipped to undertake the program.

Dr. Theodore Kohler, S.F. State College

Dr. Peter Cohen, San Francisco State College, endorsed the program and told of his firsthand knowledge of its benefits.

The Hon. Francis McCarty, Pres. Bd.Sup. will support req. for public funds for Center

President of the San Francisco Board of Supervisors, the Honorable Francis McCarty, said that while he was most conscious of the tax dollar, he was aware that millions of dollars are spent for special recreational sports, hobbies, and leisure-time programs. He declared that the physically handicapped is the group that has the most need for recreation and is most entitled to recreation. He said he would support a request from the Commission to the Board of Supervisors for public funds to support the program for the remainder of the fiscal year.

Matter referred to Staff & Comm. Casey's Com.

On motion of Commissioner Kerr, seconded by Commissioner Casey, the entire matter relating to the plight of the Recreation Center for the Handicapped, Inc. was referred to the staff and Commissioner Casey's Committee for study.

Mrs. Douglas thanked Commission

The delegation thanked the Commission for its attention; and Mrs. Douglas said that all requested information and budget data would be mailed to the Commission.

3 - Russian Hill Park

President Haas' report on Russian Hill Park

Several persons who are interested in the City property adjacent to Russian Hill Park attended the meeting to obtain information on the City's plans for the properties.

Meeting in the Mayor's Office

President Haas reported to the Commission that he and Acting General Manager, James J. Lang, had attended the meeting in the Mayor's office at which Mr. San Francisco, Public Utilities Commission President and Mr. Stanley Jones, Planning Commission Manager, were present - as well as several members of the City Planning Commission.

Pres. Haas' letter to Mayor and Water Dept. property as ref. to Dept. for recreation use

President Haas informed the Commission that he had submitted a formal letter to the Mayor, requesting that the Water Department progress in consideration of the use and/or disposition and park development, of such land of the Water Department situated between Francisco and Chestnut Streets as may be necessary for the construction of the proposed Bay-to-Ocean Freeway, and which the Water Department authorized the Recreation and Park Department to include in its proposed budget for the fiscal year 1957-58 for the purpose of preparing preliminary plans and a model for the proposed development.

Mayor asks further meeting of Comm. Roberts and Lang for joint proposal for approval

Mr. Lang reported further on the method of the lease of a portion of the property to the Recreation and Park Department which would be beneficial to the City. Commissioner Roberts suggested that General Manager Lang, as the Commission's representative, and President Haas meet with the Mayor to present a joint proposal for the lease of a portion of the property to the Recreation and Park Department. Mr. Lang stated that the matter of the lease would be discussed by the representatives with the Mayor.

4 - Midtown Terrace Development:

Neighborhood petitions for public playground facilities

Mr. Lang recalled for the Commission's attention a petition received several weeks ago from residents of the Midtown Terrace subdivision, urging that public playground facilities be provided to serve their neighborhood..

Preliminary sketches submitted to Commission. No cost estimates

In accordance with the Commission's instructions, the staff has investigated the recreation needs and the possibilities for developing proper facilities. Mr. Lang submitted preliminary sketches in which the roof of the large Sutro reservoir would be used for athletic courts. The plans showed basketball, tennis and volley ball courts, soft ball diamond; and on a lower level, a small clubhouse and landscaped area. No definite cost estimates were available.

On motion of Commissioner Moore, seconded by Commissioner Casey, the following resolution was adopted:

Res. No. 3318

Resolution No. 3318

Commission gives general approval to proposal

RESOLVED, that this Commission, having reviewed the preliminary sketches for public playground facilities in the Midtown Terrace district, as prepared by the Department staff, does hereby give its general approval to the proposal, and authorizes the General Manager and staff to proceed with more detailed planning; and

Further approval covering surfaces of reservoirs

This Commission further records its approval of the principle of utilizing the covered surfaces of large reservoirs for public recreation purposes, as previously set forth in the Minutes of September 13, 1956.

2 - Lake Harbor Extension: (Elimination of Harbor Light)

Elimination of Harbor Light necessitates U. S. Coast Guard permission

Mr. Lang reported that the improvements about to be made to the Marina Lake Harbor include the closing of the present harbor entrance and opening a new channel.

In order to discontinue the operation of the present harbor light, permission must be obtained from the United States Coast Guard.

On motion of Commissioner Coffman, seconded by Commissioner Boxer, the following resolution was adopted:

NEW BUSINESS: (continued)

Approval and Recommendation Application Elimination Harbor Light at entrance Marina Yacht Harbor

Yacht Harbor Extension: (Elimination of Harbor Light) (cont'd)

RESOLVED, that this Commission does hereby approve and recommend that an application be made by its Secretary to the United States Coast Guard for permission to discontinue the operation of the harbor light presently located at the entrance of the Marina Yacht Harbor -- this action being in conformity with this Commission's plans for the closing of the main entrance and the opening of a new channel.

3 - Plans for Glass Enclosure at Merry-Go-Round, Golden Gate Park:

Supervising Engineer, George S. Harman, reported on an approved budget item calling for a glass enclosure at the Merry-Go-Round in Golden Gate Park.

On his recommendation, and on motion of Commissioner Herrmann, seconded by Commissioner Casey, the following resolution was adopted:

Res. No. 3321

Resolution No. 3321

Approval and Award of Contract to SCHUBART & FRIEDMAN, Architects, for Glass Enclosure at Merry-Go-Round, in Golden Gate Park. Fee: $1,100.

RESOLVED, that this Commission, on the recommendation of the Acting General Manager, does hereby approve the award of an architectural contract to: SCHUBART & FRIEDMAN, Architects, for plans, specifications, estimates of cost, and general architectural and engineering supervision for the installation of seat in the archways between columns of the Merry-Go-Round in Golden Gate Park; the architects to receive a full basic fee of $1,100.00 for the completion of plans, specifications and cost estimates, within 45 calendar days of receipt of the contract -- the estimated construction cost of this project being $11,000.00.

4 - Modification of Dr. Baker's Agreement as Consultant for Physical Therapy:

Following a report by Committee Chairman, Commissioner Herrmann, on her motion, seconded by Commissioner Shaw, the following resolution was adopted:

Res. No. 3322

Resolution No. 3322

RESOLVED, that this Commission does hereby authorize a modification of the agreement of Dr. Richard E. Baker, Consultant-Coordinator, for increasing honorarium, to provide for changes in the relative amounts to be paid for actual and necessary expenses the first and second years of the agreement without affecting the total amount to be paid. The modification is hereby authorized amended as follows:

Part 3, Paragraph 1, to be amended to read: "To pay to said Contractor for the period beyond the sum of $10,000 per annum in 12 equal monthly payments. City further agrees to pay to Contractor a sum not to exceed $1,200. the first year of this agreement and $600. the second year of this agreement, for the actual and necessary expenses incurred in the course of Contractor rendering services under the terms of this agreement."

5 - Lease of City Property to State of California; Assessor's Block No. 9, Aquatic Park:

Commissioner Coffman, Committee Chairman for Aquatic Park matters, reported that the Municipal Railway officials had requested that the area set aside for a cable car turntable in the Aquatic Park property that is about to be leased to the State of California, be enlarged by a 15-ft. extension on the west side in order that sufficient space would be provided for the public's convenience.

He reported that the State Division of Beaches and Parks is agreeable to this amendment of their operating agreement.

On motion of Commissioner Coffman, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No. 3323

Resolution No. 3323

Approval of submission of amended lease Block 9, Aquatic Park, to State of Calif. increasing turntable area to 80'x140': to Bd. of Sup. for legislation

RESOLVED that this Commission, having previously approved a form of lease for Block 9 (Aquatic Park to the State of California under Resolution No. 3250, meeting of August 28, 1958), does now hereby approve a revision of the proposed lease of the City property to the State of California extending the area to be used for a cable car turntable operated by the Public Utilities Commission, increasing the dimensions of the turntable area from 80'x125' to 80'x140'; and the Secretary and the President be, and are hereby authorized to execute such amended operating agreement, and to submit to the Board of Supervisors for approval the appropriate legislation for approval of the lease to the State of California.

6 - Franklin Square Street Property:

Franklin Sq. street property sale funds belong to D.P.W. and not to Rec. & Park Dept. since it was public street and not park

Committee Chairman, Commissioner Herz, reported that he and President Haas had met with Controller Harry D. Ross, regarding the funds which the City had received for the sale of a portion of Hampshire Street adjacent to Franklin Square.

Mr. Ross concurred in the earlier report made by Mr. Sherman P. Duckel, Director Department of Public Works, that the funds received for the street property would properly be credited to the Department of Public Works and not to the Recreation and Park Department Land Reserve -- for the reason that the property sold was a public street and not a part of the public park.

COMMUNICATIONS:

1 - From Mrs. Hopkins Dodge, 1020 Union Street, San Francisco 11, informing the Commission that sculptress, CLARA HUNTINGTON, has graciously offered as her gift to San Francisco the exquisite bronze statue of St. Francis of Assisi which was so enthusiastically admired by the many visitors to the 1939 Exposition at Treasure Island.

Mrs. Hopkins Dodge was present and informed the Commission that Mrs. Huntington makes only two stipulations on her most generous offer: one, that she be consulted as to the statue's placement and approve the final selection. The other request was that she be subjected to no further expense in the matter. The Commissioners examined photographs of the statue and discussed the possibilities of using certain bequest funds to meet the cost of installation and arrangement of a setting.

On motion of Commissioner Coffman, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 332 — Resolution No. 332

Acceptance gift from donor, Mrs. Clare Huntington, of bronze statue of St. Francis of Assisi

WHEREAS, MRS. CLARA HUNTINGTON, sculptress, has graciously offered to the Recreation and Park Commission as a gift to the City and County of San Francisco the life-size bronze statue of St. Francis of Assisi which was a featured Garden Court attraction of the 1939 International Exposition at Treasure Island; and

WHEREAS, it is the wish of Mrs. Clare Huntington that her gift be installed by the City in an appropriate location in one of San Francisco's public parks; and

WHEREAS, this Commission considers the acquisition of this symbolic and artistic work of art most desirable and particularly appropriate for the City of St. Francis;

COMMUNICATIONS: (continued)

NOW, THEREFORE, BE IT RESOLVED that this Commission does hereby accept on behalf of the City and County of San Francisco the bronze statue of St. Francis of Assisi hereinbefore mentioned, and does hereby further recommend the approval of the acceptance by the Art Commission and the Honorable Board of Supervisors so that the St. Francis statue may be installed in an appropriate park setting for the lasting pleasure and enjoyment of the public.

2 - a) From Vining T. Fisher, General Manager San Francisco Parking Authority, advising that this Authority expects submission of an offer for private financing and construction of an underground garage at Portsmouth Square. Mr. Fisher requested a statement from the Commission, outlining its requirements as to the surface restoration and any other provisions.

b) From Keil and Connolly, Attorneys at Law, a similar letter to Mr. Fisher's above, advising that "the underwriters for the proposed underground garage at Portsmouth Square are most anxious to have the requirements of this Commission made definite and definitive."

Park. Auth. regarding proposed underground garage at Portsmouth Square

Mr. Kimball reported that the only previous action taken by the Commission with respect to a garage at Portsmouth Square was a grant of permission to the Parking Authority to conduct soil borings and corings to determine the feasibility of the proposal. This action was taken under Resolution No. 3051 on March 27, 1958, and was not a full and formal approval of the proposal that an underground garage be constructed.

The Commission discussed the proposal and concurred with the view expressed by Commissioner Coffman that it favored the plan for an underground garage so long as such construction will not in any material respect or degree be detrimental to the original purpose for which Portsmouth Plaza was dedicated or in contravention of the conditions of any grant under which Portsmouth Plaza was created and placed under jurisdiction of this Commission.

Restoration requirements referred to Com. and staff for study and recommendation

The consideration of the restoration of the Plaza was next discussed. On motion of Commissioner Moore, seconded by Commissioner Bevort, the matter of the Commission's requirements in the redesign and restoration of the park, as well as the Department's requirements for park maintenance space within the proposed garage structure, were referred to both Committee and staff for study and recommendation.

3 - a) From Vining T. Fisher, General Manager, San Francisco Parking Authority, submitting a print of the floor plans of the Civic Center Garage, showing location and dimensions for a tool shed which can be utilized without loss of revenue-producing parking space, and requesting approval of the space allocated.

b) From Edward L. Keil, Attorney, Civic Plaza Parking Corporation, confirming his oral commitment that the Corporation would provide 200 square feet of storage space within the garage to be used by the Commission in connection with the maintenance of the surface of Civic Center Plaza.

Park. Auth. to provide gardeners' tool room in Civic Center Garage

The Commission examined the blueprint showing the tool storage space provided within the underground garage and on motion of Commissioner Coffman, seconded by Commissioner Downey, the areas to be provided were approved as indicated on the print. President Hess and members expressed satisfaction that this small but important detail had been worked out at no disadvantage to the garage corporation and that it would result in a more beautiful Civic Center and more efficient maintenance of the park area.

COMMUNICATIONS: (continued)

4 - From Ray Sullivan, golf professional, Lincoln Park Golf Course making a formal application for a ten-year renewal of his contract with the Commission commencing January 2, 1959.

Appl. for renewal 10yr. golf course contracts Lincoln & Sharp Park, Ray Sullivan

On motion of Commissioner Moore, seconded by Commissioner Conroy, the question of the renewal of professional golf contracts for both Lincoln Park Golf Course and Sharp Park Golf Course were referred to Commissioner Conroy's Committee and to the staff for early review and recommendation.

5 - From George E. Ballis, Deputy City Attorney, recommending a settlement in the personal injury case of Berliner vs City and County of San Francisco, et al in the amount of $150.00, the plaintiff having stepped in a hole while walking in Duboce Park, breaking her right ankle.

On motion of Commissioner Barsotti, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 5225 — Resolution No. 5225

Aprv. comp. set. of $150 Berliner vs City pers. inj. case Duboce Park 9/2/53

WHEREAS on May 2, 1953 VEL. J. BERLINER suffered injuries as a result of stepping in a hole in the grass in Duboce Park, and the City Attorney having recommended that a declined claim of $150. 00 dosages be settled in the sum of $150.00

NOW, THEREFORE, BE IT RESOLVED that this Commission does approve the recommendation of the City Attorney and hereby authorizes the compromise and settlement of the case of Vera J. Berliner vs City and County of San Francisco, et al, Superior Court No. 437864, in the amount of $150.00.

6 - From James Friedenberg, President Russian Hill Improvement Association, an open letter to the Recreation and Park Commission, dated October 14, 1953, relating to the Commission's recent action to acquire additional property in the Russian Hill district for recreation and park development. (A copy of the Commission's formal request to Board of Supervisors for the transfer of the surplus Water Department property involved on Russian Hill was duly mailed to Mr. Friedenberg by the Secretary.)

Letter from J. Friedenberg re: Russian Hill Park

Joint conf. staff, City Plan. and Water Dept.

Mr. Kimball reported that the Mayor had received the Commission's formal request and that representatives from the Department staff, City Planning and the Water Department, and the Public Russian Hill matter under joint study. No action was taken by the Commission pending the staff report.

LETTERS OF INFORMATION: (Non-communications of the Secretary not referred to Commissioners or Board Member for appropriate action)

1 - From Mrs. Jean L. Douglas, Chairman Harbor Point Committee, United Community Fund, 2019 Steiner Street, San Francisco, urging the Commission's prompt action in the reconstruction of the Harbor Point Gymnasium, and inquiring on steps relating to the present condition of the Gymnasium, which the Committee considers unsafe.

The Commission granted an appropriation covering the cost of [illegible] (property loss for the reconstruction of Harbor Point Gymnasium (Resolution No. 305, September 2, 1953, (This money is available $10,000 for repair, September 21, 1953. Mr. Douglas has been so notified.

10/13/53

LETTERS OF INFORMATION: (continued)

3 - From George W. Hellyer, Jr., President San Francisco Senior Center, requesting the Commission to give consideration to allocating a portion of the Russian Hill area to the San Francisco Senior Center. (Acknowledged by President Haas and referred to the General Manager and staff for information and review)

4 - From James R. McCarthy, Director of Planning, a copy of his letter to Sherman P. Duckel, Director Department of Public Works, advising that the general layout drawings for the Civic Center Underground Garage, are in conformity with the master plan and that the Planning Commission has asked that when the final plans are completed, they be submitted to the Planning Commission for review and report.

5 - From Carr S. Pechtel, President Shoreline Planning Association of California, Incorporated, acknowledging receipt of annual membership dues in the Association, from the Recreation and Park Department; and announcing the 12th Annual Convention at San Luis Obispo, November 14-15, 1958.

6 - From Thomas P. Brown, Jr., Attorney at Law, urging this Commission and other City departments to preserve as much greenery of the Sutro Forest as possible. (Acknowledged by Secretary)

7 - From Messrs. Fisher and Tallman, application for the rental of the Beach Chalet for an annual party November 20, 1958.

This application having been approved by the General Manager, on motion of Commissioner Coffman, seconded by Commissioner Bercut, the department's approval of the application was ratified.

8 - Letters of thanks from the following:

a) From Mrs. Mercine L. Karam, Frederic Burk School, San Francisco State College, expressing appreciation of faculty and students for the enjoyment and educational opportunities afforded them by the Josephine L. Randall Junior Museum. (The Secretary was instructed to inform Miss Randall of the public's appreciation of the Museum's activities and services

b) From Ernest L. Orchard, Executive Director The San Francisco Guild for Crippled Children, Inc., expressing appreciation for the Commission's approval of their Conservatory Dell floral plaque request for February, 1959.

c) From Sister Vitiana, Executive Director, Catholic Youth Organization, thanking the Commission and department staff for the excellent camping and park accommodations afforded the C.Y.O. Day Camp in Golden Gate Park and the Rossi Swimming Pool during the summer months, in which 772 children were accommodated.

In connection with the foregoing, Mr. Kimball reported to the Commission that the consolidation of the park and recreation systems had made possible a broad and progressive program for all-round day camping and that park properties previously unused for this purpose, have now been developed and are being used for day camps during several months each year.

2 - Portola Recreation Center and Playground: Mrs. Peter Slepnikoff, President of E. R. Taylor P.T.A., and spokesman for a group of delegates from the Portola neighborhood, addressed the Commission and requested an explanation of the continued delay in starting the rehabilitation and repair of the Portola Center and Playfield.

Portola delegates request prompt repair and rehab. of Portola P/G

Mrs. Slepnikoff said that residents of the neighborhood preferred that an aluminum roof be installed instead of a tile roof, as experience had shown that the tile was readily damaged by ball-playing activities.

President Haas assured the delegation that the Commission was trying to convince The Art Commission that some roofing material other than tile should be approved. He said that he had personally visited the building with Mr. Kimbell and Commissioner Coffman and knew the situation from firsthand.

The delegation thanked the Commission for its efforts and is making representations to The Art Commission in behalf of a favorable and prompt decision so that construction may start without further delay.

Twenty-three calendar days extension requested from September 3, 1958 to September 26, 1958. Extension of time is needed because of delay on part of the City furnishing proper information to the contractor.

Com. assured all construction contracts have penalty clauses

In connection with the foregoing resolution, President Haas inquired whether or not the construction contracts contained a penalty clause whereby contractors are penalized for failure to perform their contractual obligations within the time limit provided for in the contracts.

The Commissioners were assured that all department construction contracts have penalty clauses; but that the penalty is not exercised when the delay results from departmental causes. The members concurred with Commissioner Coffman's suggestion that the General Manager exercise diligence in the matter of extensions of time to the end that no unwarranted delays are encouraged or permitted.

NEW BUSINESS:

1 - Architectural Contract: Mission Park Fieldhouse and Convenience Station:

Mr. Kimball reported that the very old convenience station at Mission Park is a reinforced concrete structure that could possibly be altered to serve as a directors' fieldhouse, gardeners' storage building and a public convenience station.

Mr. Harman has reviewed the possibilities of renovating the structure and has recommended engaging the architectural services of Mr. Donald Beach Kirby to determine the feasibility of modifying the existing convenience station in a plan encompassing the three proposed uses, viz., a) directors' quarters; b) gardeners' storage; and c) public convenience station.

2 - Pedestrian Overpass - St. Mary's Playground:

The Commission next reviewed some preliminary drawings of the California Division of Highways, showing a section of the Southern Freeway to be constructed in the vicinity of St. Mary's Playground. The drawings included plans for a pedestrian overcrossing which would provide public access to St. Mary's Playground from the west side of the Southern Freeway. Mr. B. W. Booker, State Highway Engineer, requested the Commission to approve the installation.

On motion of Commissioner Coffman, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No. 3335

Com. grants permission toconstruct pedestrian overpass in St. Mary's P/G - to Calif. St. Div. Highways

Resolution No. 3335

RESOLVED, that this Commission, having reviewed the preliminary drawings submitted by the District IV, California Division of Highways (incomplete plan map, Division of Highways, June 5, 1958, File Project No. 1131, Dept. "pw", indicating thereon the proposed installation of a pedestrian overpass across a section of the Southern Freeway and providing public access to St. Mary's Playground -- finds said proposed overpass to be in the public interest and does hereby grant permission to the California State Division of Highways to construct the eastern terminus of the pedestrian overpass on a portion of St. Mary's Playground property as indicated on the submitted drawings.

Low Bidder, Ira H. Larsen Co., $262,261.00

The General Manager recommended approval of an Award of Contract to the low bidder, IRA H. LARSEN CO. for total award of $262,261.00, which includes the four alternates.

Discussion of sailing site on south shore

Commissioner Conway stated that he had heard objections from several representatives of the Lake Merced sailing group, in which they had expressed dissatisfaction with the site selected for construction of the aquatic center. He asked for a report of the General Manager on the site selected and the reasons for the decision to place the building on Harding Road, rather than on the south shore of the South Lake.

Mr. Kimbell replied that several committee meetings of all interested persons had been held and that all representatives on the committee concurred that the location selected was excellent and the best for fishermen, boating and recreation groups.

Commissioner Conway said that the sailing group wanted a safe anchorage and proper racing facilities, which could not be obtained at the present location. Mr. Kimbell replied that the sailing installation could be provided on the south shore at a cost of approximately $20,000.00.

Commissioner Conway said he would agree to the award of a construction contract, but requested through President Haas that a staff study be made of the sailing situation, with the view to providing anchorage and proper racing facilities

On motion of Commissioner Moore, seconded by Commissioner Coffman, the following resolution was adopted:

7 - Commendation Luncheon for Raymond G. Kimball, General Manager and James P. Lang, Superintendent of Recreation:

President Haas related for the record that a signal honor had been conferred upon Mr. Raymond G. Kimball, General Manager and Mr. James P. Lang, Superintendent of Recreation, on the occasion of their completion of thirty years of professional service in the field of public recreation.

Commission expresses appreciation of honor due Mr. R. G. Kimball and Mr. J. P. Lang for their 30 yrs. service

President Haas said that the testimonial luncheon held in the Colonial Room of the St. Francis Hotel on Monday, October 20, 1958, and attended by well over 500 civic and community leaders, was not only a tribute to Mr. Kimball and Mr. Lang, but indirectly reflected high credit to San Francisco's Recreation and Park Department. The Commissioners joined in extending their warm congratulations and appreciation to Mr. Kimball and Mr. Lang for their many years of outstanding service and devotion to their duties. Mr. Kimball responded that as administrators they could only be as good as their staff and that they looked to the Commission for leadership, guidance and support. He expressed his hopes for a continued growth and improvement of the Department's services.

8 - Small Boats Harbor Questionnaire:

Commission approves questionnaire to be sent 2100 small boat owners

President Haas reported that the Mayor's Citizens Committee for Small Boats Harbor had planned to send a questionnaire to some 2100 San Francisco boat owners for the purpose of determining the demand as well as the need for expansion of small boat harbor facilities.

The Committee, through Mr. Parr, its Chairman, had asked for financial and clerical assistance from the Commission in preparing and mailing the letters and questionnaires. The Commissioners were agreeable to approving a reasonable expenditure to finance the questionnaire, with the understanding that it would be possible to review the material to be mailed and the responses received.

4 - From Elmo L. Buttle, Chief, Disposal Branch, General Services Administration, giving notice that approximately 35 acres of the Veterans' Hospital site at Fort Funston, has been declared surplus to the needs of the Federal Government and requesting to be notified within thirty days if the City of San Francisco was interested in acquiring all or part of the 35-acre parcel for park and recreational use.

Following the report and recommendation of Mr. Kimbell, General Manager, on motion of Commissioner Coffman, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 3342 — Commission records interest but not commitment in the acquisition of 35-acre parcel land near Fort Funston

Resolution No. 3342

RESOLVED, that this Commission does hereby record its definite interest in the possible availability for park and recreational use of a 35-acre parcel of land in the vicinity of Fort Funston which has been determined surplus to the needs of the Federal Government; and

The Commission Secretary be, and is hereby directed to advise the General Services Administration of this Commission's interest, and to request from that Administration, more detailed and exact maps and descriptions of the parcel that may become available; and

To further advise the General Services Administration that the acquisition of land parcels by this Commission, as an agency of local government, is accompanied by the problem of funding and financing; and that this Commission's expression of interest in the possible availability of the land parcel is not to be construed in any way as a commitment regarding its purchase.

COMMUNICATIONS: (continued)

5 - a) From Joseph H. Dyer, Jr., Secretary of the Art Commission, advising that the Art Commission approved acceptance of the gift of the bronze statue of St. Francis of Assisi from Mrs. Clara Huntington and requesting notification when this Commission has selected a suitable site for location of the statue.

St. Francis of Assisi

Selection of site for statue to be recommended by staff

b) From John G. Brucato, Executive Chairman Citizens' Committee for the Annual Observance of Saint Francis of Assisi Day, requesting that this Committee be considered when a site for placement of the St. Francis of Assisi statue is under discussion, and further requesting that any dedication of the statue be withheld until Sunday, October 4, 1959, the day selected for the next observance of Saint Francis of Assisi Day.

Mr. Kimball reported that the department staff is engaged in a study of possible sites for the location of the St. Francis of Assisi statue; and he anticipates a firm recommendation can be presented to the Commission in the very near future.

St. Francis of Assisi Day, Sunday, Oct. 4, 1959, suggested for dedication of statue

Following discussion, it was the consensus of the Commissioners that the best procedure would be to await the staff's recommendations regarding the location, with the understanding that both the sculptress, Mrs. Clara Huntington, and the Art Commission be consulted before final selection; and that this Commission agrees in principle with the Citizens' Committee's request for postponement of dedication ceremonies until Sunday, October 4, 1959, that being Saint Francis of Assisi Day and an appropriate date for the occasion. The Secretary was instructed to advise all parties concerned of the Commission's views and action to date.

WHEREAS, the Director of Property after analysis, consideration and study of said bid, in respect to the advantages and benefits to the City and County of San Francisco has filed his written findings and recommendations with the Authority and with the Recreation and Park Commission of the City and County of San Francisco; and

WHEREAS, the Parking Authority of the City and County of San Francisco has heretofore adopted its Resolution No. 215, finding and determining that the bid of CITY OF SAN FRANCISCO CIVIC PLAZA PARKING CORPORATION is the highest and best responsible and qualified bid and recommending that the bid of said CITY OF SAN FRANCISCO CIVIC PLAZA PARKING CORPORATION be accepted and that said Land Lease and Operating Agreement be awarded to said bidder as the highest and best responsible and qualified bidder; now, therefore

BE IT RESOLVED as follows that:

1. This Recreation and Park Commission hereby finds and determines that said bid of CITY OF SAN FRANCISCO CIVIC PLAZA PARKING CORPORATION is the highest and best responsible and qualified bid in response to said Invitation for Bids for the leasing and operation of said facility and hereby awards said Land Lease to said CITY OF SAN FRANCISCO CIVIC PLAZA PARKING CORPORATION and authorizes and instructs the President or General Manager and the Secretary of this Commission to execute for and on behalf of this Commission said Land Lease;

2. The execution by Walter J. Rose, the President, and Edward L. Milevich, the Secretary of this Commission, pursuant to said Resolution No. 3343, of the agreement dated as of September 15, 1958, between the City and County of San Francisco, as Fee Owner, and the City of San Francisco Civic Plaza Parking Corporation, as Tenant Party, in the form of the copy of said form on file in the office of this Commission is hereby ratified, confirmed and approved; and

3. All actions not proceedings heretofore taken pursuant to said Resolution No. 3343 with respect to the leasing and operation of said parking facility and the preparation of said Invitation for Bids or the execution of agreements or documents in connection therewith or the transfer of property, or the furnishing of information to the Parking Authority of the City and County of San Francisco or any action of the Director of Property, are hereby ratified, confirmed and approved.

4. All resolutions and parts of resolutions inconsistent herewith are hereby rescinded to the extent of such inconsistency.

I hereby certify that the foregoing resolution was adopted by the Recreation and Park Commission at a regular meeting held September 15, 1958.

UNFINISHED BUSINESS:

1 - Master Plan for San Francisco Zoological Gardens Submitted by J. Francis Ward, Architect:

Master Plan for S.F. Zoo submitted by J. Francis Ward, Arch.

Commissioner Moore reported that following the preparation of a Land Use Plan for the San Francisco Zoological Gardens by J. Francis Ward and its submission and approval by the Commission at the meeting of May 22, 1958 -- Mr. Ward commenced work on the final stages of a Program or Master Plan for the Development of the Zoo. This Master Plan was developed during the past six months and several meetings were held with the Architect and the General Manager. It is now completed and is submitted for Commission consideration and approval.

Mr. J. Francis Ward, Architect, addressed the Commission and presented to each Commissioner a separate portfolio containing a general description of the existing Zoo, a progam of development, estimated costs, recommendations and a series of plans and sketches describing the Master Plan.

He explained the proposed extension of the area and detailed a 5-stage Program of Development, with a budget for each stage, and a total estimated cost of $3,936,550.00.

2 - Proposed Use and Disposition of Francisco Street Reservoir Tract Adjoining Russian Hill Park:

President Haas reminded the Commissioners that following a formal request to the Mayor for the transfer of surplus Water Department property in Russian Hill to this Commission for recreation and park use - the staffs of the Planning Department, Water Department, and this Department, had been directed to review the requirements of the departments concerned and to submit recommendations and plans for the best possible use of the land.

The Secretary then read in full the report of Mr. J. H. Turner, General Manager of the San Francisco Water Department, under date of October 23, 1958, which set forth a proposed program for the division of the surplus Water Department tract, a plan which had formed the basis for agreement between the three-department staff conferees.

Discussion of proposed use and disposition of Russian Hill land

Mr. James P. Lang, Superintendent of Recreation and Department Representative at the joint meetings, explained the proposed land use to the Commissioners and gave detailed descriptions of the manner in which the property would be divided. A large plot map was used for this purpose. Briefly, the proposal apportioned the property thusly:

a) Two corners, each 157 by 160 feet, at Bay and Larkin and Bay and Hyde, would be sold for private development, with a 40-foot height restriction.

b) A ballfield, 194 by 125, would be developed immediately West of Hyde Street.

c) The Water Department would reserve space for a new 14,522-square foot water tank along Larkin Street.

d) The upper part of the property would be kept as park and landscaped.

e) The 90 feet between the two corner lots along Bay Street would be kept as park.

Dr. Frank Hinman, Jr., Vice President Russian Hill Improvement Association, submitting a letter for his Association, objected to the proposed "compromise" -- stating that it would obstruct the view of the proposed Russian Hill Park, by the construction of four-story apartments rising with the land on Bay Street and that it would place a large water tank immediately adjacent to private homes and the proposed ball park.

In answer to President Haas' question, Miss Phoebe Brown, of the City Planning Department staff, informed the Commission that the 40-foot height limitation does actually run with the land, as Dr. Hinman stated.

Mrs. Morse Erskine submitted a letter from Mr. Lawrence Lackey, President of the San Francisco Planning and Housing Association, reiterating their protests against private development of the property.

UNFINISHED BUSINESS: (continued)

Francisco Street Reservoir Tract Adjoining Russian Hill Park: (continued)

Commissioner Coffman and other members expressed the opinion that the proposed plan appeared quite different with the disclosure that the height limitation ran with the land, making it possible for the rear elevation of the private buildings facing Bay Street to be as much as 30 feet above ground level.

Matter on calendar for further study and consideration

On motion of Commissioner Moore, seconded by Commissioner Coffman, it was the Commission's decision to receive the joint Departments' staff report and to hold the entire Russian Hill matter on calendar for further study and consideration of the latest information regarding height limitations and restrictions under the provisions of the R-3 zoning ordinance.

3 - Results of November Election Bond Issues:

Proposition "C", Director of Strybing Arboretum, passed

Commissioner Moore reported with pleasure the successful passage of the Charter Amendment proposed by the Commission wherein the General Manager of the Recreation and Park Department is empowered to appoint a Director of the Strybing Arboretum and Botanical Gardens -- stating that the voters cast 128,589 YES votes to 104,301 NO votes on PROPOSITION "C".

Commissioner Moore thanked all those who had worked so diligently and efficiently in support of the Amendment which will do much toward assuring San Francisco of the eventual development of a public arboretum of the highest standard.

Proposition "B", Palace of Fine Arts and Proposition "C", Ferry Park- not passed

President Haas reported that the FERRY PARK bonds and the PALACE OF FINE ARTS bonds, while gaining a comfortable majority at the polls, failed to receive the necessary two-thirds vote required for bond issue passage. He reported the following election results:

PROPOSITION "B" - PALACE OF FINE ARTS:	150,823 - YES 106,689 - NO
PROPOSITION "C" - FERRY PARK BONDS:	155,495 - YES 94,891 - NO

Members stated that they recognized that the Commission shares a responsibility in the successful solution of these two civic problems and that they will be matters demanding the Commission's continuing attention in the future.

RAYMOND S. KIMBELL
GENERAL MANAGER

November 21, 1958

TO THE COMMISSIONERS,
RECREATION AND PARK COMMISSION:

SUBJECT: Supplement to the Commission Minutes of November 13, 1958; AQUATIC PARK - BOCCE BALL

Inadvertently the following item was omitted from the Minutes of the Commission meeting of November 13, 1958; and it is respectfully requested that the statement given below be included as a supplement for the completion of the Minutes:

[redacted] Aquatic Park - Bocce Ball:

The Secretary read the letter of Mr. Attilio Gualtieri, President Aquatic Park Bocce Ball Association, submitting a proposal for the development of an improved bocce ball area at Aquatic Park immediately north of the new Eastman Kodak headquarters building.

Mr. George A. Quesada, Jr., Architect, presented a scale model and sketches of the proposed improvement. Commissioner Coffman reported that he had visited the location with Mr. Kimbell and members of the staff, and that the proposed improvements would undoubtedly result in an attractive area for this popular and traditional Italian sport, which typifies San Francisco's North Beach district. It would also provide better accommodations for sunbathing and free recreation at this favorite public beach location.

On motion of Commissioner Coffman, seconded by Commissioner Moore, the proposal of the Aquatic Park Bocce Ball Association, together with construction cost estimates submitted by Mr. Quesada, were referred to the General Manager and staff for purposes of preliminary study and for recommendation to include the item in the proposed Department budget requests for the fiscal year 1959-60.

Very truly yours,

Edward A. McDevitt

MINUTES

The One Hundred and Seventy-sixth Regular Meeting of the Recreation and Park Commission was called to order at 3:00 P.M., on Wednesday, November 26, 1958, with President Haas presiding.

* * * * *

ROLL CALL: The following Commissioners were present:

Mr. Walter A. Haas, President
Mr. Peter Berout
Dr. Francis Hart
Mrs. Joseph A. Moore, Jr.

Absent: Miss Mary Margaret Casey
Mr. William M. Coffman, Vice President
Mr. John F. Conway, Jr.

* * * * *

APPROVAL OF MINUTES: The Minutes of the Regular Meeting of November 13, 1958 were approved, with the correction of date of the Regular Meeting of October 23rd and the addition under NEW BUSINESS: ACQUATIC PARK - KEZAR HALL

* * * * *

NEW BUSINESS:

1 - From Philip L. Reese, Director of Property, submitting for approval and submission to the Board of Supervisors a resolution authorizing purchase of land required for McLaren Park.

Mr. Kimball reported that nineteen parcels of property remain to be purchased; that the Director of Property has options on nine parcels; and that the City Attorney has been requested by Philip L. Reese to set for trial all suit remaining parcels wherein settlement has not been obtained.

On motion of Commissioner Hart, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 3958 — Resolution No. 3958

Land Purchase-McLaren Park — RESOLVED, that this Commission approves for submission to the Board of Supervisors a resolution authorizing the purchase of the following real property required for McLaren Park:

Milton Young and Josie Young; and
Frank Freitas and Violet Freitas;
Lot 15 in Assessor's Block 4213, San Francisco, located on the northwesterly line of Sawyer Street 262 feet southwest of Arleta Avenue; size: 25' x 200', vacant land (from Approp. 8,457,402,000) — $ 600.00

* * * * *

2 - Bay Area Pollution Control District — From His Honor, George Christopher, Mayor of the City and County of San Francisco, re: Board of Supervisors' Resolution No. 283-58, dated March 24, 1958, pertaining to cooperation and compliance with the Bay Area Pollution Control District and its regulations.

The General Manager, Mr. Kimball, reported that the staff will strictly adhere to and fully comply with the said Resolution.

2 - Recreation Center for the Handicapped, Inc.

The Commission considered the request of the Recreation Center for the Handicapped, Inc. that the Recreation and Park Department assume full responsibility for the operation of said Center.

Commissioner Casey and Superintendent of Recreation, James J. Lang, submitted a comprehensive report pertaining thereto.

Delegates: Recreation Center for the Handicapped, Inc.

Mrs. John L. Douglas, President of the Center;
Mrs. Morris Pomroy,
Mrs. Marion Pedenty
and others, appeared in behalf of the request.

Mr. Don Landley, Supervisor of Rehabilitation Services, Langley Porter Hospital, stated that of a total of 1400 patients in the Langley Porter Hospital, 677 were residents of San Francisco; and that a program should be developed for the benefit of these San Francisco citizens when they were returned to this City and County.

Mr. Herb Berry, Chairman of the United Community Fund's Advisory Committee on Recreation for the Handicapped, made a statement to the Recreation and Park Commission on the broad aspects of developing and administering recreational programs and facilities for all groups of handicapped persons and the Fund's recommendation, in connection the operation of the Center be turned over to private agencies.

After considerable discussion, on motion duly made, seconded and passed, the request was denied, without prejudice.

Commissioner Sullivan, after reflection, stated that this was one of the most important matters of public that had confronted the Commission in many years, and that a full and complete study of the overall problem of all handicapped recreation in San Francisco be made; the Commission should also review its policy relative to assistance being provided private agencies in connection the use of buildings and the employment of recreation employees.

Upon recommendation and upon motion duly made, seconded and passed, the request was denied -- in order that a full study and comprehensive policy be formulated.

MISCELLANEOUS BUSINESS:

1.- California State Small Craft Harbor Commission Meeting:

Calif. State Small Craft Harbor Com. meeting, in Blythe, Calif. 12/4-10/58

Mr. Edward A. McDevitt, Assistant Superintendent of Recreation, reported on the meeting of the California State Small Craft Harbor Commission held at Blythe, on December 4-10, 1958.

San Francisco's Small Boat Harbor application for a construction loan of $4,000,000 was approved and the funds have been "encumbered" by the California State Small Craft Harbor Commission for use by San Francisco when plans have been prepared and the City officially makes request for the funds. Mr. McDevitt outlined the requirements and procedure to be followed to effect a release of the money and also stated that all State monies have now been completely allocated to small boat harbor projects.

On motion duly made, seconded and passed, the following resolution was adopted:

Res. No. 338. Resolution No. 338

2.- Hall of Flowers:

In response to request of the Recreation and Park Commission pertaining to the legality of the San Francisco Hall of Flowers, the following opinion was rendered by City Attorney Dion R. Holm:

12/11/58

UNFINISHED BUSINESS: (continued)

Hall of Flowers: (continued)

OPINION NO. 1311
December 2, 1952

SUBJECT: SAN FRANCISCO HALL OF FLOWERS, LEGALITY OF LOCATION OF IN STRYBING ARBORETUM.

Dear Sir:

I am in receipt of a request for an opinion as follows:

REQUEST

"1) Would the locating of the San Francisco Hall of Flowers within the boundaries of the Strybing Arboretum be in any way a violation of the conditions of the Strybing bequest?

"2) Would the use of the San Francisco Hall of Flowers building within the Strybing Arboretum, as proposed by the Strybing Arboretum Society's resolution, be in any way a violation of the provisions of the California Agricultural Code, relating to the use and regulation of County Fair buildings?

"3) If so, what are the violated provisions, and what parts of the Society's proposal should be modified or eliminated, to bring the proposal in conformity with Agricultural Code provisions?"

ANALYSIS

Hall of Flowers.

Opinion No. 1311 by City Attorney, Dion R. Holm

Question No. 1

"The relocation of the proposed site of the Hall of Flowers to a different location in the boundaries of the Strybing Arboretum does not, in my opinion, violate the conditions of the Strybing bequest, since this bequest only deals with the use of trust funds for the layout, arrangement, establishment and completion of an arboretum and botanical garden to be situated in Golden Gate Park."

Question No. 2

The pertinent language of the resolution proposed is as follows:

"RESOLVED: That the purpose for which said Exhibition Hall is to be used will be in connection with said Strybing Arboretum and Botanical Garden, namely:

"1) For recreational type of education as it relates to flowers.

"2) As an information and education center to horticultural activities.

"3) As an office for personnel and to house records of said Arboretum.

"4) As a center for the development of model botanical gardens immediately surrounding said Exhibition Hall;

and be it further

"RESOLVED: That the Director of said Arboretum and Botanical Garden be responsible for the above-described activities and associated activities, excluding therefrom any activities connected with the Annual Flower Show."

This proposed resolution appears to place the Director of the Strybing Arboretum in full control of the major uses of the

12/1/52

UNFINISHED BUSINESS: (continued)

Hall of Flowers: (continued)

"building (Hall of Flowers). The annual flower show is the only activity for which he would not be responsible.

Under the pertinent sections of the Government Code, the Board of Supervisors has control over County Fair funds, including the building erected from those funds. That body delegated to the Recreation and Park Commission (Ordinance No. 6128 (Series of 1939), June 28, 1950) -

Dion R. Holm, the City Attorney's Opinion No. 1311 on Hall of Flowers - continued

"the exclusive and complete control over the Hall of Flowers and the purposes for which it may be used."

Therefore, the Commission alone is responsible for the building and its use. It may place the Director of Strybing Arboretum in charge of all the activities mentioned in the proposed resolution, but it cannot divest itself of the obligation imposed upon it by the Board of Supervisors by the adoption of such a resolution. In keeping with the Ordinance above-mentioned, it is apparent that the authority rests in the Recreation and Park Commission to determine the uses of the Hall of Flowers.

In my Opinion of September 27, 1949 (No. 69) addressed to the Chief Administrative Officer, I pointed out that your predecessor, the Park Commission, could use a small portion of space in the building for an office.

The Director of the Strybing Arboretum under a recent Charter Amendment will become an employee of the City and County of San Francisco, and be appointed by the General Manager of the Recreation and Park Department. He may be assigned complete charge of all the activities and as such could, of course, have his office in the Hall of Flowers. It is consistent with his duties as Director of the Arboretum that he use a small portion of the building to house his records and files providing that this use does not interfere with the main purposes of the building.

Respectfully submitted,

DION R. HOLM
City Attorney

By
BERNARD J. WARD
Acting Chief Deputy.

Request of Amer. Soc. Landscape Architects for more landscape architects, Mclaren Park, denied

Mr. Franklin C. Collins, Secretary-Treasurer of AMERICAN SOCIETY OF LANDSCAPE ARCHITECTS (North Pacific Chapter), 285 Pacific Street, San Francisco, sent a letter to Mayor George Christopher (with copies to the Press, San Francisco Planning and Housing Association, Art Commission, City Planning Commission, and various societies of engineers and architects) — requesting that additional landscape architects be employed in the development of Mclaren Park; and this matter was discussed by the Commission.

Mr. Raymond S. Kimball, General Manager, explained that a licensed landscape architect is employed by the Engineering Division, and that several capable Park employees were collaborating fully in the development of Mclaren Park.

On motion duly made, seconded and passed, the request was denied.

On recommendation of the General Manager, and on motion duly made, seconded and passed, the following resolution was adopted:

RESOLUTION OF APPRECIATION
RECREATION AND PARK COMMISSION

Res. No. 3392

Res. of Appre. RED CROSS INSTRUCTORS' TEAM

WHEREAS, the Fall season Recreation Division's "In-Service" training course for all full time playground directors held each Friday afternoon at Upper Noe Recreation Center included a course in First Aid, such knowledge and training being an especially important requirement for all city playground directors interested in the safety and welfare of children and adults in their charge; and

WHEREAS, the Recreation and Park Department was most fortunate in having as its instructors for teaching the Standard First Aid Course to our playground staff and supervisory staff, three specially competent Red Cross instructors who, as volunteers, gave generously of their time and talents;

NOW, THEREFORE, be it resolved that this Commission does hereby express its sincere appreciation to: MRS. DOROTHY FISHER: MR. LOU CAMBOU; and DR. GEORGE FRANK, the Red Cross Instructors Team that contributed their valuable talents and skills in instructing and examining all city playground directors in First Aid at this Department's 1958 Fall "In-Service" Training Course, thereby doing much to give San Francisco a public recreation leadership of the highest standard.

* * * * *

ROLL CALL: The following Commissioners were present:

Mr. Walter A. Haas, President
Mr. William M. Coffman, Vice President
Miss Mary Margaret Casey
Mr. John F. Conway, Jr.
Dr. Francis Herz
Mrs. Joseph A. Moore, Jr.

Absent: Mr. Peter Bercut

* * * * *

APPROVAL OF MINUTES: There being no errors or omissions, the Minutes of the Special Meeting of December 22, 1958 were approved.

* * * * *

COMMUNICATIONS:

1 - From The Honorable George Christopher, Mayor of San Francisco addressed to the Police Department; Recreation and Park Department; Presiding Judge of the Municipal Court; San Francisco Forty-Niners - dated December 15, 1958:

Concerned about the riot occurring at Kezar Stadium after the 49'ers game, and suggesting a meeting of the above be initated by the Police Department to determine what action must be taken to eliminate such riots.

In connection with the above matter, meetings have been held in accordance with the letter of His Honor, George Christopher, Mayor of San Francisco -- working toward a satisfactory solution of the problem.

* * * * *

2 - From Clarence L. Shaw, Jr., Bernard M. Boden and Albert Ottoboni, 2159-24th Avenue, San Francisco: requesting that the salary for Nurseryman be set at the same rate as that of Sub-Foreman Gardener.

The Commission considered the requests of the three Nurserymen abovementioned that the same salary rate be set for them as that of Sub-Foremen Gardeners.

On recommendation of Mr. Raymond S. Kimbell, General Manager, and on motion duly made by Commissioner Casey, seconded by Commissioner Moore, the Commission decided to lend their support to the request which had been forwarded to the Civil Service Commission.

* * * * *

3 - Concerning the communication of Ngai Ho Hong, Attorney at Law, 835 Clay Street, Room 206, San Francisco 8, California: requesting further use of Portsmouth Square in connection with the Chinese New Year celebration to be held on February 13-15, 1959 --

Inasmuch as approval had been previously granted by the Commission on October 9, 1958 to Charles F. Wong, Attorney at Law, of the Chinese Chamber of Commerce -- the matter was referred to Mr. Raymond S. Kimbell, General Manager, in order to resolve the variance of requests.

COMMUNICATIONS: (continued)

4 - From Robert A. Roos, Jr., Chairman of the Board, requesting the following dates for the San Francisco City Golf Championship which will be sponsored again this year by Roos/Atkins: Lincoln Park; Sharp Park and Harding Park Golf Courses: February 6,7,8,14,15,21,22,23,28; March 1, 7 and 8, 1959.

UNFINISHED BUSINESS:

1 - Strybing Bequest: Amendment of Resolution No. 3198 (6/26/58) Increasing Funds for a Taxonomist:

Commissioner Moore reported that Dr. Richard E. Baker desired that the services of a Taxonomist be extended for a full twelve-month period in order that a complete cycle of growth of botanical specimens might be observed and recorded.

After discussion, and on motion made by Commissioner Moore, seconded by Commissioner Herz, and duly passed: Resolution No. 3198 was amended as follows:

Amending- Res. No. 3411 Res. No. 3198 Amended

Strybing Bequest: Amendment of Resolution No. 3198 (6/26/58) Increasing Funds for a Taxonomist

Resolution No. 3411 (Amending)
Resolution No. 3198 ~~(Amended)~~

RESOLVED, that this Commission does hereby authorize an expenditure of funds from the HeleneStrybing Bequest in an amount not to exceed $19,175.00, to provide the following services necessary in the preparation of basic data for completion of the Arboretum plan and development, as recommended by Arboretum Consultant, Dr. Richard E. Baker:

1.	Services of Taxonomist	$ 4,200.00
2.	Services of Typist	3,780.00
3.	Equipment and materials, and supplies	11,195.00
	Total ...	$19,175.00

and be it

FURTHER RESOLVED, that this Commission hereby requests the Controller to authorize and make available to this Commission through the Controller's loan, the funds necessary to finance the aforementioned budgeted items totaling $19,175.00, said loan to be repaid to the Controller from the Helene Strybing fund; and be it

FURTHER RESOLVED, that the General Manager be and is hereby authorized to requisition and approve the employment of a B-408 General Clerk-Typist and the specific expenditures within the category of program for equipment, materials and supplies, as outlined in Dr. Richard E. Baker's report of June 19, 1958; and be it

FURTHER RESOLVED, that the General Manager and/or Business Manager and Secretary be empowered to do such things and to perform such acts to effect a contract agreement for the services of a Taxonomist, in accordance with the provisions of this resolution and subject to the approval of the City Attorney and The Honorable Harry D. Ross, Controller.

NEW BUSINESS:

1 - Agreement consideration -- San Francisco Forty-Niners' Team of the National Football League for Use of Kezar Stadium:

This matter was discussed at length - the Forty-Niners having presented a brochure to the Commission outlining comparative rental figures for stadia throughout the nation in connection with professional football, and other data pertinent thereto in support of their request for a reduction in costs for use of Kezar Stadium.

Messrs. Victor Morabita, Marshall Leahy and Louis Spadia appeared in behalf of this request.

Mr. Marshall Leahy made a detailed comparison of the agreement with the San Francisco Giants in their use of the new stadium under construction, and the provisions contained in the rental agreement with the Forty-Niners in their use of Kezar Stadium.

NEW BUSINESS:

San Francisco Forty-Niners: (continued)

Commissioner Coffman stated that the apparent success of big league baseball and the proven success of professional football will redound nationwide to the benefit of San Francisco in the fields of sports, publicity and business.

President Haas remarked that Commissioner Coffman was fully informed in the matter; but since the Commission as a body desired to study the situation further -- the decision on the several requests would be postponed until the next meeting.

3 - a) STORYLAND:

J. Francis Ward's recommendations on Phase I - STORYLAND

The Commission, having studied the recommendations of Architect J. Francis Ward, dated November 3, 1958, that STORYLAND should not be open to the public until Phase No. 1 be completed, were as follows:

a) Exhibits - Nine structures should be provided with murals and/or figures.

b) Facilities - The Canteen and Party Area should be completed.

c) Audio - All figures and exhibits planned for sound should be thus provided.

d) Landscaping - In the developed portion, landscaping should be commenced without delay.

e) Miscellaneous - Provision should be made for supplementary items such as signs, mushrooms, toadstools insects, bugs, etc.

...

The Architect estimated the cost of Phase I would be an additional $40,000, plus architect's and/or engineering fees.

President Haas and Commissioner Moore reported that additional donations for this project had been made; and The Honorable Harry D. Ross, Controller, estimated this sum would be approximately $15,000.

In order to complete Phase I, and on motion duly made by Commissioner Moore, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 3412

Resolution No. 3412

WHEREAS, the monies previously donated and matched by City funds for the development of STORYLAND having been expended or contracted for; and

WHEREAS, it is imperative that Phase I be completed in order that STORYLAND may be opened to the public:

(continued)

NEW BUSINESS: (continued)

STORYLAND: (continued)

Request for Sup. Approp. $44,000 less donations for Phase I-STORYLAND

NOW, THEREFORE, BE IT RESOLVED, that this Commission does hereby approve for submission to the Mayor, Controller and Board of Supervisors, a request for a Supplemental Appropriation in an amount not to exceed $44,000 -- less such additional donations as have been recorded by the Controller and deposited with the City Treasurer, for this purpose; and

BE IT FURTHER RESOLVED that the General Manager and/or Business Manager and the Secretary be empowered to do such things and to perform such acts as may effect the transfer of necessary funds to Appropriation 940 for this purpose.

8 - New Baseball Stadium: Agreement re: Erection and Operation of Giants' Scoreboard and Clock:

Messrs. Nathan Cooper, Supervising Accountant, and Jerome Cohen, Deputy District Attorney, appeared before the Commission, recommending approval of agreements for the erection and operation of an electronic scoreboard and clock to be placed in the new Giants' baseball stadium. These gentlemen explained the provisions of the agreements, presented photographs of the proposed installations, and stated that all other parties involved had approved the installations.

It was also stated that the basic cost of the scoreboard would be $238,000, and that of the clock would approximate $4,000; that these construction and operation costs would be liquidated from revenue derived from advertising; and that after amortization, ownership would be vested in the Recreation and Park Commission.

Commissioner Coffman stated that during his recent trip East he had inspected and obtained information relative to such installations elsewhere; and that in his opinion, San Francisco would have the finest installation in the nation.

After discussion, and on motion duly made by Commissioner Coffman, and seconded by Commissioner Casey, the following resolution was adopted:

Res. No. 3417

Resolution No. 3417

Approval Agreements Scoreboard and Clock NEW BASEBALL STADIUM:

Harney, CC S.F., Rec-Park, Pacific Ad-Pact Corp., National Exhibition Co.

RESOLUTION APPROVING AGREEMENTS BETWEEN CHAS. L. HARNEY, INC. CITY AND COUNTY OF SAN FRANCISCO, RECREATION AND PARK COMMISSION AND PACIFIC AD-PACT CORPORATION FOR ERECTION OF A SCOREBOARD AND BETWEEN CITY AND COUNTY OF SAN FRANCISCO, RECREATION AND PARK COMMISSION, NATIONAL EXHIBITION CO. AND PACIFIC AD-PACT CORPORATION FOR ERECTION OF A CLOCK ON THE SCOREBOARD ALL RELATING TO THE RECREATION CENTER IN THE VICINITY OF BAYVIEW PARK: AND AUTHORIZING THE PRESIDENT OR GENERAL MANAGER, AND THE SECRETARY OF THE COMMISSION TO EXECUTE SAME.

WHEREAS, there has been filed in the office of this Commission and brought to the attention of the members thereof a form of agreement between CHAS. L. HARNEY, INC., the CITY AND COUNTY OF SAN FRANCISCO, the RECREATION AND PARK COMMISSION and PACIFIC AD-PACT CORPORATION for the erection of a scoreboard and a form of agreement between the CITY AND COUNTY OF SAN FRANCISCO, the RECREATION AND PARK COMMISSION, NATIONAL EXHIBITION CO., and PACIFIC AD-PACT CORPORATION, for the erection of a clock on the scoreboard, all relating to the Recreation Center in the vicinity of Bayview Park, to which agreements reference is hereby made and directed for their detail; now, therefore, be it

RESOLVED, that said forms of agreement and exhibits thereto on file with the Commission and to which appropriate reference has been made hereinabove are hereby approved in substance, and the President or General Manager and the Secretary of the Commission are hereby directed to execute said agreements with any changes that may hereafter become necessary, but which do not materially change the substance or matter thereof; and be it

FURTHER RESOLVED, that a copy of this resolution be transmitted to the Board of Supervisors with the recommendation that the Board approve and authorize the execution of said agreements.

Stadium - Scoreboard Agreement:

Text of foregoing Agreements:

Agreement: Harney, Rec-Park, Ad-Pact Corp., Scoreboard - San Francisco Stadium

"AGREEMENT made this day of 195 by and between CHAS. L. HARNEY, INC., a California corporation, having offices at San Francisco, California (hereinafter called "Harney"), party of the first part; THE CITY AND COUNTY OF SAN FRANCISCO and the RECREATION AND PARK COMMISSION OF THE CITY AND COUNTY OF SAN FRANCISCO (hereinafter collectively called the "Owner"), having offices respectively at the City Hall, and McLaren Lodge, Golden Gate Park, San Francisco, California, parties of the second part; and; PACIFIC AD-PACT CORPORATION, a California corporation, having offices at 1001 Varian Street, San Carlos, California (hereinafter called "Ad-Pact"), party of the third part.

WITNESSETH:

WHEREAS the Owner owns certain property in the City and County of San Francisco upon which a multiple purpose stadium to be used for baseball, football and other athletic events (hereinafter called the "Stadium") is to be erected and has responsibility for the general management and operation of the Stadium; and

WHEREAS the Owner, pursuant to a certain lease agreement dated as of March 15, 1958 between it and San Francisco Stadium, Inc., a California corporation, is the beneficiary of certain rights reserved by said San Francisco Stadium, Inc., under an agreement with the National Exhibition Co., a New Jersey corporation, which owns and controls a professional National League baseball team known as the "San Francisco Giants", granting to the National Exhibition Co. for a period of 35 years the right to use and occupy the Stadium for the purpose of playing major league baseball games therein, which reserved rights include the use and occupancy of the Stadium during periods other than the baseball season for other athletic purposes and all advertising rights in any scoreboard erected in the Stadium; and

WHEREAS under a certain agreement, dated March 15, 1958, which provides for the construction of the Stadium by Harney, Harney is to cause a scoreboard to be erected in the Stadium under terms whereby the cost of manufacture and erection of the same will be paid solely from advertising revenues; and

WHEREAS Harney and Owner desire that a modern electric scoreboard and signs, meeting the plans and specifications set forth in Exhibit A annexed hereto (the "Scoreboard"), be erected by Ad-Pact to fulfill any obligation of Harney pursuant to Article X of said agreement for the construction of the Stadium; and

WHEREAS, in order to induce Ad-Pact to erect the Scoreboard without cost to Harney or the Owner, the Owner is willing to assign to Ad-Pact, in consideration of its erection and installation of the Scoreboard in the Stadium, all advertising rights in the Scoreboard until such time as Ad-Pact shall have received as advertising revenues for the sale of such rights the full purchase price of the Scoreboard as hereinafter defined; and

WHEREAS Ad-Pact is engaged in the business of manufacturing and installing scoreboards in stadia and other places and is desirous of installing a scoreboard in the Stadium for the purpose of posting scores of baseball and other athletic contests played in the Stadium and of baseball games and other athletic contests played in other places at the same time; and

WHEREAS Ad-Pact is willing to erect and install the Scoreboard in the Stadium and in payment therefor to accept an assignment of advertising rights in the Scoreboard and apply in payment of the purchase price for the Scoreboard receipts from the sale of advertising rights in advertising spaces on the Scoreboard, as more particularly hereinafter set forth,

NEW BUSINESS: (continued)

Stadium: Scoreboard Agreement: (continued)

"NOW, THEREFORE, in consideration of the foregoing and the mutual promises and covenants hereinafter contained the parties agree as follows:

1. Installation of Scoreboard

Ad-Pact shall manufacture and erect for use in the Stadium an electrical scoreboard which shall be substantially the same as that described in the plans and specifications annexed hereto as Exhibit A.

2. Purchase Price

The purchase price of the Scoreboard shall be the sum of $238,000, plus an additional amount equal to interest at the rate of 5% per annum accrued from date of completion of installation of Scoreboard on that part of the principal sum of $238,000 which shall not have been recovered by Ad-Pact as hereinafter described, plus any and all maintenance expenses incurred by Ad-Pact under paragraph 12, insurance costs of Ad-Pact under paragraph 13, and any and all taxes paid by Ad-Pact under paragraph 15 (such $238,000 sum plus the additional sums being hereinafter called the "purchase price").

3. Payment of Purchase Price

The purchase price shall be recovered by Ad-Pact exclusively from proceeds of the sale of advertising rights in the advertising spaces on the Scoreboard; and the Owner hereby assigns and transfers to Ad-Pact the exclusive right to sell advertising spaces on the Scoreboard and to receive the revenue therefrom, applying such advertising revenue against the purchase price until such time as Ad-Pact shall have recovered therefrom the purchase price herein provided. All proceeds derived by Ad-Pact from the sale of such advertising rights shall be applied by Ad-Pact, as received, first to the reimbursement of Ad-Pact for insurance, maintenance costs and taxes paid or incurred by it, second to the payment of the additional sum for interest accrued on the declining balance of the $238,000 sum and then against the outstanding principal balance of the purchase price. Whenever Ad-Pact shall have received the full purchase price for the Scoreboard, the City and County of San Francisco shall thereafter be entitled to receive any and all further advertising revenue; and Ad-Pact shall remit such revenues on unexpired contracts as received.

4. Advertising Contracts

During the term of this agreement Ad-Pact shall be entitled to sell and enter into contracts for the sale of the advertising spaces on the Scoreboard labeled A, B and C on the plans, Exhibit A hereto, on such terms and conditions as Ad-Pact shall desire, with three or less advertisers for the advertisement of cigarettes, beer, wine and non-alcoholic beverages, razors and blades, radio and television equipment, home appliances, gasoline and other petroleum products, food products, air and ground transportation, soaps of all types, sporting goods, non-intimate clothing and banks and other financial institutions. The categories of advertising shall not be limited to those listed above, but with respect to advertisements other than those falling within the above categories, the Owner shall have the right to approve or reject advertising copy sought to be displayed by any advertiser, provided that the Owner shall adhere to reasonable advertising standards and be guided by the advertising standards maintained in other major league stadia. Copies of all advertising contracts entered into by Ad-Pact shall be furnished to the Owner.

(continued)

NEW BUSINESS: (continued)

Stadium: Scoreboard Agreement: (continued)

"5. Term of Agreement

This agreement shall continue in effect until such time as Ad-Pact shall have received from advertising revenues the full purchase price of the Scoreboard, plus any and all additional sums to which Ad-Pact shall be entitled under this agreement.

6. Owner's Option to Purchase for Cash

The Owner shall have the right and option at any time to acquire from Ad-Pact title to the Scoreboard by paying to Ad-Pact in cash the total amount of the purchase price of the Scoreboard then unpaid plus any additional sums due and payable to Ad-Pact hereunder.

In such event Ad-Pact shall assign to the Owner any and all contracts for the sale of advertising rights on the Scoreboard, and the Owner shall assume all obligations of Ad-Pact thereunder.

7. Retention of Title by Ad-Pact

To secure performance of the obligations of the Owner hereunder title to the Scoreboard shall remain in Ad-Pact until the entire purchase price shall have been received by Ad-Pact or until April 1, 1969, whichever shall first occur. Upon payment in full of the purchase price, or on April 1, 1969, title to the Scoreboard shall pass to the City and County of San Francisco, and Ad-Pact shall, in order more effectually to vest title in said City and County of San Francisco, deliver to it a bill of sale transferring full and complete title to the Scoreboard. Title to the Scoreboard sign embellishments shall at all times remain in Ad-Pact or the advertisers, respectively. Regardless of the passage of title to the Scoreboard, the advertising rights therein granted to Ad-Pact shall continue in effect until Ad-Pact shall have recovered from advertising revenues therefrom the full amounts provided in paragraph 2 above.

8. Covenants Concerning Installation

Ad-Pact warrants and agrees that in the manufacture and installation of the Scoreboard all work shall be done in a good and workmanlike manner and that the Scoreboard will be completed on or before April 1, 1959 or on the official opening of the Stadium, whichever is later; provided, however, that if performance of said work by Ad-Pact is materially hampered by fire, earthquake, flood, acts of God, inclement weather of such character as to prevent prosecution of work on the Scoreboard, acts of Harney or the Owner or agents of either interfering with the construction of the Scoreboard, acts of public enemy, war, riots, civil commotions, governmental or court orders or restrictions upon materials or supplies, or strikes or other labor disputes affecting the construction of the Scoreboard or materials or supplies in connection therewith, or by legal proceedings instituted to prevent completion of the Scoreboard, or any other cause or causes beyond the control of Ad-Pact, Ad-Pact shall not be liable for the delay and the aforesaid date shall be extended by a period equivalent to the period of such delay. Ad-Pact further warrants that the Scoreboard shall be free of any defects in workmanship or material for a period of one (1) year from its completion and installation.

9. Covenant Against Liens

The Owner shall at all times during the construction of the Scoreboard and the Stadium, and thereafter, protect the Scoreboard from, and keep it free and clear of, any and all liens or encumbrances or claims and shall hold Ad-Pact harmless from and against any and all actions, claims and demands, and all

" damages, liability, costs and expenses (including attorneys' fees and litigation expenses) sustained or incurred by reason of any acts, omissions or operations of the Owner or its agents. During the term of this agreement, the Owner shall not dispose of or encumber by mortgage or other lien any part of its interest in the Scoreboard or suffer the Scoreboard or any part thereof to be levied upon or sold under any legal process, nor remove or suffer the removal of the Scoreboard from the Stadium without the express written consent of Ad-Pact.

10. Warranties by the Owner and Harney

The Owner represents and warrants that it is the owner of the land on which the Stadium is to be erected and upon completion of the Stadium will have good title to the same, and that it is the owner of all rights to any advertising on the Scoreboard, has full power and authority under any and all applicable laws and agreements which are binding upon it or to which it is a party to assign and transfer such rights to Ad-Pact and has not alienated or encumbered said rights. The Owner and Harney each represents for itself that the making of this agreement by them and the installation and erection of the Scoreboard hereunder will not infringe upon or violate any agreement or instrument to which either is a party or which is binding upon it.

11. Owner's Obligation to Operate and Maintain

The Owner agrees to provide or cause to be provided personnel for the operation of the Scoreboard during all events for which its use is appropriate and shall assume and be responsible for proper operation of the Scoreboard at all such events. Electrical service lines and current for the Scoreboard and for all advertising signs thereon shall be furnished or caused to be furnished by the Owner. All ordinary maintenance, including repainting of the Scoreboard shall be performed or caused to be performed by the Owner.

12. Responsibility of Ad-Pact for Repairs

Ad-Pact shall perform all major repairs (excluding repainting) on the Scoreboard during the term of this Agreement. Charges for such repairs shall be made at the regular rates charged by Ad-Pact or its affiliated companies for similar work. The cost of all repairs by Ad-Pact shall be added to, and be a part of the purchase price as defined in paragraph 2 and shall be recovered by Ad-Pact in the manner set forth in paragraph 3.

13. Insurance

Ad-Pact shall keep the Scoreboard insured for its own benefit against damage or destruction by fire or any other casualty included in standard extended coverage endorsements (which shall specifically include protection against earthquakes) in an amount at least equal to that part of the purchase price of the Scoreboard which shall be outstanding; provided, however, that the amount of such coverage shall be not less than such amount as will guarantee that Ad-Pact shall not be a co-insurer under any such policy or policies.

Ad-Pact shall also maintain in connection with the Scoreboard a policy or policies of comprehensive public liability insurance in amounts of not less than $300,000 for injury to one person and not less than $500,000 for any one accident, and property damage insurance in the amount of $25,000 for any one accident.

All such insurance policies shall be subject to approval as to form by the City Attorney and as to insurer by the City

" Controller and shall contain a "ten days prior notice of cancellation or material change thereof" endorsement. Ad-Pact shall cause to be delivered to the Recreation and Park Commission certified copies of policies of such insurance at the beginning of each term of such insurance policy or policies. The premiums paid by Ad-Pact for such insurance shall be added to and be part of the purchase price and be recoverable by Ad-Pact out of advertising revenues from the sale of advertising space on the Scoreboard.

In the event of any damage or destruction to the Scoreboard covered by insurance herein provided, Ad-Pact shall use the proceeds of such insurance to repair said loss or damage and shall apply any excess not required for purposes of repair of such loss or damage against the purchase price. In the event that the amount recovered under insurance policies is not sufficient to provide for restoration of the Scoreboard to its condition prior to the time of such damage or other casualty, Ad-Pact shall be entitled to add to the purchase price any amount expended by it not covered by insurance proceeds and to recover the same from advertising revenues.

14. Scoreboard as Personalty

The Scoreboard and signs shall remain personal property regardless of the extent to which they may be affixed to, or used in connection with, the Stadium and shall not under any circumstances be deemed to become a part of the realty.

15. Taxes

The amount of any taxes assessed now or hereafter on this agreement, the transaction represented hereby or the Scoreboard, irrespective of the manner in which such taxes are assessed or calculated and irrespective of the person upon whom such assessment shall be made, which Ad-Pact is required to pay, shall be added to, and be a part of, the purchase price. The provisions of this paragraph shall cover all sales taxes, use taxes, personal property taxes or any other tax of any nature, except Federal or State income taxes based on income of Ad-Pact derived hereunder.

16. Covenant to Protect Advertising Rights

It is understood and agreed that performance by the Owner of its obligations hereunder is necessary for the protection of the value of the advertising rights granted to Ad-Pact; and the Owner covenants and agrees that it will neither take any action nor suffer the taking of any action which would impair the value of such advertising rights. The Owner covenants and agrees that it will take no action or permit the taking of any action by the National Exhibition Co. which would allow, or fail to take any action to prevent, the removal of the National League franchise from San Francisco and/or the cessation of major league baseball in the Stadium or the modification of the lease agreement between the San Francisco Stadium, Inc. and the National Exhibition Co. which would relieve the National Exhibition Co. of the obligation to exhibit substantially all of the regularly scheduled major league baseball games of the San Francisco Giants during any season in the Stadium.

17. Assignment and Succession

This agreement shall not be assigned by any party without the consent of the others, except that Ad-Pact may (1) sell or assign this agreement to a company affiliated with it or having a common stock ownership, directly or indirectly, (2) assign or grant advertising rights in the Scoreboard to others provided, however, that nothing herein contained shall be construed to create or grant any right or privilege in any

" advertiser hereunder or (3) assign the advertising revenues receivable by it, and the Owner may with the prior written consent of Ad-Pact, which shall not be unreasonably withheld, assign this agreement to any party to which it may sell or transfer the Stadium, provided that such party assumes the Owner's obligations under this agreement. This agreement shall enure to the benefit of and shall be binding upon the respective successors and assigns of the parties hereto.

18. Execution of Further Documents for Public Record

Harney and the Owner agree that they will hereafter during the term of this agreement execute any document which Ad-Pact may require for public filing in order to protect Ad-Pact's interest in the Scoreboard and will execute a summary memorandum of the provisions of this agreement for the purpose of such public filing if requested by Ad-Pact.

20. Access to Stadium by Ad-Pact

The Owner agrees to permit Ad-Pact access to the Stadium at any and all times for the purpose of constructing, erecting and installing the Scoreboard and from time to time after installation for inspecting, maintaining and repairing the Scoreboard and for the purpose of installing, maintaining, altering or otherwise changing advertising signs on the Scoreboard and clock and neither the Owner nor Harney shall take any any action which would in any way hamper or impede the installation or subsequent maintenance or repair of the Scoreboard or any advertising sign thereon.

Agreement: City and County S.F. and Rec-Park, National Exhibition Co., and Ad-Pact Corporation - San Francisco Stadium

"AGREEMENT made this day of , 19 , by and between THE CITY AND COUNTY OF SAN FRANCISCO and THE RECREATION AND PARK COMMISSION OF THE CITY AND COUNTY OF SAN FRANCISCO, parties of the first part (the "Owner"), NATIONAL EXHIBITION CO., a New Jersey corporation, party of the second part (the "Company") and PACIFIC AD-PACT CORPORATION, a California corporation, party of the third part ("Ad-Pact"),

WITNESSETH:

WHEREAS the Owner is the owner of a certain stadium in process of construction in the City and County of San Francisco (hereinafter referred to as the "Stadium") and as assignee of San Francisco Stadium, Inc., is the owner of all reserved rights pursuant to a certain agreement of lease dated as of March 15, 1958 under which the Company is lessee (The "Stadium Lease"), which provides for the playing of major league baseball games in the Stadium by the San Francisco Giants; and

WHEREAS the Owner has entered into an agreement with Ad-Pact for the erection in the Stadium of a modern electrical scoreboard and desires as a public service that a clock be added thereto; and

WHEREAS the Stadium Lease reserves to the Company all advertising rights in any such advertising clock; and

Stadium: Scoreboard CLOCK Agreement: (continued)

"WHEREAS the Owner and the Company desire that there be constructed and installed on said scoreboard an advertising clock substantially similar to that appearing in the photograph annexed hereto as Exhibit A; and

WHEREAS Ad-Pact is willing to install an advertising clock upon the terms and conditions hereinafter set forth,

NOW, THEREFORE, in consideration of the foregoing and the mutual promises and covenants herein contained, the parties hereto agree as follows:

1. Subject to the execution of a contract providing for the erection by it of a scoreboard in the Stadium, Ad-Pact shall design, construct and erect or cause to be designed, constructed and erected without cost to the Owner or the Company a fully illuminated outdoor stadium clock (the "Clock") similar to those previously installed by it in other major league baseball parks and substantially similar to the clock appearing in the photograph annexed hereto as Exhibit A. The Clock shall be approximately 16 feet wide and 18 feet high and shall be attached to the Scoreboard in a position approximately as shown in the plan attached hereto as Exhibit B.

2. The Owner hereby agrees to permit Ad-Pact to install the Clock in the Stadium and to grant it access to the Stadium for that purpose and the Owner agrees to grant Ad-Pact access to the Stadium from time to time for the purpose of overhauling or reconstructing the Clock.

3. The Company and/or the Owner shall furnish all electrical service, electricity and ordinary maintenance (including relamping) for the operation of the Clock and shall set and reset the same as required. Ad-Pact shall perform all substantial reconstruction or overhauling of the Clock during the term of this Agreement.

4. The Clock shall be illuminated and used at all events at the Stadium throughout each year during the term of this agreement.

5. The Company and the Owner hereby agree that the name of Longines-Wittnauer Watch Co., Inc. ("Longines") or the tradename selected by Longines shall appear on the Clock and that Longines shall have the right to announce publicly, in all standard advertising media such as magazines and newspapers that its product is the official watch or time piece for all athletic events at the Stadium. No other watch, clock or other time piece identified by brand name, product or company shall be publicly shown or displayed in the Stadium during the term of this Agreement.

6. The Clock shall be and remain at all times the property of Ad-Pact and/or Longines, and upon termination of this agreement Ad-Pact shall have the right to remove the Clock and shall be afforded access to the Stadium for that purpose.

7. In consideration for the advertising privileges in the Clock and other covenants and agreements of the Company, Ad-Pact shall pay to the Company on April 15, 1959 or on the official opening of the Stadium, whichever is later, and on April 15 in each succeeding year during the term of this Agreement, an annual rental at the rate of Four Thousand Dollars ($4,000), provided that neither the Company nor the Owner is in default under any provision of this Agreement and provided further that payment of such sum shall not be required in any year during the term of this agreement when regularly scheduled major league baseball games are not played in the Stadium for any reason.

NEW BUSINESS: (continued)

Stadium: Scoreboard CLOCK Agreement: (continued)

"8. This agreement shall continue in effect until April 14, 1968; provided, however, that if by reason of war, civil disturbances, Government orders or restrictions, damage to the Stadium or other causes beyond the control of Ad-Pact, major league baseball games cannot be held at the Stadium, the term of this agreement shall be extended for a period comparable from the standpoint of attendance to the period during which such interruption or suspension existed. Such attendance shall be based upon attendance figures for the last calendar year of normal operations. During any period of suspension of major league baseball games or of total inoperativeness of the Clock for any substantial period for reasons beyond the control of Ad-Pact, no payment by Ad-Pact shall be required hereunder and any advance payments theretofore made by it to the Company shall be refunded or credited against future payments, as Ad-Pact may elect.

9. Each of the parties hereto represents that it is fully empowered to enter into this agreement and that it has observed all requirements imposed upon it by any agreements or laws affecting it or its operations and that the making of this agreement by it does not violate, and is not prohibited by, the provisions of any agreement affecting it or to which it is a party.

10. This agreement shall not be assigned by any party hereto without the express written consent of the others.

11. This agreement shall supersede any and all other agreements, written or oral, with respect to the subject matter hereof.

12 - Dedication of Press Box: Kezar Stadium:

Dedication Press Box - Kezar Stadium; to William M. Coffman, by His Honor, Mayor George Christopher - Shrine East-West Game - 12/27/58

Commissioner Herz reminded the Commission that at the East-West Shrine Game held on December 27, 1958, he had the pleasure of introducing His Honor, Mayor George Christopher, who dedicated the new Press Box in honor of Commissioner William M. Coffman for his many years of service in developing the Annual Shriners Hospital Football Game.

Commissioner Herz further stated that former President Fred D Parr originated the idea and was instrumental in securing a suitable plaque. Due to illness, former President Parr was unable to be present at the abovementioned ceremony.

Commissioner Herz suggested that the Secretary be instructed to write a letter to former President Parr, expressing the Recreation and Park Commission's appreciation to him for his efforts, and that every good wish for his speedy recovery be conveyed.

REPRESENTATIVES AND DELEGATES:

1 - Russian Hill Properties:

The Recreation and Park Commission having held public hearing; the Committee and staff having made exhaustive study of the matter; the Public Utilities Commission having rescinded their previous Resolution No. 13,146, dated September 30, 1958, wherein subject property had been declared surplus -- President Haas stated that this matter had been deferred as a courtesy until this time, because of an appeal to the Board of Supervisors and their referral to the City Attorney for an opinion. That ruling having been rendered, the President announced that the matter should now have Commission action, with all presently known factors considered.

Commissioner Herz moved that Resolution No. 3289, adopted on September 25, 1958 by the Recreation and Park Commission be rescinded. (This resolution pertained to instituting action for the acquisition of all surplus properties situated between Larkin, Bay, Hyde Streets and Russian Hill Park.)

REPRESENTATIVES AND DELEGATES:

Russian Hill Properties: (continued)

Russian Hill Properties discussion

Many representatives and delegates of the area were present; and President Haas granted the request of Dr. Frank Hinman, Jr. that discussion be had on the motion.

Dr. Hinman and others reiterated the advantages and need of acquiring all of the property, and protested Commission approval of any compromise in the matter.

President Haas requested that the Commission be polled on the motion: Commissioner Bercut abstained from voting; Commissioner Coffman voted NO; Commissioner Casey, Conway, Herz and Moore, voted YES; President Haas joined with the majority.

Therefore, the following resolution was adopted:

Res. No. 3421

Resolution No. 3421

Resolution No. 3289, 9/25/58, rescinded by Commission

RESOLVED, that Resolution No. 3289, adopted on September 25, 1958 by the Recreation and Park Commission, requesting the transfer of jurisdiction from the San Francisco Water Department to the Recreation and Park Department, of all the surplus Public Utilities Commission property situated between Larkin, Bay, Hyde Streetsand Russian Hill Park north of Chestnut Street be, and the same is hereby rescinded.

.....

President Haas then requested action on a new plan for utilization of the aforesaid area, as presented by Mr. James P. Lang, Superintendent of Recreation, and asked that the Commission again be polled.

The poll showed the same vote as on Resolution No. 3421; therefore the following resolution was adopted:

Res. No. 3421A

Resolution No. 3421A

Request to PUC to restrict said land in perpetuity

WHEREAS, the Committee and staff had made exhaustive study of the matter; and

WHEREAS, utilization of the area desired, as graphically set forth on Recreation and Park Department Map No. 2936, was deemed adequate for recreation and park purposes;

NOW, THEREFORE, BE IT RESOLVED that this Commission take the proper steps to request the transfer of property as outlined on Recreation and Park Department Map No. 2936; and that the General Manager and/or Business Manager, and the Secretary, be and are hereby empowered to do such things and perform such acts to effect same in conformance to Ordinance No. 7919 (Series of 1939);

NOW, THEREFORE, BE IT FURTHER RESOLVED that as a condition of this Resolution, that the Public Utilities Commission be requested to establish, with respect to any land thereon offered for public sale, a restriction in perpetuity, limiting the topmost height of any structure erected thereon to be not more than 50 (fifty) feet above the official curb elevations of Bay and Hyde Streets and Bay and Larkin Streets, and in no case to exceed 141.00 feet in elevation above official datum of the City and County of San Francisco.

2 - Kezar Stadium: San Francisco Forty-Niners: 1959 Contract:

President Haas stated that the Commission had heard the request of the San Francisco Forty-Niners, as presented by Mr. Marshall Leahy at the meeting of January 9, 1959; and that

REPRESENTATIVES AND DELEGATES: (continued)

Kezar Stadium: San Francisco Forty-Niners: 1959 Contract: (continued)

Committee and staff had reviewed financial and other aspects of the matter in relation to other rentals and conditions in various municipal and private stadia. He called upon Vice President Coffman because of his special knowledge, to amplify this subject for the benefit of other Commissioners.

Thereupon Vice President Coffman briefly related the history of Kezar Stadium and the advent of professional football in the City. He further outlined the circumstances and conditions whereby San Francisco obtained major league baseball and the construction of a new baseball stadium.

Vice President Coffman then stated that any analogy between the two subjects would not afford proper comparison, and asked Mr. Leahy if the present consideration was for one year only, rather than a 12-year term, as outlined in their brochure. Mr. Leahy said that their present concern was for 1959 only.

Mr. Morabito then inquired when negotiations could commence concerning a long-term agreement.

After discussion, a meeting on the matter was scheduled for Monday, February 2, 1959; and Vice President Coffman stated that any terms agreed upon pursuant thereto, would be modified in the present proposed agreement.

Vice President Coffman then moved that on the basis of a one year contract, no change should be made in the terms of the present contract. This motion was seconded by Commissioner Bercut and the following resolution was thereby adopted:

Res. No. 3422

S. F. 49ers 1959 Agreement for Kezar Stadium; one year; terms: same as 1958

Resolution No. 3422

RESOLVED, that this Commission does hereby approve the execution of a rental agreement with the San Francisco Forty-Niners for the use of Kezar Stadium, 1959 Season - with the provision to remain the same as in 1958; and

BE IT FURTHER RESOLVED that the General Manager and/or Busines Manager and the Secretary, are hereby directed to do such things and to perform such acts as to effect the execution of this rental agreement.

3 - Civic Center Plaza - Landscape Plans:

Mr. Douglas Baylis, Landscape Architect, appeared before the Commission, and presented a graphic sketch of the modified plans for the landscaping of Civic Center Plaza. He explained the various aspects of the modifications, and pointed out the improvements of this plan; and he stated that the Mayor, the Art Commission and others concerned had approved the said modifications.

Mr. Raymond S. Kimbell, General Manager, reported that the Committee and staff had studied the matter and recommended approval.

On motion duly made by Commissioner Moore, seconded by Commissioner Bercut, the following resolution was adopted:

Res. No. 3423

Com. accepts prelim. mod. plans

Resolution No. 3423

RESOLVED, that this Commission does hereby approve and accept the modified preliminary plans of the Civic Center Plaza, as presented at this meeting.

2 - Murphy Windmill:

Inquiry of Mrs. Christine Sanford

a) The request of Mrs. Christine Sanford, 393 Western Drive, Point Richmond, California, to lease the residence adjacent to the Murphy Windmill (with the monies derived therefrom to be used for the rehabilitation of the Windmill), was considered.

The Commission commented upon the kind offer of Mrs. Sanford, stating that inasmuch as the 1959-60 budget recommendations included a $100,000 request for rehabilitation, acceptance of such an offer was unnecessary at this time; and the request was therefore denied.

The Secretary was instructed to express the appreciation of the Commission to Mrs. Sanford for her civic interest.

.....

Inquiry of Central Council of Civic Clubs

b) The Secretary was instructed to advise the Central Council of Civic Clubs, relative to the inclusion in the 1959-60 budget recommendations of $100,000 for the rehabilitation of the Murphy Windmill, and to solicit their support on this matter when the Mayor and the Board of Supervisors review Department recommendations.

UNFINISHED BUSINESS:

1 - Jackson Playground and Fieldhouse Rehabilitation:

Mr. George S. Harman, Supervising Engineer, explained the background of the subject matter, wherein proposals for construction based on the original plans and specifications were rejected because they exceeded available funds; and that subsequent modifications of the plans and specifications were unacceptable to the Depart ent.

Mr. Harman also recommended that payment be made to the architectural firm of Schubart and Friedman for plans and specifications already submitted; and he also recommended that a further modification of Schubart & Friedman's Contract No. 3330 be approved, for the submission of a new set of revised plans and specifications which will reflect a new layout of the fieldhouse and the rearrangement of certain facilities on the playground.

On motion duly made by Commissioner Bercut, and seconded by Commissioner Conmy, the following resolution was adopted:

Res. No. 3450 — Resolution No. 3450

RESOLVED, that for the best interests and proper conduct of the Recreation and Park Department, the Controller be and is hereby requested to approve the 3rd Progress Payment on

7 - San Francisco Municipal Golf Courses:

Commissioner Conway's Report

Commissioner Conway reported that the entire facilities and operations of the San Francisco Municipal Golf Courses had been studied for the past several months, and that many meetings had been held with interested parties, namely:

Citizens Committee for More Golf Courses in San Francisco;

Members of Golf Clubs at Harding, Lincoln and Sharp Park;

Golf Editors of metropolitan newspapers;

Officials of the United Gates Government Services Administration (relative to use of Fort Funston area)

Staff members of the Recreation and Park Department, in relation to construction, maintenance, operation and revenue aspects.

Commissioner Conway stated that under present conditions, an annual deficit of $64,000 would be incurred.

The Recreation and Park Commission has included a sum of $224,000 for Golf Course Capital Improvements in the 1959-60 Budget Request, as follows:

(continued)

UNFINISHED BUSINESS: (continued)

San Francisco Municipal Golf Courses: (continued)

"1959-60 CAPITAL IMPROVEMENT REQUESTS FOR GOLF COURSES:

One additional clerk-typist for taking starting time reservations for weekday play	4,200
Additional materials for course maintenance	6,000
	$ 20,600"

.....

Considerable study has been given to an increasein golf fees. Commissioner Conway explained that an extensive survey has been made on golf fees charged at other municipal courses, as well as private clubs -- and that it was believed that the fees to be recommended would:

1) Erase a deficit and create a surplus necessary for support and justification of the approval of Capital Improvements;

7 - Supplemental Appropriation Request for Auto Mileage:

Superintendent of Recreation, Mr. James P. Lang, reported that the allowance for automobile mileage in the current budget had been reduced and that the monies available permit an average of only 15 miles per day for the sixteen private automobiles driven by members of the staff, and that this reduction would radically curtail the Department's supervisory Recreation program.

Mr. Lang therefore strongly recommended a Supplemental Appropriation in the amount of $1,500.00 be requested.

On motion of Commissioner Bercut, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 3458 Resolution No. 3458

Request Sup. Approp. $1,500.00 additional automobile mileage

RESOLVED, that this Commission does hereby request the Mayor, Controller and Board of Supervisors to approve a Supplemental Appropriation in the amount of $1,500.00 from such funds as are legally available for this purpose, to cover additional automobile mileage for the Department's supervisory Recreation program.

UNFINISHED BUSINESS:

1 - Crocker-Amazon Playground: Restoration:

The restoration of Crocker-Amazon Playground to its original condition as a recreation facility by the San Francisco Housing Authority; their return of said property to the Recreation and Park Commission (as set forth in the Recreation and Park Commission Resolution No. 2892, adopted on November 14, 1956); and Public Utilities Commission Resolution No. 18967, adopted on February 14, 1959 - were reviewed.

On recommendation of Mr. Raymond S. Kimbell, General Manager, and on motion of Commissioner Casey, seconded by Commissioner Moore, the following resolution was adopted:

Res. No. 3467 — Resolution No. 3467

Restoration Crocker-Amazon P/G by S.F. Housing Authority and Public Utilities Commission

RESOLUTION RE RESTORATION OF CROCKER-AMAZON PROPERTY AND DISCHARGE OF HOUSING AUTHORITY FROM FURTHER OBLIGATIONS:

WHEREAS, on May 13, 1946 the Public Utilities Commission of the City and County of San Francisco, by its Resolution No. 7399, granted a permit to the Housing Authority of the City and County of San Francisco (hereinafter called the Authority) to occupy and utilize the following described property or premises in the City and County of San Francisco, under jurisdiction of the Water Department of said City and County:

> Approximately 50.26 acres more or less and the facilities of the Amazon Reservoir Site, also known as the Crocker Amazon Reservoir Tract, situate in the City and County of San Francisco, State of California, being the premises leased to the United States of America (Navy Department) by the City and County of San Francisco on the first day of August, 1944 and described in said lease,

for the purpose of construction, maintenance and operation of temporary dwelling units for the housing of veterans and their families pursuant to the Act of Congress known as the Lanham Act, as amended, and applicable statutes of the State of California; and

WHEREAS, said permit granted by said San Francisco Water Department, with the authority of the Public Utilities Commission of the City and County of San Francisco, was approved by the Recreation Department, now the Recreation and Park Department of the City and County of San Francisco (hereinafter called the Department); and

UNFINISHED BUSINESS: (continued)

Crocker-Amazon Playground: Restoration: (continued)

WHEREAS, said permit provided, among other things:

"The Permittee hereby assumes the obligations of the United States Government (Navy Department) under the aforementioned lease dated August 1, 1944 between the United States Government (Navy Department) and the City and County of San Francisco to restore the premises to the same condition as that existing at the time the United States Government (Navy Department) entered upon the same under the said lease, and the permittee hereby agrees to restore the premises to the same condition as that existing at the time the United States Government (Navy Department) entered upon the same under the aforementioned lease, reasonable and ordinary wear and tear and damages by the elements or by circumstances under which the United States Government (Navy Department) or permittee have no control excepted."

WHEREAS, from time to time said permit has been extended by the City and County of San Francisco by its Public Utilities Commission with the approval of the Department, and

WHEREAS, on November 14, 1956, the Recreation and Park Commission adopted its Resolution No. 2892, which reads in part as follows:

"RESOLVED, that this Commission with the approval of the Public Utilities Commission does hereby place before the San Francisco Housing Authority its urgent demand that the San Francisco Housing Authority proceed forthwith in the restoration and rehabilitation of the entire Crocker-Amazon Tract to its original condition as a recreation facility, as set forth and outlined in the complete set of plans and specifications on the ground development and structures originally erected on the Crocker-Amazon Tract on file in this office and copies of which were furnished to the San Francisco Housing Authority at the time of its occupancy in May of 1946."

and,

WHEREAS, on February 24th, 1959, the Public Utilities Commission adopted its Resolution No. 18967, which reads as follows:

"RESOLVED, that this Commission hereby authorizes the Recreation and Park Commission to proceed with and complete arrangements with the Housing Authority of the City and County of San Francisco for surrender of possession of the Crocker-Amazon Reservoir Tract and restoration and rehabilitation of the tract in accordance with the lease provisions, and to release the Housing Authority of the City and County of San Francisco on behalf of the Public Utilities Commission from liability in connection with said lease upon due performance of restoration and rehabilitation in accordance with lease provisions or subsequent modifications thereof, if any, as may be approved in writing by the Recreation and Park Commission and the Housing Authority of the City and County of San Francisco."

and,

WHEREAS, said Authority, in cooperation with the Department, prepared and completed plans and specifications and bidding documents for restoration of said Crocker-Amazon premises and site (which plans and specifications and bidding documents have been delivered to and examined by said Department and are incorporated herein by reference, as if fully set forth herein),

UNFINISHED BUSINESS: (continued)

Crocker-Amazon Playground: Restoration: (continued)

Now, therefore, be it

RESOLVED, that the Recreation and Park Commission hereby approves said plans and specifications and bidding documents and agrees with said Authority that upon completion of the work described in said plans and specifications and bidding documents, or subsequent modifications thereof, if any, as may be approved in writing by the Recreation and Park Commission and Housing Authority of the City and County of San Francisco, in a good and workmanlike manner and upon delivery by said Authority to the Department of possession of said premises, thereupon said Recreation and Park Commission (with the authority granted to it by the Public Utilities Commission as hereinbefore set forth) will fully and finally discharge said Authority from any and all liability under said lease, agreement and permit or otherwise; and be it further

RESOLVED:

Notwithstanding anything in said lease, agreement, permit, plans, specifications, bidding documents or other documents or writings to the contrary,

a. The obligation of said Authority to maintain said premises, including shrubs, trees, lawns, flowers, and other ground cover of every kind and nature, shall terminate upon acceptance by the Authority and approval by the Department (which approval will not be withheld arbitrarily) of all work described in said plans and specifications and bidding documents for the rehabilitation and restoration of the Crocker-Amazon playground and premises and upon transfer of possession of said premises by the Authority to the Department with the contemplated work completed.

b. The Department in consideration of receiving possession of said premises within thirty days after said Authority's acceptance of said rehabilitation work duly performed under the construction contract hereby agrees to accept such possession when tendered by the Authority and upon accepting such possession, said Department agrees to maintain and protect said premises, including buildings, shrubs, trees, grass, flowers, and other ground covering, at its own cost and expense, from loss or damage from any cause whatever, including fire, theft, malicious mischief, or damage by the elements.

c. The Department will not require the Authority to cause the lawns, grass, or other ground covering on said premises to grow to the same strong and mature condition as existed at the time of the execution of the lease in 1944, but the Authority's obligation in this respect shall cease when said lawns, grass and other ground covering meet acceptable standards as provided in said specifications and as determined by said Authority and approved by the Department (which approval will not be withheld arbitrarily).

d. In all matters herein as to which the approval or acceptance of the department is required, such approval or acceptance shall be promptly granted or shall be promptly refused in writing, specifying the reasons for the refusal of the approval or acceptance and giving the Authority a reasonable time in which to cure any specified cause for refusal,

and be it further

MINUTES

A SPECIAL JOINT MEETING of the RECREATION AND PARK COMMISSION and the CITY PLANNING COMMISSION was called to order on Tuesday, March 10, 1959, at 4:00 P.M., in the Commission Chambers at McLaren Lodge, Golden Gate Park, San Francisco - with President Walter A. Haas presiding.

	Mrs. Joseph A. Moore, Jr.	James R. McCarthy, Director
Absent:	William M. Coffman, Vice-President	Phoebe H. Brown, Senior Planner

* * * * *

A Special Joint Meeting of the Recreation and Park Commission and the City Planning Commission was held on Tuesday, March 10, 1959 at the behest of the Board of Supervisors Committee on Education, Parks and Recreation - relative to re-evaluating the desirability of acquiring the 12.5 acre Montgomery Tract encompassed in the City Planning Commission's master plan for an Interior Green Belt.

Acting as host, President Walter A. Haas called the meeting to order, and turned the gavel over to City Planning Commission President Roger D. Lapham, Jr.

* * * * *

Interior Green Belt - Montgomery Tract:

President Lapham summarized the origin of the Interior Green Belt, its purpose, and ultimate end use.

City Planning Director, James R. McCarthy, presented maps delineating the entire area and rendered a detailed explanation of all properties contained therein - and especially the intended use of all public properties in the Green Belt.

President Roger D. Lapham, Jr. explained that the present owner of the Montgomery Tract desired to build multiple dwelling units on the property; and that to do so would require a change in the zone classification; and further, in view of this intention, it was imperative that any action toward City acquisition should be initiated at an early date.

Mr. Raymond S. Kimbell, General Manager, reviewed Recreation and Park staff recommendations presented prior to the Recreation and Park Commission meeting held on October 8, 1958, wherein the Commission (Resolution No. 3270) disapproved recommending City purchase of the property.

The important factors resulting in disapproval were: lack of funds and lack of adaptability of the terrain for recreational purposes.

Commissioner John F. Conway, Jr. voiced his present objection to requesting approximately $90,000 for this purpose because of the many capital improvements and rehabilitation items in the 1959-60 budget recommendations that were of great and vital importance to the Department.

Interior Green Belt - Montgomery Tract: (continued)

Commissioner Conway related the failure to expand golf courses; the deplorable lack of small boat facilities; the need to establish playgrounds in both new and not served areas; and the need for more than skeleton personnel -- were of prime importance.

Free and full discussion ensued in which all members of both Commissions participated, with the result that both Boards better recognized the purposes, objectives and problems of each other.

The City Planning Commission deemed that acquisition of the Montgomery Tract was proper in order to adhere to the Master Plan and preserve the area for the enjoyment of future generations of San Franciscans.

Mrs. Moore stated that inasmuch as the Department had expended approximately $175,000 in the purchase of Green Belt property, that some method should be pursued toward the completion of the GreenBelt Plan.

President Walter A. Haas resumed the gavel and announced that he would entertain a motion wherein, if the Board of Supervisors provided funds separate and apart from Budget consideration, that the Department would accept jurisdiction with the proviso that the Montgomery Tract would remain in its present undeveloped natural state.

Upon motion duly made by Commissioner Bercut, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 3472 Resolution No. 3472

WHEREAS, the Board of Supervisors Committee on Education, Park and Recreation, requested that a joint meeting be held by the Recreation and Park Commission and the City Planning Commission; and

WHEREAS, said Special Joint Meeting was held at 4:00 P.M., Tuesday, March 10, 1959, in the Commission Meeting Room by said Commissions; and

WHEREAS, full discussion and consideration of the subject was had as set forth heretofore in the Minutes of the Special Joint Meeting;

NOW, THEREFORE, BE IT RESOLVED, that if The Honorable Board of Supervisors will provide the necessary funds for the purchase of the so-called "Montgomery Tract" separate and apart from Budget consideration, that this Department will accept jurisdiction; and

BE IT FURTHER RESOLVED, that as a condition of this resolution, the area will remain in its present undeveloped state, without any desire on the part of this Commission to request funds for material or personnel.

.....

Presidents Lapham and Haas expressed their mutual pleasure at the result of the Special Joint Meeting; and there being no further business, the meeting was adjourned at 5:55 P.M.

Respectfully submitted,

The General Manager reported that ROSE MC GREEVY FOGARTY retired from the Recreation and Park Department on March 10, 1959 after 41 years of service. He related the excellent career of Rose McGreevy Fogarty; and on motion duly made by Commissioner Moore, seconded by Commissioner Casey, the following Resolution of Appreciation was adopted:

Res. No. 3490

Resolution of Appreciation to ROSE MC GREEVY FOGARTY: for 41 years of service

Resolution No. 3490

WHEREAS, ROSE MC GREEVY FOGARTY served the citizens of San Francisco for 41 years as a staff member of the Recreation and Park Department and its predecessors; and

WHEREAS, during her career she became known as a charming and gracious hostess at Camp Mather during the summers of 1929 through 1937; and

WHEREAS, in 1937 she was appointed Supervisor of Womens and Girls Athletics and co-authored a program of Industrial Recreation which has become a nationwide pattern; and

WHEREAS, throughout her entire career, she was a tremendous influence in the development of countless thousands of youths not only in recreation and athletics, but likewise, good citizenship;

NOW, THEREFORE, BE IT RESOLVED, that this Commission record its very great appreciation of ROSE MC GREEVY FOGARTY'S sterling qualities and her outstanding contribution to the recreational life of San Francisco; and

BE IT RESOLVED, that this Resolution of Appreciation convey the wish of this Commission, and of her many co-workers, that her retirement will provide the rich rewards she so truly deserves; and

BE IT FURTHER RESOLVED, that this Resolution of Appreciation be recorded in the Minutes of this meeting and that a proper copy of it be presented to ROSE MC GREEVY FOGARTY.

UNFINISHED BUSINESS:

1 - Strybing Arboretum: Development:

All Commissioners having received copies of Dr. Richard E. Baker's report relative to the development of the Strybing Aboretum - Commissioner Moore rendered a Committee report and recommendation pertaining thereto.

Mrs. Moore stated that many meetings had been held with members of the Strybing Arboretum Society and other interested horticultural groups; and that basically the Arboretum should provide public services and facilities which would include:

a) an information center;
b) completely labeled plant displays;
c) California wildflowers and other native California specimens;
d) medicinal plant section of new and tested varieties;
e) demonstration and model gardens.

Also, that there should be established:

1) Plant introduction section
2) Garden and horticultural educational program
3) A plant accessions section, which is primarily essential to assure success of the aforesaid programs

Strybing Arboretum Development

Commissioner Moore further stated that a preliminary Master Plan would be submitted in May.

Pursuant thereto it is contemplated that the following estimated expenditures from the bequest fund and improvements from budget items be initiated:

	Strybing Fund	R. & P. Dept.
1959-60 Fiscal Year		
Grading (West half); Paths (West half); Fences (West half)	$ 20,000	$
Buildings, consisting of		
1 information center	12,000	
1 greenhouse and headhouse*	41,875	
Garden of Fragrance (for the blind)	15,000	
Irrigation System (funds appropriated)		30,000
Drinking Fountains		1,500

Strybing Arboretum Development (continued)

Commissioner Moore then listed the following Arboretum personnel requirements on a priority basis:

1) Director
2) Supervisor of Plant Accessions
3) Typist
4) Supervisor of Plant Introduction
5) Guard
6) Nurseryman
(upon completion of greenhouse and headhouse)
7) Supervisor of Garden Programs) Upon completion of
8) Two Information Aids) Information Center
9) Guard

Gardeners will be requested in accordance with Arboretum development and needs throughout the period of completion of initial development which will require approximately ten years, according to present estimates.

Commissioner Moore further remarked that the ultimate success of the Arboretum is greatly dependent upon aid and support of non-profit societies and interested horticultural groups; and that the Recreation and Park Commission would lean heavily upon them for assistance in any future development.

Mr. Marshall Madison, President of the Strybing Arboretum Society, addressed the Commission in behalf of over 200 members of the Society and representatives from virtually all of the Horticultural Groups throughout the Bay Area - and heartily endorsed the proposed program. Mr. Madison further pledged that the Society would assist in every way possible, and would endeavor to raise additional funds and solicit horticultural contributions for development.

Mr. Edward Goeppner, President of Podesta & Baldocchi, expressed his endorsement of the program and urged that the Arboretum be developed to reflect additional cultural recognition to San Francisco.

Commissioner Herz expressed the appreciation of the Commission to Commissioner Moore for having done an outstanding job on this important subject, and on motion duly made, seconded and passed, the report of Commissioner Moore was accepted and approved in principle as the established future policy of this Commission.

REPRESENTATIVES AND DELEGATES:

1 - The Palace of Fine Arts: Proposed Bond Issue:

The Recreation and Park Commission considered the request of The Palace of Fine Arts League, Inc., that a bond issue for the rehabilitation of The Palace of Fine Arts be re-submitted to the voters at the November 3, 1959 election.

Mr. Casper Weinberger, Chairman of the Executive Committee; Mr. John T. Clark, Executive Secretary of The League; and Mr. Ted Moulton, of the architectural and engineering firm of Heffron & Moulton, appeared before the Commission and explained their data, engineering plans, estimated cost, use, and revenue, pertaining thereto.

Mr. Casper Weinberger spoke eloquently in favor of rehabilitation.

After full discussion and on motion of Commissioner Herz, seconded by Commissioner Casey, the following resolution was adopted:

Res. No. 3544 — Resolution No. 3544

The Palace of Fine Arts Bond Issue

WHEREAS, in the November, 1958 election the bond issue for the rehabilitation of The Palace of Fine Arts obtained over 60 per cent of the vote, however, failed in the necessary two-thirds plurality; and

WHEREAS, State funds in the amount of two million dollars are available:

NOW, THEREFORE, BE IT RESOLVED that this Commission does hereby approve the re-submission to the voters of the City and County of San Francisco, the proposition of incurring bonded debt not to exceed $3,800,000 at the November 3, 1959 election, for the purpose of rehabilitation of The Palace of Fine Arts; and

BE IT FURTHER RESOLVED that the City Attorney is hereby requested to prepare proper documents for the Board of Supervisors; and that the General Manager and/or Secretary be and is hereby directed to do such things and perform such acts as may be necessary to effect the presentation of this matter to said Board of Supervisors for submission to the voters of the City and County of San Francisco at the November 3, 1959 election.

SPECIAL ORDER OF BUSINESS:

Golf Course - Capital Improvement Budget Requests 1959-60:

Commissioner Conway reported on the deletion of three capital improvement budget requests pertaining to increasing golf facilities by the Finance Committee:

After full discussion of the matter, and upon the recommendation of Commissioner Conway, the following resolution was unanimously adopted:

Res. No. 3550

Resolution No. 3550

WHEREAS, this Commission had given profound study to 1959-60 budget recommendation for golf course capital improvements, namely:

1 - Plans and specifications for a second par 3 nine-hole course in Golden Gate Park; Budget Sheet 1636, Line 11; amount $13,000;

2 - Harding Park: convert 6-hole practice course to a nine-hole par 3 course; Sheet 1636, Line 15; amount $50,000;

3 - Lincoln Park: completion of irrigation system - night watering of the entire course, thus permitting full use of course during daylight hours; Sheet 1636, Line 31; amount $29,100; and

WHEREAS, this Commission raised the green fees on March 1, 1959, and said increase will produce an anticipated profit in excess of $80,000 during 1959-60; and

WHEREAS, said increase in green fees was presented to the golfers of San Francisco as an essential part of a total program which would provide additional golfing facilities:

NOW, THEREFORE, BE IT RESOLVED, that this Commission does hereby earnestly request the Honorable Board of Supervisors to give favorable consideration to the approval of these items.

.....

The Commission further directed that the above action be forwarded to the Board of Supervisors for consideration at their final budget hearing on Friday, May 15, 1959.

11 - Award of Contract - McLaren Park Golf Course: Rough Grading: Contract No. 305:

The Secretary reported that the following sealed proposals were received and opensdon Tuesday, 2:00 PM, June 2, 1959:

Bidders' Names and Addresses	Amount	Total Amount
Stewart H. Thompson 7 Marion Court, Novato, California (Certified Check: $983.50)	$ 5,635.00	$ 9,835.00
Robert A. Farish 405 Grand Avenue South San Francisco, California (Bond: General Insurance Co. America)	$27,500.00	31,760.00
Chas. L. Harney, Inc.	$35,880.00	41,680.00
Berger Coastwide Construction Co.	37,750.00	41,710.00
O. C. Jones and Sons	37,300.00	42,370.00
Piombo Construction Company	40,780.00	44,980.00

The Supervising Engineer reported that the low bidder, although bidding competitively on the two unit price bid totals for the hourly operation of equipment, misinterpreted the plans and was not aware of the fact that the change in contours shown thereon involved earthwork amounting to 60,000 cubic yards; and therefore the bid submitted was in obvious gross error. The General Manager concurred with this report.

On recommendation of the General Manager, and on motion of Commissioner Herz, seconded by Commissioner Coffman, and duly passed - the following resolution was adopted:

Res. No. 3608

Resolution No. 3608

Award of Contract: McLaren Park Golf Course: Rough Grading 9-Hole Golf Course; to Robert A. Farish: $31,760.00

WHEREAS, Mr. Stewart Thompson, of Novato, California, submitted a sealed bid for Rough Grading at the McLaren Park nine hole golf course, and in so doing, failed to properly estimate approximately 60,000 cubic yards of earthwork, as reflected on a contour map; and

WHEREAS, the extreme disparity between this low bid and all the other bids, is prima facie evidence that a gross error of omission was made:

THEREFORE, BE IT RESOLVED, that for the best interests and proper conduct of the Recreation and Park Department, the low bid of Mr. Stewart Thompson be rejected, and that the ten percent performance check be returned; and

BE IT FURTHER RESOLVED, that this Commission does hereby award the contract for Rough Grading for the Nine Hole Golf Course at McLaren Park, Contract No. 305, to: ROBERT A. FARISH, 405 Grand Avenue, South San Francisco, California -- he being the lowest regular and responsible bidder therefore, in the amount of $31,760.00 (Thirty-one thousand seven hundred and sixty dollars and no/100 cents); and

BE IT FURTHER RESOLVED that the General Manager and/or Business Manager and the Secretary be empowered to do such things and perform such acts as may be necessary to execute this contract on behalf of the Recreation and Park Commission; and

BE IT FURTHER RESOLVED, that the Secretary shall file notice of Award in the official advertising newspaper of the City and County of San Francisco.

Award of Contract: HALL OF FLOWERS: (continued)

The Secretary then reported that on Wednesday, May 27, 1959, a letter was received from McBroom & Cecchini, wherein they stated that an inadvertent clerical error was made in computing the amount of their bid. An item of $15,300.00 for excavating and clearing the premises; and an item of $13,250. for Glass Top Lites were both omitted; and they therefore requested withdrawal of their bid.

The Supervising Engineer reported that the work sheets of McBroom & Cecchini had been carefully examined and fully compared with the work sheets of other bidders; and that it was conclusive that the clerical errors, as stated, had been made.

Full discussion ensued relative to the course of action - wherein it developed that it was the considered opinion of the Commission that further delays would not serve the best interests of the City and County of San Francisco and the Recreation and Park Department.

The Commission then considered the bid of the next lowest responsible bidder, namely: ~~MID-STATE CONSTRUCTION CO.~~ MIDSTATE CONSTRUCTION COMPANY.

The Supervising Engineer reported that an additional sum of $74,412.00 would be required to construct the project, and justified the increase occasioned by the delay due to the proposed route of the Freeway being in line with the site selected - but which was negated by the action of the Board of Supervisors.

Mr. A. Appleton, of Appleton & Wolfard, Architect, for the San Francisco Hall of Flowers, attested to the fact that construction costs had risen approximately 15% during the delay interim.

After discussion, participated in by the Commission and Staff and Mrs. Walter Brendel, President, of the San Francisco Flower Show, Inc., and on motion of Commissioner Hers, seconded by Commissioner Moore, and duly passed - the following resolution was adopted:

Res. No. 3610

Resolution No. 3610

WHEREAS, Messrs. McBroom & Cecchini substantiated to the satisfaction of the Commission that an obvious clerical omission in the amount of $28,550.00 had been made in their bid:

Withdrawal of Low Bid

BE IT RESOLVED that the bid of McBroom & Cecchini be withdrawn and the 10% performance bond be returned; and

Award of Contract: ~~Mid-State Construction Co.~~ MIDSTATE CONSTRUCTION COMPANY, $542,000.00

BE IT FURTHER RESOLVED, that this Commission does hereby award the construction contract for the San Francisco Hall of Flowers to: ~~MID-STATE CONSTRUCTION CO.~~, 347 Clay Street, San Francisco, California - they being the lowest regular and responsible bidder, in the amount of $542,000.00 (Five hundred forty-two thousand and no/100 dollars); and

WHEREAS, the estimated increase in attendant costs, occasioned by the delay due to the proposed location of the Freeway are as follows:

Amount of Construction Bid	$ 542,000.00
Modification 2%	10,840.00
Inspection 2%	10,840.00
Tests (Laboratory, etc.) 1%	5,420.00
Add'l. Architectural Fee: 80% of 7% of $516,376.80, minus $26,040.00 (80% of 7% of $465,000.00)	4,312.00
Office Expense	
Office Engineering, blueprinting and mimeographing	6,000.00

REPRESENTATIVES AND DELEGATES:

1 - Japanese Tea Garden - Rehabilitation Plan "A":

Representatives of S.F. Garden Club - presented Plan "A", landscape rehab.

Mrs. Dwight Gladstone, President San Francisco Garden Club
Mrs. Paul J. Kingston, Chairman San Francisco Garden Club's Committee for the Japanese Tea Garden
Mrs. Frank Gerbode, Member San Francisco Garden Club's Committee for the Japanese Tea Garden

appeared before the Commission.

Japanese Tea Garden approved

Mrs. Paul J. Kingston presented preliminary plans and sketches for the landscape rehabilitation, Plan "A", which had been prepared by the eminent Landscape Architect, Nagao Sakurai, in consultation with Mr. Lucien Marsh, Mr. Richard Gump, and other ~~Garden Club~~ Oriental art experts.

Mrs. Kingston stated that the cost for the preparation of sketches, plans and specifications was another of the many fine philanthropies borne by Mrs. Frank Gerbode - and that, if approved, the San Francisco Garden Club would defray the complete cost of the re-landscaping of Plan "A".

Mrs. Frank Gerbode spoke of the deep interest in recapturing the Oriental landscape beauty of the Tea Gardens and the pleasure that would be afforded to so many San Franciscans and visitors.

Commissioner Moore reported on the fine cooperation between the Garden Club Representatives and the Recreation and Park Department Staff with the Commission Committee.

On motion duly made by Commissioner Moore, seconded by Commissioner Casey, the Commission approved the preliminary sketches for Plan "A".

President Haas expressed the gratitude of the Commission to Mrs. Frank Gerbode and to the San Francisco Garden Club.

2 - McLaren Park - Land Acquisition:

Report by Norman Sanford Wolff, Dep. City Atty. on Land Acquisition, McLaren Park

Mr. Norman Sanford Wolff, Deputy City Attorney, appeared before the Commission and explained the status of land remaining to be purchased in McLaren Park.

Approximately 10 acres remain, and the case with the property owner of three key acres has been set for trial. Since the legal counsel also represents most of the 15 property owners to be dealt with, Mr. Wolff believed that all properties would be acquired within the next few months.

President Haas thanked Mr. Wolff for his presence and presentation; and expressed the compliments of this Commission to the City Attorney for the splendid cooperation in this arduous task.

3 - Union Square Garage - Lease Amendment:

Messrs. Guggenhime, Cohen and Cooper appeared before Commission --- Richard E. Guggenhime (Un. Sq. (Garage (Corp. - presented proposed amendment to Lease between the City and Un. Sq. Garage

Messrs. Richard E. Guggenhime, representing the Union Square Garage Corporation; Jerome Cohen, representing the City Attorney; Nathan Cooper, representing the City Controller -- appeared before the Commission.

Mr. Richard E. Guggenhime presented a proposed amendment to the lease which had been entered into on March 18, 1941, by and between the Park Commission, representing the City and County of San Francisco and the Union Square Garage Corporation, utilizing the subsurface under Union Square for a public garage.

The purpose of amending the lease was to convert the garage into semi self-parking by the installation of automatic elevators and related facilities, thereby modernizing the operation and rendering better service to the public.

Mr. Nathan Cooper stated that, based upon the estimate of revenue and the saving of operating expenses to be accomplished by the proposed alterations, improvements and additions, it is the opinion of those apprised of all the facts that the date upon which beneficial ownership of the stock will pass to the City and County of San Francisco will not be delayed by the making of said alterations, additions and improvements, or by permitting the operator, who will bear the cost thereof, to amortize his costs out of monies otherwise payable under its management and occupancy agreement to the Lessee.

Mr. Jerome Cohen reported that the entire matter had been reviewed by the City Attorney and attested to the legality of the proposed amendment.

EXHIBIT "A" (cont.) Amendment to Garage Management And Occupancy Agreement: (cont)

Milton T. Pflueger, A.I.A., dated May 25, 1959, copy of which report is attached hereto marked Exhibit A and by reference made a part hereof. The alterations, additions and improvements shall be in general conformity with the "scope of work" as described and set forth in said report and the drawings therein referred to. Said work shall be commenced as soon as practicable and shall be diligently prosecuted to completion, subject only to such delays as shall be beyond the reasonable control of Operator.

2. Prior to commencement of said alterations, additions and improvements, the Operator shall furnish a bond guaranteeing completion of the work in accordance with this Agreement and payment of all claims for labor, services and materials in connection with the work. Said bond may be a performance bond with the Operator as principal or a bond of the contractor as principal and shall be expressly for the benefit of or assigned to Union and the City and County of San Francisco, with the consent of the principal and the surety. The bond shall be in form and with a Surety Company satisfactory to Union and to the Controller of the City and County of San Francisco.

3. By section 7 of the Garage Management and Occupancy Agreement of December 31, 1941, as amended, Operator is obligated to make certain payments to Union, including, pursuant to sub-section (5), one-half of Operator's annual net income (as defined) in excess of Twenty-Five Thousand Dollars ($25,000.00). Commencing with the month next following the completion of the alterations, additions and improvements herein agreed to be made by Operator, Operator shall be entitled to deduct from gross income and receipts the total actual cost to Operator of said work, but in no event more than a total of Two Hundred Forty Seven Thousand Dollars ($247,000.00), amortized over the remaining life of the term of the Garage Management and Occupancy Agreement, together with interest at not in excess of five per cent per annum to the extent actually paid out by Operator on funds borrowed to accomplish said work up to the aforesaid maximum; provided that Operator shall not be entitled to deduct interest charges in any amount more than would have been incurred were the borrowings to accomplish said work repaid by Operator in equal annual installments over a period of five (5) years from date of completion of the work. Operator shall furnish annually to Union and to the Controller of the City and County of San Francisco a statement of actual interest paid by Operator as aforesaid, certified by a firm of Certified Public Accountants.

4. Within thirty (30) days from date of completion of the work, Operator shall furnish to Union and to the Controller of the City and County of San Francisco a full report of the total cost thereof to Operator duly certified by the Architect who supervised the work and by a firm of Certified Public Accountants.

5. To the extent that the agreement of December 31, 1941, as amended, is contrary to or inconsistent with the foregoing, the same is hereby amended, but except as so amended the said agreement as heretofore amended is hereby ratified and confirmed.

2 - Lake Merced Sports Center - Proposed Lease:

Commissioner Conway summarized the following facts concerning Lake Merced Sports Center:

The construction contract of the new Lake Merced Sports Center would be completed and ready for occupancy on approximately September 1, 1959; and further, that the present Concessionnaire, the Lake Merced Company - has a contract which runs through June 30, 1960, for a boathouse building which is scheduled to be demolished upon completion of the new unit; and further that it would not serve the best interests of the City and County of San Francisco or the Recreation and Park Commission to permit the new unit to remain vacant until the termination of the present Concessionnaire's contract - nor would it be desirable to operate both boat buildings simultaneously. Commissioner Conway therefore recommended a new lease, making a motion that the following resolution be adopted, which was seconded by Commissioner Bercut, and unanimously adopted:

17 - Mr. Eric Walther - Retired Director of the Strybing Arboretum and Botanical Gardens:

Mr. Eric Walther, retired Director of the Strybing Arboretum and Botanical Gardens, died at the age of sixty-six at the Childrens' Hospital on July 1, 1959.

Mr. Walther migrated from Germany at an early age in order to obtain the liberty and freedom afforded by America. In 1916 and 1917 he was employed on a Peninsula estate and spent his Sundays at the California Academy of Sciences Herbarium. His avid interest was soon noted by Miss Alice Eastwood, who gave special attention to him because his eager questions showed her that here was a mind worth cultivating.

Mr. Walther became a Park employee on February 16, 1918 and continued his studies as a protege' of Miss Alice Eastwood. Mr. John McLaren recognized his value to the Park and promotions ensued: laborer, gardener, nurseryman, supervisor of insect control and department spray program, arboriculturist and entomologist.

Through the years, Mr. Walther devoted nearly every waking hour to study and research in his chosen field, and in imparting his knowledge to any person or group who evinced a real interest.

In the mid 30's, when the provisions of the Helene Strybing Bequest permitted the establishment of an Arboretum - no person other than Eric Walther was considered for this challenging development.

On motion of Commissioner Moore, seconded by Commissioner Herz, and duly passed, the following resolution was adopted:

Res. No. 3667

Resolution No. 3667

IN MEMORIAM - ERIC WALTHER

WHEREAS, the hearts of botanical, horticultural and garden-minded people were saddened by the death of Eric Walther, retired Director of the Helene Strybing Arboretum; and

In Memoriam-Eric Walther

WHEREAS, Eric Walther, by virtue of personal contact with Arboreta and eminent horticulturists throughout the world, had acquired for the Arboretum an unexcelled collection of living plants which will continue to adorn the Arboretum for many years; and

WHEREAS, Eric Walther became an authority on many botanical subjects of horticultural interest, and many high honors had been bestowed upon him, i.e., the Thomas Rowland Medal - given by the Massachusetts Horticultural Society; Gold Medal - Strybing Arboretum Society; Life Member - California Academy of Sciences; Honorary Member - California Horticultural Society; and since retirement, had devoted full time as a Research Associate with the California Academy of Sciences; and

WHEREAS, Eric Walther has willed his entire estate for the compilation, printing and sale of horticultural papers, with profits that may be obtained reverting to the trust fund for perpetuity of the will provisions: now, therefore, be it

Candlestick Park - Parking Lease

All Commissioners had received the following:

1) Report of Philip Rezos, Director of Property, dated August 4, 1959 - recommending that award be made to S. E. Onorato, Inc.

2) Parking Authority Resolution No. 228, adopted August 11, 1959- recommending that award be made to B & B Enterprises.

3) Interim Report, dated August 20, 1959, of the San Francisco Grand Jury of 1959, rendered to the Presiding Judge of the Superior Court - pertaining to one of the partners in B & B Enterprises.

4) Letter from Dion Holm, City Attorney, to President Walter A. Haas, dated August 25, 1959 - delineating the full discretionary power of the Recreation and Park Commission in the subject matter.

The following persons were among those present at this meeting:

Albert E. Schlesinger	Chairman of the Parking Authority
Vining T. Fisher	General Manager of the Parking Authority
Philip L. Rezos	Director of Property
Lawrence S. Mana	City Chief Deputy Attorney

REPRESENTATIVES AND DELEGATES: (continued)

Candlestick Park - Parking Lease: (continued)

Full discussion on the subject ensued. All City officials present, who had been so helpful in guiding the proposed lease to its present status, participated in the discussion.

Mr. Robert Fouke, Attorney, representing B & B Enterprises, requested the floor. He stated that in view of the Grand Jury interim report and the unfavorable press copy, Mr. Walter Barkett was willing to offer his bond that he would not personally approach the premises of Candlestick Park - or would, if necessary, withdraw entirely from B & B Enterprises.

Mr. Lawrence Mana, City Chief Deputy Attorney, stated that if a lease were executed in any other manner than that in which the bid was presented, such bid would be invalidated.

Candlestick Park - Parking Lease (continued)

Commissioner Coffman then moved that all bids be rejected; and that if a World's Series be held in Candlestick Park in 1959, the Commission could exercise its prerogative and contract with a responsible operator for the World's Series games. He further stated that this Commission would have a full six months for the letting of new bids on a three-year term basis.

Commissioner Herz seconded Commissioner Coffman's motion.

Commissioner Conway stated that the entire Candlestick Park project had been a matter of public interest for over two years; the Parking Lease had been carefully prepared by City authorities; and that responsible bids had been received. He said further that he was opposed to the rejection of bids; that neither the Grand Jury Interim Report, nor the possibility of a 1959 World's Series should enter into the decision on the matter; and that he was opposed to any delay.

President Haas then requested a roll call on Commissioner Coffman's motion to reject all bids.

Commissioner Coffman	Aye
Commissioner Herz	Aye
Commissioner Conway	No
Commissioner Moore	No
President Haas	No

Rejection lost - 3 to 2.

President Haas then stated he would entertain a motion for an Award.

Commissioner Moore reflected that, upon a comparison of the submitted reports relative to the estimated revenue and, upon the basis of qualified experience - moved that the award be made to: S. E. CNORATO, INCORPORATED.

Commissioner Conway seconded the motion.

Upon roll call -

Commissioner Coffman	No
Commissioner Herz	Abstained *
Commissioner Moore	Aye
Commissioner Conway	Aye

* Note: Commissioner Herz subsequently requested that his vote be changed from abstention to "No".

REPRESENTATIVES AND DELEGATES (continued)

(Copy of letter from Portsmouth Civic Parking Corporation)

Gentlemen:

Reference is made to the letter of this Corporation addressed to the Board of Supervisors of the City and County of San Francisco dated June 5, 1956, wherein the undersigned Corporation stated that it would agree to cause the construction of a public parking garage in the area of Portsmouth Plaza in the City and County of San Francisco on the terms and conditions stated therein. This letter is intended to reaffirm the representations earlier made by the Corporation.

The Portsmouth Civic Parking Corporation, a California corporation, has been formed, under the laws of the State of California, for the purpose of aiding and assisting the City and County of San Francisco to obtain public improvements within the City and to grant financial assistance to the City to accomplish such improvements.

The Corporation will agree to cause the construction of a public parking garage in the area of Portsmouth Plaza in the City and County of San Francisco under plans and specifications agreeable to the Corporation and the City and County of San Francisco, upon the following conditions:

1. That the total issue of the stock of the Corporation be placed in trust for the City and County of San Francisco, subject only to the rights contained in the obligations, securities, debentures, or mortgages to be issued by the Corporation to obtain the necessary finances to carry out the purposes of the project.

2. That a lease of sufficient duration within a maximum period of 50 years be granted so as to permit the revenues of the garage, as determined by parking rates set by the City and County of San Francisco, to service and retire the outstanding obligations of the Corporation.

3. That the City and County of San Francisco will agree to establish rates for parking in the said garage, which shall be sufficient in amount to serve and retire the indebtedness of the Corporation within the term of the lease.

The Directors and officers of the Corporation are: Paul H. Louie, H. K. Wong, Clarence Poon, Herbert B. Gee, Thomas Fong, Gusy Hong, Dai Ming Lee, Albert C. Lim, and Andrew Young.

We assure you that this Corporation is able to obtain the necessary financing to erect the proposed garage, and we shall be prepared to commence the erection of such a structure as soon as the land is made available to us by the City and County of San Francisco.

Yours very sincerely,

PORTSMOUTH CIVIC PARKING CORPORATION

Resolution No. 229
Adopted: Sept. 24, 1959

Approved: Jerome Cohen
Deputy City Attorney

APPROVING SITE FOR PUBLIC PARKING FACILITY BENEATH PORTSMOUTH SQUARE AND RECOMMENDING DESIGNATION OF SAME BY BOARD OF SUPERVISORS FOR SAID PURPOSE, ALL PERTAINING TO THE PORTSMOUTH SQUARE PARKING PROJECT.

WHEREAS, the Parking Authority of the City and County of San Francisco was created by action of the Board of Supervisors of said City and County on October 6, 1949; and

WHEREAS, it is the function and purpose of said Parking Authority to recommend and provide additional off-street parking facilities in the City and County of San Francisco; and

WHEREAS, said Parking Authority, after careful investigation, study and

deliberation, and upon the basis of competent and impartial economic and engineering advice, has found and determined that additional off-street parking facilities are needed immediately and are justified in the vicinity of Portsmouth Square in San Francisco; and

WHEREAS, careful analysis of potential sites for a public parking garage in the vicinity of Portsmouth Square indicates that the utilization of the sub-surface area of Portsmouth Square as the location of a public parking garage will best serve the public interest; and

WHEREAS, the site in question may best be described as that certain real property within the City and County of San Francisco, to wit:

BEGINNING at the point of intersection of the southerly line of Washington Street with the westerly line of Kearny Street; running thence southerly along said line of Kearny Street 275 feet to the northerly line of Clay Street; thence at a right angle westerly along said line of Clay Street 204 feet and 2 inches to the easterly line of Brenham Place; thence at a right angle northerly along said line of Brenham Place 275 feet to the southerly line of Washington Street; thence at a right angle easterly along said line of Washington Street 204 feet and 2 inches to the point of beginning.

and

WHEREAS, said site will provide a location for a public parking facility which will best serve the public convenience and necessity; now, therefore,

BE IT RESOLVED, that the Parking Authority of the City and County of San Francisco hereby approves the above designated site for a public parking facility in the City and County of San Francisco, and recommends that said site be designated for a public parking facility by the Board of Supervisors of the City and County of San Francisco.

I HEREBY CERTIFY that the foregoing resolution was adopted September 2, 1959 at the Special meeting of the Parking Authority.

RESOLUTION APPROVING JOINT WORKING AGREEMENT BETWEEN CITY AND COUNTY OF SAN FRANCISCO, PARKING AUTHORITY OF THE CITY AND COUNTY OF SAN FRANCISCO, AND RECREATION AND PARK COMMISSION RELATIVE TO PORTSMOUTH SQUARE PARKING FACILITY, AND AUTHORIZING THE CHAIRMAN OF THE PARKING AUTHORITY OF THE CITY AND COUNTY TO EXECUTE SAME.

WHEREAS, there has been filed in the office of this Authority and brought to the attention of the members thereof a form of agreement between the City and County of San Francisco, by and through its Recreation and Park Commission and the Parking Authority of the City and County of San Francisco, which agreement sets forth the terms and conditions for the joint exercise of the respective powers of the Authorities

Resolution No. 230, Parking Authority (continued)

of each of the parties in connection with the leasing of certain property in Portsmouth Square for the purpose of the constructing and operating thereunder a public off-street parking garage, to which agreement reference is hereby made and directed for its detail; and

WHEREAS, it is the opinion of this Authority that said form of agreement contains the joint plan, intention and objective of the three (3) above-mentioned parties and should be executed in substantial form by all said parties in order that said project may be accomplished efficiently and expeditiously; now, therefore

BE IT RESOLVED, that said form of agreement on file with this Authority and to which appropriate reference has been made hereinabove is hereby approved in substance and the Chairman of the Parking Authority of the City and County of San Francisco is hereby authorized and directed to execute said agreement or said agreement with any changes that may hereafter become necessary but which do not change the substance or matter thereof.

I HEREBY CERTIFY that the foregoing resolution was adopted September 24, 1959 at the Special Meeting of the Parking Authority.

JOINT WORKING AGREEMENT

THIS AGREEMENT, made and entered into this _____ day of _____, 1959, by and between the CITY AND COUNTY OF SAN FRANCISCO, hereinafter referred to as the "City"; THE RECREATION AND PARK COMMISSION OF THE CITY AND COUNTY OF SAN FRANCISCO, hereafter referred to as the "Commission" and THE PARKING AUTHORITY OF THE CITY AND COUNTY OF SAN FRANCISCO, hereafter referred to as the "Authority";

W I T N E S S E T H:

WHEREAS, the City and County of San Francisco, acting under the California Parking Law of 1949 /1949 Statutes, Chapter 1503 - AB 2249/ activated the Parking Authority of the City and County of San Francisco on the 6th day of October, 1949, by Resolution No. 9126 (Series of 1939) of the Board of Supervisors for the purpose of establishing and coordinating the establishment of necessary off-street parking facilities within the City and County of San Francisco; and

WHEREAS, the City and County of San Francisco has determined the necessity for the establishment, maintenance and operation of a public off-street parking facility beneath the surface of Portsmouth Square; and

WHEREAS, the aforesaid site may best be described as that certain real property within the City and County of San Francisco, to wit:

JOINT WORKING AGREEMENT (continued)

BEGINNING at the point of intersection of the southerly line of Washington Street with the westerly line of Kearny Street; running thence southerly along said line of Kearny Street 275 feet to the northerly line of Clay Street; thence at a right angle westerly along said line of Clay Street 204 feet and 2 inches to the easterly line of Brenham Place; thence at a right angle northerly along said line of Brenham Place 275 feet to the southerly line of Washington Street; thence at a right angle easterly along said line of Washington Street 204 feet and 2 inches to the point of beginning,

and

WHEREAS, the above-described site will provide a location for a public parking garage of easy and convenient access, of adequate capacity, with least discomfort to adjacent properties at minimum public expense and will best serve the public interest; and

WHEREAS, under Section 42 of the Charter of the City and County of San Francisco, the Commission is authorized to lease to the highest responsible bidder for a term not to exceed 50 years and upon such other terms and conditions as it may determine, sub-surface space under any public park and the right and privilege to conduct and operate therein a public automobile parking station, provided that the said operation will not be, in any material respect or degree, detrimental to the original purpose for which said park was dedicated or a contravention to the conditions of any grant under which said park might have been received; and

WHEREAS, it is necessary and to the great advantage of the citizens of San Francisco that the accomplishment of said off-street parking facility under Portsmouth Square be effected at an early date; and

WHEREAS, the parties hereto by jointly exercising the various and common powers now vested in each and all of them may accomplish their objective most expeditiously and most economically and according to law;

NOW, THEREFORE, the parties hereto agree as follows:

1. The Authority, as agent for the City and Commission, shall coordinate and expedite any and all legal action taken or to be taken by any of the parties or all of them in accomplishing the leasing of said property and constructing of said underground garage and shall recommend to the parties hereto all actions to be taken by them and requisition the service required to be performed by the departments and officers of the City and County of San Francisco and necessary for the completion of said venture.

JOINT WORKING AGREEMENT (continued)

2. (a) The City, acting for itself or by and through its Recreation and Park Commission, as the situation or necessity may be, shall perform any and all acts required by law on its part to be performed or such acts as are necessary to effect the accomplishment of said project.

(b) The City, subject to its laws, shall make available such funds as in its judgment are required for the purposes of this venture.

(c) All appropriations made by the City for such purposes shall be administered by the Chief Administrative Officer of the City.

(d) All appropriations made, obligations incurred thereunder and expenditures made therefrom shall be in accordance with the laws regulating such performance by the City.

3. (a) The Commission shall do and perform any and all acts authorized for it to do by the provisions of Section 42 of the City Charter, or otherwise, in connection with said project, such as the calling for bids, awarding of contracts, and the execution of leases and contracts in connection therewith; the call for bids, the condition under which the bids are to be submitted, the conditions of the contract and lease in connection therewith, and the award of the contract and lease shall each require the prior approval of the Board of Supervisors of the City.

(b) Commission shall determine that the operation of the public off-street parking garage will not be, in any material respect or degree, detrimental to the original purpose for which said park was dedicated and is now used, and it shall require that the surface of said Square, after completion of the project, shall be restored in a manner and design satisfactory to it and for the benefit of the citizens.

(c) The Commission shall continue to have the complete and exclusive control, management and direction of the surface area of said Square.

4. Ownership and title to said garage structure shall be in the City and County of San Francisco only.

5. Revenues derived from any source in connection with the leasing or operation of said garage project shall be divided or credited to the City and the Recreation and Park Department in the ratio or percentage of ownership or control of said total area and shall

Full discussion on the subject ensued.

Mr. Vining Fisher, General Manager of the Parking Authority, and Mr. Jerome Cohen, Deputy City Attorney, attested that the procedures would follow the same pattern as had been used in establishing St. Mary's and Union Square Garages.

Mr. Douglas Baylis, Landscape Architect, presented and explained final preliminary landscape plans, which had been developed in collaboration with the Recreation and Park Department staff as to utilization of the surface area.

Mr. Augustine Keane of the California Heritage Council explained the historical background of Portsmouth Square and the significance of the monuments erected thereon. He stated that the California Heritage Council had no objections to a sub-surface garage as such, but that the contour of Portsmouth Square should not be changed and that the historical markings should be preserved.

Commissioner Coffman related the previous experiences of the Commission in such matters, and stated that the action today was merely approval of a Joint Working Agreement, and that in the development of the final plans every feasible retention of the contour and the monuments should be incorporated.

JOINT WORKING AGREEMENT (continued)

After further general discussion, and on motion duly made by Commissioner Coffman, seconded by Commissioner Herz, the following resolution was adopted:

Res. No. 3690 Resolution No. 3690

RESOLUTION APPROVING JOINT WORKING AGREEMENT BETWEEN CITY AND COUNTY OF SAN FRANCISCO, PARKING AUTHORITY OF THE CITY AND COUNTY OF SAN FRANCISCO, AND RECREATION AND PARK COMMISSION, AND AUTHORIZING THE GENERAL MANAGER OF THE DEPARTMENT AND THE SECRETARY OF THE COMMISSION TO EXECUTE SAME.

WHEREAS, there has been filed in the office of this Commission and brought to the attention of the members thereof a form of agreement between the City and County of San Francisco, the Recreation and Park Commission and the Parking Authority of the City and County of San Francisco which agreement and the terms thereof provide for the joint exercise of the respective powers and authorities of each of the parties in connection with the leasing of the subsurface of Portsmouth Square for the purpose of the constructing and operating therein a public off-street parking garage, to which agreement reference is hereby made and directed for its detail, and

WHEREAS, it is agreeable to the Commission that an underground garage be constructed beneath the Portsmouth Square provided the Board of Supervisors so designates said Squqre as a proper and necessary site for the location of an off-street parking facility, and further provided that said operation will not be, in any material respect or degree, detrimental to the original purpose for which said park was dedicated or in contravention to the conditions of any grant under which said park might have been received; now, therefore,

BE IT RESOLVED, that said form of agreement on file with this Commission and to which appropriate reference has been made hereinabove is hereby approved in substance and provided the Board of Supervisors designates said Square as a necessary and proper site for the location of an off-street parking facility, the General Manager of the Recreation and Park Department and the Secretary of the Commission are hereby authorized and directed to execute said agreement or said agreement with any changes that may hereafter become necessary but which do not change the substance or matter thereof.

5 - San Francisco Zoological Society - Report

The S. F. Zoological Society presented to the Commission an informal report of their first year operation of the concessions at the San Francisco Zoological Gardens as a non-profit organization.

Report of S. F. Zoological Society

The report reflected that more than $11,000.00 had been paid as rental to the Recreation and Park Department, and that over thirty thousand dollars in revenue had been expended for improved facilities and procurement of additional zoological specimens.

The Commission reviewed the report and severally complimented the Society for the excellence of their operation.

Pursuant thereto and on motion of Commissioner Moore, seconded by Commissioner Coffman, and duly passed, the following resolution was adopted.

Res. No. 3702
Commendation of S. F. Zoological Society

Resolution No. 3702

WHEREAS, the San Francisco Zoological Society had rendered an informal report on their first year's operation of the concessions at the Zoological Gardens as a non-profit organization, and

WHEREAS, many additional facilities and increased services to the public had been accomplished, and

WHEREAS, several Zoological specimens had been procured, among them being three priceless Koalas, and

WHEREAS, review of the first year's report of the non-profit operation of the concessions by the Society presages ever-increasing benefits that will accrue to the City and County of San Francisco,

NOW, THEREFORE, BE IT RESOLVED, that this Commission does hereby highly commend the President of the Society, Mr. Alan Fleishhacker and his colleagues for their resourcefulness, iniative, leadership and conscientious effort in the affairs of the Society, which will redound to the benefit of San Francisco and visitors to the Zoological Gardens.

COMMISSION COMMITTEE AND STAFF REPORTS:

1 - Small Boats and Harbors Reports:

Vice President Coffman reviewed the step by step history of utilizing California State funds for expansion and development of boat and small craft facilities.

He stated that a few months ago, after many Committee meetings, the State had earmarked $2,000,000 for this purpose; and further that the monies had been made available several weeks ago, subject to approval of plans.

Small Boats and Harbors Reports

Vice President Coffman remarked that former Commission President, Fred D. Parr, Chairman of the Mayor's Small Craft Harbor Committee, had been a staunch champion and supporter of this program. He also stated that now monies had been made available, and the entire bay shoreline of San Francisco had been studied and the results thereof had been developed to the degree that a Special meeting should be called for consideration of requesting the Board of Supervisors to make proper application to the State.

The Special meeting was set for 3:00 P.M., Wednesday, October 14, 1959 at McLaren Lodge; and Vice President Coffman directed that all interested parties be notified.

Development of Marina Yacht Harbor and Trailer-Boat Ramp Facilities:

This Special Meeting was called for the consideration of requesting the Board of Supervisors to make application to the State of California for a loan of $2,000,000 for the purpose of developing San Francisco Harbor boat facilities.

Members of the Mayor's Small Boats Harbor Committee, St. Francis Yacht Club Committee, and other interested parties, attended the meeting.

Development Marina Yacht Harbor and Trailer-Boat Ramp Facilities

President Haas related the history of the planning for the development of a small craft harbor and the expansion of the Marina Yacht Harbor - and of the many meetings of the Mayor's Small Boats Harbor Committee, under the Chairmanship of Mr. Fred D. Parr.

The President further stated that Commissioner Conway and the Staff had explored the subject extensively and had collaborated with interested parties - and they were now prepared to present drawings in connection with the preliminary studies and render a feasibility revenue report.

Commissioner Conway explained the plans wherein the present Marina Yacht Harbor would be expanded and approximately 234 berths would be added or replaced; and that ultimately all floats and utilities would be furnished to the Licensee, with an attendant increase in mooring fees.

He further stated that the present studies embraced the development of a small craft harbor south of Hunters Point and northwest of Candlestick Park. This development would contain launching ramps, auto parking area and some berths - together with service and convenience facilities being afforded.

Full discussion ensued, participated in by the Commission, members of the Staff, the Committees, and interested parties.

After ascertaining substantial approval of the recommendations, and on motion of Commission Conway, seconded by Commissioner Herz, and duly passed - the following resolution was adopted:

Portsmouth Square - Underground Garage: (continued)

Mr. Albert E. Schlesinger, Chairman of The Parking Authority, severally introduced the City officials present and citizens connected with the Portsmouth Plaza Parking Corporation.

Portsmouth Square - Underground Garage

Mr. Edward D. Keil, Counsel, reviewed the financial aspects of the project.

Mr. Douglas Baylis, Landscape Architect, presented a new model of the surface landscaping, incorporating certain modifications, as had been requested by the Commission Committee and Staff; and he used a series of colored slides to further explain the surface plans.

The Commission was greatly concerned about the relandscaping of the area and the proper replacement of monuments, historical tablets, etc., and desired that the planting of lawn be to the ultimate degree.

Full and free discussion ensued; and the following matters were clarified and/or modified:

In answer to a direct question, Mr. John J. Gould, Engineer of the project, stated that due to the light weight of the several historical memorials, all would be placed intact in the new square and that no structural problem would exist.

The Commission objected to Paragraph Six (6) of the Agreement, wherein the Corporation held the option of performing the relandscaping, or by payment to the City and County of San Francisco of $117,000 and being absolved of this portion of the Agreement.

Mr. Edward D. Keil, Counsel, readily waived the option, and agreed that the Corporation would do the landscaping in accordance with approved plans. This matter was attested to by Mr. Paul Louie, President Portsmouth Plaza Parking Corporation.

The Commission further reviewed and studied details of the landscape plans. Commissioner Casey questioned the advisability of a five and one-half foot pierced concrete wall along the Brenham Street boundary - and further remarked that the beauty of the area would be enhanced if the landscaping could be extended to the easterly curb of the street.

Commissioners Moore, Conwey and Herz concurred in the elimination of the pierced wall; and Mr. Baylis was requested to further modify and eliminate the pierced wall, except where it was necessary around the two vents, as identified on the model.

The Commission and the proponents having concluded their discussion of the project, President Haas then entertained the opportunity for any others to voice their opinions.

Mr. Augustin Keane, California Heritage Council; Mr. Donald Biggs, California Historical Society; Mr. Moss Erskine; Mr. Barney Gould; Mrs. Thomas R. Best; and Mr. Harold Gilliam - exercised their privilege and discussed:

1) the historical significance of Portsmouth Square;

2) the need for preservation of the area and the mandate to properly retain the memorials;

3) the question of the necessity for the project.

Portsmouth Square - Underground Garage: (continued)

All of the pertinent points had been received in communications to the Commission. President Haas then stated that, all parties having been heard, the Commission should consider the desired action on the subject matter.

Commissioner Coffman related the experiences of preceding Commissions in relation to other subterranean garages, and averred that approval of thes other projects had denoted proven progress. Commissioner Coffman therefore moved for approval and adoption of the following resolution - this motion seconded by Commissioner Herz and unanimously passed:

Res. No. 3732 (continued)

Resolution No. 3732 (continued)

WHEREAS, said Agreement provides for the leasing of the subsurface area beneath Portsmouth Plaza for the operation therein of a public off-street parking facility pursuant to Section 42 of the City Charter in accordance with the Invitation for Bids and Bid Form attached as Exhibits F and G, respectively, to said Agreement, and further provides for the construction therein by said Corporation of said public off-street parking facility; and

Portsmouth Square Underground Garage - Resolution Approving Agreement (cont'd.)

WHEREAS, the Parking Authority, this Commission and the Board of Supervisors of the City and County of San Francisco, by appropriate resolutions, have heretofore designated or approved the designation of the site of Portsmouth Plaza for use as an off-street parking facility, and, on October 8, 1959, the Parking Authority, this Commission and the Board of Supervisors executed a Joint Working Agreement pursuant to which the parties thereto have agreed to coordinate and expedite all action to be taken by any of them in order to accomplish the construction of said garage facility; and

WHEREAS, the Parking Authority by Resolution No. 234 adopted on October 21, 1959, approved the aforesaid Agreement and all Exhibits thereto and recommended that this Commission and the Board of Supervisors approve and authorize the execution of same; and

WHEREAS, the City Planning Commission, in accordance with Section 116.1 of the Charter of the City and County of San Francisco, on August 28, 1959, found that the use of the site of Portsmouth Plaza for a public parking facility is in conformity with the Master Plan; and

WHEREAS, this Commission has determined that neither the construction of said public automobile parking facility beneath Portsmouth Plaza as contemplated by said Agreement, nor the leasing and operation thereof as provided in said Lease will in any material respect or degree be detrimental to the original purposes for which Portsmouth Plaza was dedicated or in contravention of the conditions of any grant under which said property might have been received; and

WHEREAS, said Agreement and Exhibits attached thereto are, by this reference, incorporated herein in substantially the form now on file in the office of this Commission as fully as if set forth herein at length; now therefore, be it

RESOLVED, That said Agreement and all of the Exhibits attached thereto are hereby approved in substantially the form now on file in the office of this Commission, and the President or General Manager or the Secretary of the Commission are hereby authorized and directed to execute said Agreement, with any changes therein or changes in the Exhibits attached thereto that may hereafter become necessary which do not materially change the terms or provisions thereof; and be it

FURTHER RESOLVED, That the President or the General Manager is authorized and directed to arrange with the Director of Property of City to call for bids for said Lease pursuant to and in accordance with the Invitation for Bids and the Bid form attached to said Agreement; and be it

FURTHER RESOLVED, That a copy of this Resolution be transmitted to the Board of Supervisors with the recommendation of the Commission that the Board approve and authorize the execution of said Agreement.

2 - Portsmouth Square - Brenham Street Sidewalk:

Commissioner Conway stated that in the general discussion regarding Portsmouth Square, it seemed to be desirable that the easterly sidewalk of Brenham Street be vacated and the surface thereof landscaped as an integral part of the Square; and that if the approval of so many agencies were required, steps should be initiated now toward this end.

After full discussion, and on motion of Commissioner Moore, seconded by Commissioner Herz, and unanimously passed, the following resolution was adopted:

Res. No. 3733

Resolution No. 3733

WHEREAS, it is desired that the easterly sidewalk area of Brenham Street be utilized and the surface only, be landscaped as an integral part of Portsmouth Square:

Request Bd. Supv. to vacate Brenham Street

REPRESENTATIVES AND DELEGATES:

1- Portsmouth Square - Underground Garage:

Foreword:

At the November 5, 1959 regular meeting, the Recreation and Park Commission approved a proposed contract for private financing and construction of a subterranean garage under Portsmouth Square, and approved the landscape restoration Plan A, with certain modifications.

On Wednesday, November 18, 1959, the Finance Committee of the Board of Supervisors tabled the entire proposal as being unsatisfactory, and in so doing, stated that any new proposal should first have the approval of the Recreation and Park Commission and The Art Commission.

Portsmouth Square - Underground Garage

On November 30, 1959, the Parking Authority, by their Resolution No. 235, approved changes and modifications as submitted by The City of San Francisco Portsmouth Plaza Parking Corporation, and requested the Recreation and Park Commission to give consideration to the modified proposal at this, the December 3, 1959 meeting.

.....

President Haas declared that the subject matter was now before the Commission for consideration.

Among those in attendance were the following officials and citizens:

San Francisco Parking Authority

Mr. Albert E. Schlesinger, Chairman
Mr. Timothy J. Pleasant, Counsel, Retired
Mr. Thomas C. [illegible], Secretary to the Authority

Portsmouth Square - Underground Garage

Mr. Albert E. Schlesinger, Chairman of the San Francisco Parking Authority, related the step by step progress of the subject matter and called upon Edward D. Keil, Attorney, who elucidated the ramifications and modifications of the new proposal which, in the essence, lowered the garage structure several feet and modified the surface landscaping to a considerable extent.

Mr. Douglas Baylis presented the modified plan, designated as Plan "B", wherein the essential changes were:

> elimination of the Kearny Street wall and the substitution of a slope which would enable a viewer to survey the entire area from Kearny back to Brenham Street

Mr. Baylis further explained the grass area had been considerably increased and that the concrete wall along Brenham Street had been deleted.

The Clergymen present attested to the great need for parking in the area and recommended that the surface of Portsmouth Square be utilized to the maximum for mothers and small children.

In the general discussion that ensued, the Commission voiced the opinion that increased playground space for children should be considered - but not to the detriment of the park-like appearance; and also the advice of the Civic Design Committee should be sought.

Deputy City Attorney, Jerome Cohen, stated that the terms of the Agreement permitted further modification of the landscape plans until acceptance of the final plans.

Mr. Keil assured the Commission that the Garage Corporation would render full cooperation.

Citizens and representatives present, opposing the plan, were heard - and in general, voiced the same objections as reflected in the Minutes of the November 5, 1959 meeting.

Mr. Morse Erskine acknowledged that Plan "B" was an improvement, but that he was opposed to garages under any park - and contended that the Portsmouth Square plans would be in violation of the Charter.

12/3/59

REPRESENTATIVES AND DELEGATES: (continued)

Portsmouth Square - Underground Garage: (continued)

Mr. Jerome Cohen refuted the illegality claim of Mr. Morse Erskine and stated that the City Attorney would presently release an official Opinion.

Vice President Coffman summated the subject and reflected that Plan "B" was an improvement over the plan previously approved, and that further modifications and improvements could be made. He therefore moved for the adoption of the following Resolution.

Commissioner Herz further commented on the subject. Vice President Coffman's motion was seconded by Commissioner Bercut and unanimously adopted:

Res.No. 3761
